HISTORY

The Tinker Foundation was created in 1959 by Dr. Edward Larocque Tinker. His lifelong devotion to the Iberian tradition in the Old and New Worlds gave definition to the Foundation's overall purpose. Both in its early days and since its incorporation in 1975, the Foundation's agenda has reflected a linguistic and geographical focus on Latin America, Spain and Portugal. More recently, the Foundation has included within its mandate the support of activities concerning Antarctica, a region of growing interest to so many nations of the Western Hemisphere. This focus is unique within the United States philanthropic community.

FUNDING PRIORITIES

Tinker Foundation grants are awarded to organizations and institutions that promote the interchange and exchange of information within the community of those concerned with the affairs of Spain, Portugal, Ibero-America and Antarctica. (Ibero-America is defined here as the Spanish- and Portuguese-speaking countries of the Western Hemisphere.) Emphasis is placed on those activities that have strong public policy implications, offer innovative solutions to many of the problems facing these regions today, and incorporate new mechanisms for addressing environmental, economic and governance issues. Such activities may include, but are not limited to, research projects, conferences and short-term training workshops related to the Foundation's areas of interest. The Foundation encourages collaboration between organizations in the United States and Iberia or Latin America and among institutions in those regions.

It should be noted that as a small foundation with limited resources that serve to restrict the number of projects we are able to support, only a small portion of all eligible requests can be met. In addition, the Foundation will not consider requests for 1) annual fund-raising appeals for such organizations as the Community Chest or the United Way; 2) support for the construction of buildings or major equipment purchases; 3) individual research; 4) funding related to health or medical issues; 5) production costs for films, television and radio projects; 6) funding for arts and humanities projects, including art museum collections and exhibits; 7) endowments, and 8) general operating support.

APPLICATION DEADLINES AND
PRIORITIES

Applications for institutional grants are considered biannually by the Board of Directors, in mid-June and mid-December. *The deadline for the receipt of proposals for the summer meeting is March 1st; for the winter meeting it is September 1st.* These dates represent final deadlines for consideration of proposals. However, we would urge and strongly advise those seeking support to submit proposals to the Foundation well in advance of these closing dates. Discussion and consultation may well be required prior to the acceptance of a proposal for serious consideration and recommendation to the Board of Directors.

Complete proposals should be prepared according to the instructions on the following pages. Please note that all proposals must be submitted in English, otherwise the proposal will not be accepted for processing.

THE TINKER FOUNDATION INCORPORATED

REPORTING REQUIREMENTS

During the term of the grant, the recipient is responsible for the submission of the appropriate written reports on activities and expenditures made. Upon completion of the grant, a full accounting - narrative as well as financial - will be required. It is also customary for Foundation representatives to make site visits for the evaluation of selected grant activities. At the time of the announcement of the award, the Foundation will provide specific instructions for the preparation of the reports.

APPLICATION INSTRUCTIONS

The following information is designed to instruct you on the content and format of your proposal to the Tinker Foundation. Two copies of the complete proposal, without binders and in the English language, should be sent to the President of the Foundation and include the items listed in the following check-list. All institutions submitting proposals, even if they were funded previously, are required to include all of this information.

Please note, submission of incomplete proposals may cause a substantial delay in the Foundation's review. We, therefore, urge all applicants to comply with the procedures set forth below.

PROPOSAL CHECKLIST

1. Proposal cover sheet
2. A separate one-page summary of the proposal, describing briefly the project's objectives, target audience or beneficiaries, proposed methodology and plan for dissemination of results
3. A full proposal providing more detail on the project's objectives and theoretical, practical and/or policy-related significance (both as a discrete endeavor and within the broader field)
4. A plan of work describing the activities to be undertaken and indicating any factors which could serve to delay this plan or change the amount of time required to complete the project as well as alter the proposed budgetary designations
5. Anticipated results of the project
6. A specific plan for the dissemination of those results, i.e., identification of the target audience and the means by which it will be reached

10. Itemized budget for those expenses for which Tinker Foundation funding is sought (Please note that as a general rule the Foundation does not pay overhead or indirect costs. However, in those exceptional cases when it is considered absolutely necessary, a maximum of 10% of the project's direct costs may be included as overhead in the budget)
11. A copy of the letter from the Internal Revenue Service confirming the organization's status as tax exempt (U.S. organizations only)

If there are any questions concerning these application procedures, please do not hesitate to contact the Foundation.
