Statement of Program Service Accomplishments						
Form 990, Part III						
Program Service Accomplishments						
Direct Relief's mission is to improve the health of people living in developing countries and those who are victims of natural disasters, war, and civil unrest. We work to strengthen indigenous health efforts of our international partners by providing essential material resources – medicines, supplies and equipment.						
People served is calculated based on the courses of treatment provided in an assistance shipment to a partner organization. A course of treatment is the recommended regimen by a manufacturer, for medicines treating a chronic condition or for an ongoing therapy (such as birth control), a one year supply is considered one course of treatment.
