STATEMENT OF PROGRAM SERVICE ACCOMPLISHMENTS

STATMENT 2A

Primary exempt purpose

The Thelonious Monk Institute of Jazz was established to identify and recognize exceptional young talent, to present school-based educational programs for inner-city youth, to offer the world's most promising young jazz musicians intensive college level training and access to the jazz masters and to offer cultural programs for Jazz enthusiasts of all ages

Program Achievements

Thelonious Monk Institute of Jazz Performance

In September 1995, the Institute established a two-year, accredited, college level program for gifted young jazz musicians to study on a full-time basis. The program, located on the campus of the University of Southern California in Los Angeles, offers a diploma in jazz performance. The students selected for the program study tuition-free with full room and board supends provided.

International Jazz Competition

The Thelonious Monk Jazz Competition is held annually at either the Kennedy Center or the Smithsonian Institution in Washington, D.C. The competition offers young, aspiring musicians from around the world the opportunity to receive scholarship awards and prizes, as well as performance opportunities and international exposure

Jazz in the Classroom/Jazz Sports

The Institute presents Jazz in the Classroom programs in public schools around the world, exposing young people to the cultural richness of jazz Master classes, workshops and concerts are presented by leading jazz musicians and educators to help students with their musical instrument training, foster a sense of creativity and self-esteem, and provide role models

The most popular Jazz in the Classicom initiative is Jazz Sports, an instrument training and performance program linking two American classics — jazz and basketball. Jazz Sports brings music educators and major jazz artists to teach and mentor students at 20 public schools in Los Angeles and Washington, D.C. These young people perform their jazz repertoire at Los Angeles Lakers, Los Angeles Clippers and Washington Wizards games and special events, as well as community functions throughout Los Angeles and Washington, D.C.

BeBop to Hip-Hop

In the fall of 2004, the Institute piloted the Bebop to Hip-Hop program at the Washington Preparatory High School in South Central Los Angeles. The class is fully accredited and endoised by the Los Angeles Unified School District. Students participating in this program study the music dynamics and historical influences of both hip-hop and jazz. Students compose experimental pieces combining the best of both art forms. Students are also introduced to the latest recording technologies and software.

Other Programs

The Institute offers additional educational and cultural programs in the United States and abroad for the advancement of jazz. These programs are administered out of the Washington, DC office and include national and international education and performance tours and other programs that perpetuate and expand jazz music.
