FORM 990, BLOCK C - ORGANIZATION		<p>The American Cancer Society is required by the IRS to submit multiple Forms 990 each fiscal year. Currently, one Form is filed for its National Home Office, another Form presents a combined basis for its chartered Divisions, the American Cancer Society of Puerto Rico, Inc, American Cancer Society Foundation, and for ACS Products Inc, which sells mission related products. These statements individually only present a piece of the American Cancer Society's operations, and they include material inter-company income, expenses, assets and liabilities, particularly between the National Home Office and the chartered Divisions. In addition, Forms 990 are presented in accordance with IRS regulations, which in some cases are at variance with generally accepted accounting principles. Accordingly, the Forms 990 do not individually present a meaningful picture of the American Cancer Society's financial transactions as a whole. Therefore the Society provides the Combined Financial Statements of the American Cancer Society, Inc, National Home Office, Foundation, and Chartered Divisions on its website, www.cancer.org. The combined audited financial statements provide the only meaningful financial information on the entire American Cancer Society organization since they are presented in accordance with generally accepted accounting principles and combine all parts of the organization in one statement. Also included on the Society's website is a copy of the Society's most recent annual report that discusses the Society's mission and accomplishments. For access to a wealth of information about cancer, to contribute to the fight against cancer, or for more information about the work of the American Cancer Society, visit our website at www.cancer.org, or call us toll-free, 24 hours a day, 7 days a week, at 1-800-ACS-2345.</p>

FORM 990, PART VI, LINE 82B - DONATED SERVICES	FORM 990, PART IV-A, LINE B2 & PART IV-B, LINE B1 - DONATED SERVICES	<p>In accordance with generally accepted accounting principles, donated services are included only if the services create or enhance nonfinancial assets, or the volunteer services received require specialized skills and would typically need to be purchased if not provided by volunteer service. The American Cancer Society is the largest non-profit voluntary organization in the world, and relies upon the competence, creativity, and dedication of its more than 2.5 million nationwide volunteers to achieve its mission. The American Cancer Society's volunteers provide services which, while their services do not meet this accounting criteria, provide irreplaceable value to the general public including services to patients, education to the general public, advocacy for appropriate cancer policy by working with local, state and federal legislators, administrative and fundraising support, and many other commitments of time and expertise. The true value of these services is difficult to quantify, but is material to the success of the Society. The Society received in-kind contributions of advertising production, magazine space, public service announcements and in-store advertising materials from various retail and professional organizations with an estimated fair value of \$4,175,346. The Society has recorded contributed services of \$571,924 related to the communication of program and fund-raising messages through various advertising media. In addition, the Society has valued and recorded contributed services provided by scientific peer reviewers, which consist of medical doctors, Ph.D.s, professors, biomedical and psychosocial professionals, social welfare service providers, and other professional service providers whose efforts are necessary for the Society to carry out its programs. The Society's management estimates that approximately 25,960 hours have been contributed by scientific peer reviewers and has valued such services at \$1,822,142.</p>
