JAQUELIN HUME FOUNDATION 600 Montgomery Street, Suite 2800 San Francisco, CA 94111 (415) 705-5112

PROGRAM GUIDELINES

GENERAL AREAS OF INTEREST

The Jaquelin Hume Foundation was established in San Francisco in 1962 by Mr. and Mrs. Jaquelin H. Hume.

A major portion of the funds at the disposal of the Jaquelin Hume Foundation is used to support activities or organizations having a national impact. These funds are disbursed in major grants which are closely monitored to compare the results with the purpose of the grant. Generally, grants will be made for operations, not equipment or buildings.

The major grants of the Jaquelin Hume Foundation will fall into two primary areas:

- Education of young people to be better citizens, to have sound values, and to appreciate the value of our free enterprise, incentive-based economy. Grants are aimed at the junior high and high school levels.
- 2. Improvement of the structure and function of government and the reduction of the influence of the Federal government in our lives.

The balance of the funds of the Jaquelin Hume Foundation will be used to support organizations at the sole discretion of Mrs. Jaquelin H. Hume, the Foundation's president.

APPLICATION GUIDELINES

In keeping with Jaquelin Hume's philosophy of giving and to be as effective as possible in making grant determinations, the following general guidelines apply:

- o Organizations must be classified as 501(c)(3) by the Internal Revenue Service.
- o Organizations must operate within the continental United States.
- o Special Projects are generally preferred.
- o The Foundation generally will not consider institutions or organizations primarily supported by tax-derived funding, including those organizations which may have lost significant government funding.
- o The Foundation will not consider grants to institutions which, in policy or practice, unfairly discriminate on the basis of race, creed, or sex.
- o The Foundation will consider only one request from an organization during any twelve-month period.

Grantees must be able to demonstrate competent administrative capabilities and provide the Foundation with periodic progress reports on programs which the Foundation has funded. Institutions which receive support are responsible to account for how grants from the Foundation have been utilized.

The Jaquelin Hume Foundation has a policy of assessing the results of the grants it awards. It recommends, therefore, that evaluation and follow-up procedures be incorporated into grant requests. Such procedures help to assure the Foundation that the funds awarded are being used for the intended purposes and help both the Foundation and grantee to assess the extent to which the project is achieving the expected results.

APPLICATION PROCEDURES

Applicants should prepare a preliminary one-page letter which outlines the objectives and significance of the proposed project, the design of the project, and the qualifications of the organization and its individuals. Included with the letter should be a copy of the organization's most recent audited financial statements, a projected budget for the project, the amount of support sought from the Foundation, as well as from other funders.

To ensure eligibility for a grant, the applicant should also submit a copy of the IRS letter confirming the organization's tax-exempt status.

All requests will be reviewed and acknowledged promptly. After a review of the initial letter, the Foundation staff will communicate with the person in charge of the proposed project, indicating whether the project qualifies for further consideration. Applicants whose projects meet these criteria will be invited to submit a fully developed proposal.

While grants will be considered throughout the year, the full board meets twice a year to consider major grants.

Proposals and requests for information should be addressed to:
