Civic Builders, Inc 's ("Civic Builders") tax exempt purposes are to assist and encourage job development, combat community deterioration, relieve poverty and provide relief to the distressed and underpriveleged, provide social services, advance education, and promote social welfare and lessen the burden of government by promoting the creation of facilities for not-for-profit organizations primarily in low income urban neighborhoods. Civic Builders will further its tax exempt purposes by providing real estate related services to other not-for-profits organizations ("NFP"). A significant number of NFP's are implementing government programs and policies to alleviate social problems addressing, among others, the purposes stated above. However most NFP's lack the real estate expertise and the capacity to analyze, finance, acquire, design, construct, operate and/or maintain facilities to fully implement such programs and policies. Depending upon the needs and capacity of a NFP, Civic Builders will (i) analyze the NFP's facility requirements, (ii) locate appropriate physical spaces for rent or acquisition, (iii) arrange financing for the acquisition of and, if necessary, construction at the identified, location, (iv) renovate and/or newly construct facilities at the identified. final location, and/or (v) provide building management services for the operating not-forprofit facility. These services will assist a wide range of NFP organizations locate and acquire properties, generally in low income urban neighborhoods, ensure their access to the properties and any necessary construction, perform the construction necessary to maximize their use of the expanded or new facilities, and enable them to run the facilities for their specific not-for-profit uses. Promoting a range of new and expanded NFP facilities in low income neighborhoods furthers Civic Builder's tax exempt purposes of relieving poverty and providing relief to the underprivileged by providing more and better social services to them and advances education by bringing quality educational options to neighborhoods with underperforming public schools. In addition, the promotion of NFP facilities will reduce unemployment, improve job opportunities, provide job training and promote employment through the people who will be employed by the facility, through direct training and employment during the construction phase, and through any direct jobrelated services provided by a NFP. An improved local employment pool and stabilized community will attract new industry as well as retain existing industry and together with better social services and schools will combat community deterioration. The aggregate results of Civic Builders' charitable purposes will serve to assist and encourage urban growth and renewal, promote social welfare and lessen the burdens of government.

Civic Builders, Inc. EIN # 04-3635313 Year Ended 8/31/02

During the fiscal year ended 8/31/02, Civic Builders made significant progress in achieving its goals. It had provided its consulting services to seven charter schools in New York City and one in Newark, New Jersey. As proposed, these services included assistance with needs assessment, site search, site analysis, lease negotiation and construction management. Additionally, similar services were provided to several other non-charter not-for-profits.
