Sharp's partnership with SDSU, Southwestern College, and the University of Oklahoma (OU) College of Nursing provides clinical, real-world experience in San Diego County for students enrolled in the OU Online Accelerated Second Degree Bachelor of Science in Nursing (BSN) Program and the OU Career Mobility Program RN to BSN program. The partnership seeks to boost the numbers of new nurse graduates by offering programs with increased flexibility and access for students. The Accelerated Second Degree BSN Program is for individuals with a bachelor's degree or higher in a non-nursing major. The Accelerated Second Degree BSN Program includes over 600 hours of online coursework, and nearly 900 hours of clinical experience at Sharp facilities. Candidates may earn a BSN from OU in 14 months, as well as become eligible to sit for the National Council Licensing Examination for Registered Nurses (NCLEX-RN). The Career Mobility RN to BSN Program offers licensed RNs an accelerated education to achieve a Bachelor of Science in Nursing (BSN) from OU within nine months, providing them with greater opportunity for career mobility and advancement. The Career Mobility RN to BSN program began in May 2006, and the OU Online Accelerated Second Degree BSN Program began in August 2007. The first Career Mobility RN to BSN class graduated in May 2007. The first Accelerated Second Degree BSN class graduated in December 2008. The Sharp Chula Vista Medical Center Health Academy educates the next generation of health care professionals by introducing local elementary school students to a wide variety of health care careers. Since 2005, this program has provided hospital tours to hundreds of fifth graders who have benefited from interactive learning in various areas of the hospital, including the laboratory, pharmacy and billing department. In the fall of 2008, a two-year grant from the California Endowment allowed for the expansion of the program to provide a diversity initiative to high school students. The Health Care Career Pipeline Partnership is a collaboration among the hospital, Barrio Logan College Institute, San Ysidro High School, Southwestern College and the San Diego chapter of the National Association of Hispanic Nurses. Sharp HealthCare has teamed up as an industry partner with the recently formed charter school, Health Sciences High and Middle College (HSHMC), to provide students with a broad exposure to careers available in health care. HSHMC students earn high school diplomas, complete college entrance requirements and have opportunities to earn community college credits, degrees or vocational certificates. Sharp is linking students with health care professionals through job shadowing and internships, to explore real-world applications of their school-based knowledge and skills. Currently, HSHMC students are on the campuses of Sharp Grossmont Hospital and Sharp Memorial Hospital. The program will expand to Sharp Mesa Vista Hospital in Fiscal Year 2009 (FY 2009). In the 2007-2008 academic year, 189 HSHMC students participated on Sharp campuses for a total of 18,025 student hours. The collaboration between Sharp and HSHMC charter high school prepares high school students to consider and enter health science and medical technology careers within the following five career pathways: Biotechnology Research and Development, Diagnostic Services, Health Informatics, Support Services and Therapeutic Services. Sharp also maintains a strong presence in the academic environment of many colleges and universities in San Diego. In FY 2008, Sharp staff committed 500 hours to providing lectures, courses and presentations on numerous college/university campuses throughout San Diego. Through both the delivery of a variety of guest lectures, including Depression and Aging at San Diego City College and pharmacy practice lectures at UCSD, as well as teaching full courses such as Organization/Management of Health Systems and Hospitals to public health graduate students at SDSU, Sharp staff remain active and engaged with San Diego's academic health care community. Sharp's Office of Continuing Education assesses, designs, implements and evaluates educational and training initiatives for Sharp's physicians, pharmacists and other health professionals in order to better serve the health care needs of the San Diego community. In FY 2008, Sharp's Office of Continuing Education professionals invested a total of 1,264 hours in myriad courses and events open to San Diego health care providers, ranging from annual conferences in diabetes, pain management and psychiatry, to presentations on patient safety, clinical effectiveness and quality improvement.
