The American Cancer Society is required by the IRS to submit two Forms 990’s each fiscal year. One is for its National Home Office; a second is presented on a combined basis for its chartered regional Divisions, its national Foundation; and for ACS Products Inc., which sells mission related products. These statements individually only present a piece of the American Cancer Society’s operations, and they include material inter-company income, expenses, assets and liabilities, particularly between the National Home Office and the Divisions. In addition Forms 990 are presented in accordance with IRS regulations, which in some cases are at variance with generally accepted accounting principles. Accordingly, the Forms 990 do not individually present a meaningful picture of the American Cancer Society’s financial transactions as a whole.

Therefore the Society provides the Combined Financial Statements of the American Cancer Society, Inc., National Home Office, Foundation, and Chartered Divisions on its website, www.cancer.org. The combined audited financial statements provide the only meaningful financial information on the entire American Cancer Society organization since they are presented in accordance with generally accepted accounting principles and combine all parts of the organization in one statement. Also included on the Society’s website is a copy of the Society’s most recent annual report that discusses the Society’s mission and accomplishments.

The American Cancer Society Research Program consists of an Extramural Grants Department and two Intramural Departments, Epidemiology and Surveillance Research, and the Behavioral Research Center. The Extramural Grants Program of the American Cancer Society was designed by a Blue Ribbon Committee of volunteer researchers and lay people to advance our mission of eliminating cancer as a major health problem and improving the quality of life of cancer survivors. The Society does this by funding cancer research and health professional training needs not adequately addressed by other granting agencies. Strong emphasis is placed on training and supporting the next generation of cancer researchers and health care professionals. During the fiscal year ending August 31, 2005, the Society awarded the categories of research grants summarized below.

The National Home Office also awards voluntary grants to its divisions for specific purposes or projects. The purpose of the grants is primarily to support and advance nationwide priorities and common objectives of the National Home Office and the divisions.

Donated Services and Use of Facilities

The Society has recorded contributed services of $27,127,142 related to the communication of program and fund-raising messages through various advertising media.

$ 27,127,142

In addition, the Society has valued and recorded contributed services provided by scientific peer reviewers, which consist of medical doctors, Ph.D.s, professors, biomedical and psychosocial professionals, social welfare service providers, and other professional service providers whose efforts are necessary for the Society to carry out its programs. The Society's management estimates that approximately 20,592 hours have been contributed by scientific peer reviewers and has valued such services at $1,086,058.

$ 1,086,058

$ 28,213,200

Part VI, Line 82b

In accordance with generally accepted accounting principles, donated services are included only if the services create or enhance nonfinancial assets, or the volunteer services received require specialized skills and would typically need to be purchased if not provided by volunteer service. The American Cancer Society is the largest non-profit voluntary organization in the world, and relies upon the competence, creativity, and dedication of its more than 2.5 million nationwide volunteers to achieve its mission. The American Cancer Society's volunteers provide services which, while their services do not meet this accounting criteria, provide irreplaceable value to the general public including services to patients; education to the general public; advocacy for appropriate cancer policy by working with local, state and federal legislators; administrative and fundraising support; and many other commitments of time and expertise. The true value of these services is difficult to quantify, but is material to the success of the Society.

Section 1.2 **Number and Election of Division Delegates:**

(a) **Number of Delegates:** Each Division shall be entitled to elect six (6) Delegates to the National Assembly ("Division Delegates"). A new Division, which has resulted from the merger of two or more Divisions, may retain the same total number of Division Delegates from the former constituent Divisions until the beginning of the Annual Meeting of the National Assembly following the third anniversary of the merger. Division Delegates shall always represent a greater percentage of the Members of the National Assembly than the Society's Board of Directors.

(b) **Election of Division Delegates:** Division Delegates shall be elected by the Divisions at such time as will allow the Divisions to provide the names of those elected to the Nominating Committee no later than July 31st of each year.
A Division Delegate's term commences at the beginning of the Annual Meeting of the National Assembly in the year of the Division Delegate's election and continues for two years ending immediately preceding the beginning of the Annual Meeting of the National Assembly in the year in which their term expires or until their successors are elected and qualified. However, Division Delegates shall be elected so that the terms of one-half of the Division Delegates shall expire in alternate years (although this may require some Division Delegates being elected for only a one year term) and so that one-half of those in office shall be from the Medical Profession and one-half from the laity. At least two Division Delegates from each Division shall be officers or directors of the Division at the time of their election or re-election as Division Delegates.

Except as provided in Section 1.7, no Delegate shall be removed from his or her position as a Division Delegate to the National Assembly prior to the expiration of his or her elected office.

Section 1.3 Board Member Delegates: The Board Member Delegates who are the Officers, Directors, and Directors-at-Large, shall be nominated by the Nominating Committee to serve as Directors of the Board of Directors and upon the commencement of and throughout their term of office on the Board of Directors shall serve for a concurrent term as Board Member Delegates to the National Assembly.

Section 1.4 Past Officer Delegates: The Immediate Past President and the Immediate Past Chair of the Board of Directors, in each case after completion of service, shall be nominated by the Nominating Committee as a Past Officer Delegate to the National Assembly for a two-year term.

Other elected volunteer officers as named in ARTICLE V, Section 5.1, upon completion of their terms as officers, unless otherwise nominated and elected to an additional term as Delegate or Board Member Delegate may be nominated as a Past Officer Delegate by the Nominating Committee and may be elected by the National Assembly at any meeting of the Assembly provided no more than twelve (12) Past Officer Delegates serve at any one time.

A person who has been a Past Officer Delegate for three consecutive full two-year terms shall not be eligible for re-election. Additionally, the eligibility of a person to serve as a Past Officer Delegate shall not extend for longer than six years beyond termination of service in the office qualifying them for Past Officer Delegateship. An individual may not serve simultaneously as both Past Officer Delegate and Honorary Life Member.

Section 1.5 Definition of Medical Profession: For the purposes of these Bylaws, the "Medical Profession" shall be defined as doctors of medicine, doctors of dental medicine, doctors of dental surgery, doctors of osteopathic medicine, doctors of philosophy in the biological sciences, and doctors of science. Additionally, nurses, pharmacists, and social workers shall be defined as part of the Medical Profession if they have Master's degrees; however, each Division, by its bylaws, may determine the eligibility of such nurses, pharmacists, and social workers to serve as Medical Delegates.

Section 1.6 Filling of Vacancies:
(a) **Division Delegates:** In the event that a Division Delegate position becomes vacant (including, for purposes of this Section, the assumption by a Division Delegate of Board Member Delegate status), the Division of residence shall elect a Division Delegate for the remainder of the term vacated. The method of nominating and electing Division Delegates shall be provided for in the Bylaws of the respective Divisions except that the Nominating Committee (See ARTICLE III, Section 3.2) shall advise Divisions when a Division Delegate must be elected for less than a two-year term.

(b) **Board Member Delegates:** In the event that a Board Member Delegate position becomes vacant, the Board of Directors shall elect a successor to the Board of Directors until the next meeting of the National Assembly in accordance with Article IV, Section 4.16.

(c) **Past Officer Delegates:** The premature termination of a Past Officer Delegate position shall not be deemed to create a vacancy which must be filled for the remainder of the term.

A successor Division Delegate or Board Member Delegate so elected shall be a member of the Medical Profession if his or her predecessor was a member of the Medical Profession, or a member of the laity if his or her predecessor was a member of the laity.

Section 1.7 **Termination of Office:** The term of office of any Division Delegate, member of the Board of Directors, Past Officer Delegate or Honorary Life Member of the National Assembly may be terminated for cause by vote of a majority of the National Assembly, present in person and voting, at a meeting called to consider such action. No such action shall be taken by the National Assembly until the person in question shall have been given at least twenty (20) calendar days' notice of the proposed action and the reasons for the proposed actions. The person shall be given a fair opportunity to be heard at the Assembly meeting.

Section 1.8 **Honorary Life Members of the National Assembly:** A person of eminence who has rendered outstanding service in the fight against cancer may, on nomination by the Board of Directors or by the Nominating Committee, be elected as an Honorary Life Member of the National Assembly by the National Assembly at any meeting. Such Honorary Life Members shall be non-voting Members of the National Assembly, but shall have all other privileges of the floor, except the right to make motions, and shall be eligible to serve as voting Members of committees.

Section 1.9 **Resignations:** A Division Delegate, Board Member Delegate, Past Officer Delegate or Honorary Life Member may resign by written notice to the Secretary of the Society. Upon receipt of a resignation, the Secretary promptly shall give written notice to the Division from which the Division Delegate, Board Member Delegate, Past Officer Delegate or Honorary Life Member was either elected or chosen.

Section 1.10 **Conduct of Members:** Every Member of the National Assembly shall avoid conflicts between his or her individual interests and the interests of the Society in any and
all actions taken by such Member on behalf of the Society. Every such Member shall conduct himself or herself in accordance with the requirements of law, these bylaws, and such other policies, including policies on conflicts of interest, as may from time to time be adopted by the Board of Directors. Each Member shall be required to file a conflict of interest statement annually, but not later than September 30th of each year, with the National Home Office. A Member not in compliance shall forfeit their voting privileges both as a National Assembly Delegate and as a member of the Board of Directors, if applicable, and shall not qualify for reimbursable expenses until such time as a conflict of interest statement has been received.
ARTICLE II

Said vote may be taken by any reasonable and feasible means and shall be called by the President.

If a state of substantial disruption is declared, the quorum requirement in Section 2.3 shall not apply, and the voting Members, present in person, shall be allowed to proceed with time-urgent transactions of business. All time-urgent transactions of business shall require a majority of those voting, and such transactions shall include, but are not limited to, a vote on the slate of nominees for the Officers of the Society.

All transactions of business that are not time-urgent, including, but not limited to, a vote on the slate of nominees for membership on the Nominating Committee, shall be submitted to the voting Members of the National Assembly by any reasonable and feasible means as soon as is practicable if the Annual Meeting of the National Assembly cannot promptly be rescheduled.

Any ballots sent to the voting Members of the National Assembly must be returned to and received by the National Home Office within twenty (20) calendar days from the date the
materials were sent in order to be counted for a final tally.

The notice of regular or special meetings shall, in each case, state the time and place of meeting. Notice shall be deemed given on the day it is sent.

Section 4.9 Rules and Regulations: The Board of Directors may from time to time make such rules and regulations as it may deem proper for its own governance and for the transaction of its business, except as otherwise provided in the Bylaws or ordered by the National Assembly.

In addition, the Chair of the Board may select up to four (4) individuals who are not members of the Board to serve the Committee in a non-voting advisory capacity. All Committee members and non-voting advisors shall be free of any relationship that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment as a Committee member or advisor or give the appearance of lack of independence.

(b) **Responsibilities:** The Audit Committee shall assist the Board in its fiduciary responsibilities, provide oversight of the Society’s accounting and auditing practices and internal control procedures in accordance with appropriate regulatory requirements and generally accepted accounting principles and auditing standards, and report its recommendations and findings to the Board of Directors. The Members of the Society shall have the authority to approve the grant of, suspension of, or revocation of Charters for the separately incorporated Divisions, provided that between the meetings of the National Assembly, the Board of Directors shall have such powers on an emergency basis, subject to the powers of the Members to rescind such decision at the next meeting of the National Assembly. Each Division shall operate in accordance with the general policies established by the Society; its Constitution and Bylaws or similar instruments shall conform to the Society's regulations in regard thereto; its books of account shall be audited annually by independent auditors, a copy of whose report shall be delivered to the Society; and it shall agree, in case its Charter from the Society is withdrawn or is not renewed upon expiration, to discontinue and permanently refrain from the use of any name or symbol indicating that the organization is affiliated with the Society.

Section 6.2  Division Charters: Each such duly qualified geographical area organization shall receive a Charter from the Society authorizing the organization to use the name "American Cancer Society, _______ Division, Inc.," to choose its Division Delegates to the National Assembly, and to carry out the general purposes of the Society under its general direction within the specified geographical area. The Charter shall be issued pursuant to authorization of the National Assembly and shall outline the nature and extent of the relationship of each such local organization to the Society, including the nature of the financial relationship. Every such Charter shall expire at such term as is indicated when it is issued. Any such Charter shall be subject to suspension or withdrawal by the National Assembly at any time upon proof that the organization has failed to meet established requirements set by the National Assembly.
ARTICLE VII

Section 7.1 Fiscal Year: The fiscal year of the Society shall be the twelve-month period ending on August 31st of each year.

Section 7.2 Authority to Withdraw Funds: Funds of the Society on deposit with any bank or trust company or other financial institution shall be subject to withdrawal on the signature of such person or persons as may be determined from time to time by resolution of the Board of Directors.

Section 7.4 Investments: The Board of Directors shall have power to make investments of the funds of the Society and to change the same and may from time to time sell any part of the securities of the Society or any rights or privileges that may accrue thereon. The Board of Directors may delegate such powers to one or more executive officers of the Society and may from time to time authorize such person or persons as the Board may designate to execute and deliver, on behalf of the Society, proxies on stock owned by the Society, appointing persons to represent and vote such stock at any meetings of the stockholders, with full power of substitution, and to alter and rescind such appointments.

Section 7.5 Delegation of Authority Regarding Transfer of Securities: Any person or persons designated by the Board of Directors shall have authority to execute, under seal, such form of transfer and assignment as may be customary to constitute the transfer of stocks or other securities in the name of the Society.

Section 7.7 Annual Budget: The financial operation of the Society shall be prepared in accordance with the budgetary guidelines as formulated by the Board of Directors.

Section 7.8 Division of Funds: The National Assembly shall set annually at the time of the Annual Meeting the policy on the division of funds received in the annual fund-raising programs and from other sources for the current fiscal year between the Divisions and the Society.
Section 7.9  Indemnification.

(a) Liability: Except as otherwise provided by law, no Director or officer of the Society serving without compensation shall be liable to any person other than the Society based solely on such Director's or officer's conduct in the execution of such office unless such conduct constituted gross negligence or was intended to cause the resulting harm.

(b) Indemnification and Advancement Generally: Except as provided in Section 7.9(c) of this ARTICLE VII, any person made, or threatened to be made, a party to any action, or proceeding, or investigation whether civil, or criminal, or administrative, by reason of the fact that such person, or such person's testator or intestate, is or was serving in a "Covered Capacity" (as defined in Section 7.9(i) of this ARTICLE VII) shall be indemnified by the Society to the fullest extent permitted by applicable law in effect from time to time. The Society shall advance any such person's related and reasonable expenses, including without limitation attorneys' fees, experts' fees and consultants' fees, upon receipt of an undertaking by or on behalf of such person to repay such advancement if he or she is ultimately found not to be entitled to indemnification hereunder.

(c) Limitations on Indemnification and Advancement: The Society shall not indemnify any person serving in a Covered Capacity if a judgment or other final adjudication adverse to such person establishes that the acts of such person or such person's testator or intestate were committed in bad faith or were the result of active and deliberate dishonesty and were material to the cause of action so adjudicated, or that such person or such person's testator or intestate personally gained a financial profit or other advantage to which they were not legally entitled. No provision of this Section 7.9 shall permit or require indemnification or advancement of expenses insofar as such indemnification or advancement would constitute an "excess benefit transaction" within the meaning of Section 4958 of the Internal Revenue Code of 1986, as amended, (the "Code") or private inurement or an impermissible degree of private benefit for purposes of Section 501(c)(3) of the Code.

(d) Determination of Indemnification and Advancement: Any indemnification or advancement of expenses under this Section 7.9, unless ordered by a court, shall be made by the Society only as authorized in the specific case upon a determination that such indemnification or advancement is consistent with applicable law and these Bylaws. The determination shall be made by the Board by a majority vote of a quorum consisting of Directors who were not parties to the matter giving rise to the claim for indemnification or advancement of expenses, or if such a quorum is not obtainable, or even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion.

(e) Enforcement of Indemnification and Advancement: If the Society refuses to indemnify
any person who may be entitled to be indemnified or to an advancement of expenses under this Section 7.9, such person shall have the right to maintain an action in any court of competent jurisdiction against the Society to determine whether or not such person is entitled to such indemnification or advancement of expenses hereunder. If such court action is successful and the person is determined to be entitled to such indemnification or advancement of expenses, such person shall be reimbursed by the Society for all fees and expenses (including without limitation attorneys' fees) actually and reasonably incurred in connection with any such action (including without limitation the investigation, defense, settlement, or appeal of such action).

(f) **Non-Exclusivity of Rights:** The right to indemnification and the advancement of expenses conferred in this Section 7.9 shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the Certificate of Incorporation, provision of these Bylaws, agreement, vote of disinterested Members or Directors, or otherwise.

(g) **Contract Rights:** The rights to indemnification and to the advancement of expenses conferred in this Section 7.9 shall be contract rights, representing a bargained-for, contractual condition of an individual's service in a Covered Capacity. Such rights shall continue as to an indemnitee who has ceased to serve in a Covered Capacity and shall inure to the benefit of the indemnitee's heirs, executors and administrators. Although this Section 7.9 may be amended or repealed, no such amendment or repeal shall release, terminate, or adversely affect the rights of a person to indemnification or advance of expenses under this Section 7.9 with respect to any act taken or the failure to take any act by such person prior to such amendment or repeal or with respect to any action, suit, or proceeding with respect to such act or failure to act filed before or after such amendment or repeal.

(h) **Insurance:** The Society shall purchase and maintain insurance to indemnify the Society and its Members, Directors, Officers, employees, volunteers and agents to the fullest extent permitted by applicable law in effect from time to time.

(i) "**Covered Capacity:** A person shall be deemed to serve in a "Covered Capacity" insofar as he or she serves as Member, Director, Officer, employee, volunteer or agent of the Society or insofar as he or she serves any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise in any capacity at the request of the Society. Unless the Board shall determine otherwise, any Director or officer of the Society who shall serve as a director, trustee, partner, member, officer, employee, or agent of a corporation, partnership, joint venture, trust, employee benefit plan or other enterprise of which the Society, directly or indirectly, is a member, shareholder, or creditor, or in which the Society is in any way interested, shall be presumed to be serving as such at the request of the Society. In the absence of this presumption, the Board shall determine whether a person is or was serving at the request of the Society, and it shall not be necessary to show any actual or prior request for such service. The Board's determination shall be final and binding on the Society and the person seeking indemnification or advancement of expenses.

(j) **Severability:** If any provision of this Section 7.9 or the application of any such provision to any person or circumstance is held invalid, illegal, or unenforceable for any reason
whatsoever, the remaining provisions of this Section 7.9 and the application of such provision to other persons or circumstances shall not be affected thereby, and to the fullest extent possible the court finding such provision invalid, illegal, or unenforceable shall modify and construe the provision so as to render it valid and enforceable as against all persons or entities and to give the maximum possible protection to persons entitled to indemnification and advancement of expenses under this Section 7.9, within the bounds of validity, legality, and enforceability. Without limiting the generality of the foregoing, if any person who is or was serving in a Covered Capacity is entitled under the provisions of this Section 7.9 to indemnification for a portion but less than all of the liabilities and expenses, including, without limitation, judgments, amounts paid in settlement, attorneys' fees, excise taxes or penalties, fines, and other expenses actually and reasonably incurred by him or her in connection with a threatened, pending, or completed action, suit, or proceeding (including without limitation the investigation, defense, settlement, or appeal of such action, suit, or proceeding), whether civil, criminal, administrative, investigative, or appellate, the Society shall nevertheless indemnify such person for the portion thereof to which he or she is entitled.
ARTICLE VIII

Schedule A, Part I

The Boards and Advisory Groups of the American Cancer Society are primarily lay and medical volunteers. However, the Society's mission and programs need a full time effective and committed staff to be successful. The public expects the American Cancer Society to be managed in an efficient, businesslike manner, by talented and productive professional staff. Therefore, the American Cancer Society offers competitive compensation in order to attract and retain the highest level of staff leadership. While desiring to be competitive, the American Cancer Society is also committed to good stewardship of public funds. Accordingly, in depth labor market analysis, with the aid of external independent compensation consulting firms, is conducted at appropriate intervals.

All American Cancer Society employees listed on Schedule A, Part I are full-time employees of the American Cancer Society National Home Office.
Schedule A, Part III, Line 2c

Certain Society directors are affiliated with institutions to which the Society has awarded research grants. Additionally, the Society pays professional fees to several firms of which its directors are members.

Full disclosure is made of these relationships to the board pursuant to the Society's conflict of interest policy, a copy of which is attached. All Directors, National Assembly Members, and Committee Members, and all appropriate staff of the American Cancer Society are required to sign a conflict of interest statement (board member example attached) on an annual basis to ensure disclosure any potential conflicts of interest.
CODE OF ETHICS AND CONFLICTS OF INTEREST POLICY
AMERICAN CANCER SOCIETY, INC.

Introduction and Applicability

The code of ethics and conflicts of interest policy ("Code") of the American Cancer Society, Inc. establishes the ethical standards for associates of the Society.

The term "associate" means volunteers and staff. It is every associate’s responsibility to discharge his or her duties in a manner that promotes and preserves public trust, proper stewardship, and confidence in the integrity of the Society. Associates must respect and comply with Society rules and regulations, observe high standards of conduct, and participate in establishing and maintaining such high standards. Adverse consequences including employee termination or removal of a volunteer from a governance position can result from the failure to comply with the Code.

It is the duty of all associates to review and assess their conduct in light of the provisions of the Code. Each associate shall seek, either in writing or in person, the advice of his or her supervisor or the Office of Corporation Counsel when a reasonable doubt regarding an ethical consideration arises.

The attached conflicts of interest disclosure statement must be completed by all staff, by governance volunteers, and by other volunteers in a position that warrants their completing the form. The determination of which volunteers must complete the form is made by the Office of Corporation Counsel.

I. Performance of Duties

A. Society associates will perform duties properly, diligently, and in an appropriately courteous manner.

B. No associate shall falsify, destroy, mutilate, conceal, or fail to make required entries on any record within the Associate’s control.

C. Associates with reporting responsibilities shall provide full, fair, accurate, timely and understandable disclosure in all reports.

D. Associates shall comply with applicable governmental rules and regulations.

E. Associates shall act honestly and ethically.

NHO September 2004
F. No associate shall discriminate on the basis of race, color, religious creed, gender, national origin, age, physical ability, marital status, or veteran status in the conduct of services for the Society.

G. Associates who are attorneys, medical doctors, certified public accountants, or members of other professional groups are bound by the appropriate professional duties and Code of conduct of those roles.

II. Abuse of Position and Conflicts of Interest

The Society is a nonprofit, tax-exempt organization. Maintenance of its tax-exempt status is critical both for its continued financial stability and for public support. The Society is subject to scrutiny by, and is held accountable to, governmental authorities as well as the public.

Consequently, there exists between the Society, its associates, and the public, a fiduciary duty which carries with it a duty of loyalty. Associates have the responsibility of administering the affairs of the Society honestly and prudently, and of exercising their best care, skill, and judgment for the sole benefit of the Society.

Associates shall use the resources, property, and funds under the associate’s control judiciously and in the best interest of the Society. Associates shall exercise good faith in all transactions, and they shall not use their positions with the Society or knowledge gained therein for their personal benefit. The interests of the Society must be the first priority in all decisions and actions.

No associate shall accept, solicit, or agree to accept any gift, favor, complimentary service, or other thing of value under circumstances from which it might be reasonably inferred that such gift, service, or other thing of value was given or offered for the purpose of influencing the associate in the discharge of his or her duties. Vendor selections and purchasing decisions must always be business decisions based on merit: by comparing and evaluating price, quality, performance, and suitability. Decisions must not be influenced by any other factor, such as personal relationships, gifts or hospitality.

A. Areas in Which Conflicts May Arise - Conflicts of interest may arise in the relations of associates with any of the following third parties:
- Persons and firms supplying goods and services to the Society (vendors and professionals), including but not limited to:
  - Construction services.
  - Professional services, including accounting and legal services.
  - Contracts with individuals, including consultants and part time staff.
  - Persons and firms from whom the Society leases property and equipment.
  - Persons and firms with whom the Society is dealing or planning to deal in connection with the purchase or sale of real estate, securities, or other property.
- Donors, volunteers, and others supporting the Society.
- Agencies, other nonprofits, and associations that affect the operations of the Society.
- Entities from whom the Society receives grants or to whom the Society provides grants.

NHO September 2004
B. Nature of Conflicting Interest - A conflicting interest may be defined as an interest, direct or indirect, with any persons or firms as discussed in section A. Such an interest might arise through:

- Association with any entity that deals with the Society of which an associate is a partner or a controlling shareholder, executive officer, or has any other position with another entity that would cause the appearance of a conflict of interest. Any question regarding independence should be reviewed by the audit and stewardship committee for final resolution.
- Receiving compensation for services with respect to individual transactions involving the Society.
- Using Society time, personnel, equipment, supplies, or goodwill for any purpose other than Society-approved activities, programs, or purposes.
- Receiving any gift or loan from third parties dealing or competing with the Society, or seeking to deal with the Society, except for gifts with a value of less than $75 that could not be refused without discourtesy and which will not give rise to the perception that the associate’s independent judgment might be compromised. A gift that has a value exceeding seventy-five dollars ($75) and that is not returned to the giver, for any reason, must be reported immediately to your supervisor (if staff) or the audit and stewardship committee (if a volunteer), and also reported on your disclosure statement. Similarly, a series of gifts within a one-year time frame, all of which cumulatively are valued at seventy-five dollars ($75) or more, should be treated as a single gift for purposes of this policy. No personal gift of cash or a cash equivalent should ever be accepted.
- Owing money to the Society (other than minor amounts incurred in the ordinary course of business and promptly repaid in full) if you are a director, or volunteer, or officer of the Society.

C. Interpretation of Conflicts of Interest

The areas of conflicting interest listed in section A, and the relationships in those areas that may give rise to conflicts, as listed in section B, are not exhaustive. Conflicts may arise in other areas or through other relationships. If an associate believes that he or she is in a possible conflict situation, he or she should assume that he or she is and act accordingly.

The fact that one of the interests described in section A or B exists does not necessarily mean that a conflict exists, or that the conflict, if it exists, is material enough to be of practical importance, or if material, that upon full disclosure of all relevant facts and circumstances, it is necessarily adverse to the interests of the Society. However, it is the policy of the Society that the existence of any of the interests described in section B must be disclosed before any transaction is consummated. It shall be the continuing responsibility of associates to scrutinize their transactions and outside business interests and relationships for potential conflicts and to immediately make any necessary disclosures. In deciding whether a transaction might constitute a conflict of interest an associate should ask these questions:

- Would the transaction be prudent, be in good faith, and be in the best interests of the Society?
- Would the transaction affect any decision I will make at the Society?

NHO September 2004
• How would the transaction seem to others within the Society – would they think it might affect how I do my job for the Society?
• How would the transaction look to someone outside of the Society, such as a donor, a public watchdog group, the state attorney general, or the media?

D. Disclosure Policy and Procedure

• Acceptance of any gift(s) exceeding seventy-five dollars ($75) must be reported immediately to your supervisor.
• A conflict of interest and disclosure statement shall be completed annually by all staff, governance volunteers, and other volunteers if warranted, and returned to the Human Resources department (for staff) or the Office of Corporation Counsel (for volunteers). The audit and stewardship committee shall review and monitor potential conflicts.
• Newly hired employees shall complete a conflict of interest and disclosure statement during employee orientation.

III. Confidential Information

Associates shall not violate Society privacy and confidentiality policies.

IV. Disclosure

Each associate shall immediately report violations of the Code, criminal law, or the attempt to induce another to violate these standards or violate criminal law, in accordance with established policies. A failure to report a violation is itself a violation of the Code. If anonymity is requested, the Society will not disclose the identity of the reporting individual except as needed to properly investigate the allegation, or unless legally required to do so. The Society hotline at 1-866-813-8313 is a confidential resource dedicated solely to answering questions and concerns or reporting questionable activity related to financial internal controls, audit, prevention of illegal activity, accounting issues and related matters. You may ensure complete anonymity when reporting a concern by simply not giving your name. More information on the hotline is available at www.cancer.org (the Intranet) under Risk Management.

Schedule A, Part VI-B, Description of Lobbying Activity by Non-electing Public Charities

The American Cancer Society is the nationwide community-based voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives and diminishing suffering from cancer through research, education, advocacy and service. In serving this mission, advocacy efforts focus on building support for or voicing opposition to public policy initiatives that have the potential to impact people touched by cancer.

During fiscal year 2005, the National Home Office (NHO) of the Society educated lawmakers and the public on several key health policy measures.

Federal Activities

At the federal level, NHO advocated for cancer legislation relating to the following issues:

- Support for the Administration’s goal to eliminate suffering and death due to cancer by 2015
- Appropriations for cancer-related programs for various government agencies, including the National Institutes of Health, the National Cancer Institute, the National Center for Minority Health and Health Disparities, the Centers for Disease Control and Prevention and the Health Resources Services Administration.
- Reauthorization of the National Breast and Cervical Cancer Early Detection and Treatment Program and the NIH
- Cancer prevention education and outreach
- Establishment of a federal grants program for Patient Navigation
- Tobacco control, including FDA regulation, coverage for cessation and internet sales
- Increased access to cancer screening and treatment for those with private insurance, the Medicare and Medicaid populations, the underinsured and the uninsured
- Maintenance of patient protections under state law, including access to clinical trials and guaranteed coverage for life-saving cancer screenings
- Pain management, palliative care and quality of life
- Non-profit and charitable legislation

Lobbying on these issues included direct contact with legislators, advertising, and collaboration with health partners. The Society sent electronic updates to Society staff, volunteers, and other interested parties. In addition, the Society assisted in sending constituent email to lawmakers through functionality on the Society’s website.
Schedule A, Part VI-B, Description of Lobbying Activity by Non-electing Public Charities

State Activities

At the state level, NHO assisted the Society's Divisions by providing strategic counseling on the legislative process, analysis of proposed legislation, and background research and materials. NHO delivered this assistance on a range of cancer control measures as listed below. NHO also provided assistance on nonprofit issues.

Cancer control measures:
- Increased funding for state cancer registries and fair disclosure requirements
- Increased taxes on tobacco products
- Coverage of prostate cancer screening
- Bone marrow transplant reimbursement
- Increasing access to clinical trials
- Removal of taxes on necessary prosthetics for cancer patients
- Palliative care and pain management
- Breast and Cervical Cancer Treatment Act
- Coverage of colon cancer screening
- Comprehensive school health
- Clean indoor air measures
- Drug Depositories
- Off label drug use
- School nutrition and physical activity
- Protection of state cancer mandate coverage

NHO granted funds to the Society's Divisions throughout the United States to support lobbying activities and advertisements designed to influence the state legislatures. Grant money dedicated to these types of lobbying efforts was reported by both NHO as lobbying "grants" in Part VI-B of this Form 990, as well as lobbying expenditures in Part VI-A of the Division Group Return Form 990 filed by the Society's Divisions. For example, grants were given to support state legislative lobbying activities for tobacco control issues.
