HUMANITARIAN ASSISTANCE - The mission of Project HOPE's Humanitarian Assistance program is twofold, provide emergency assistance where disasters strike and strengthen our educational programs and facilities with medicines and medical products. While Project HOPE is not always among the first organizations to bring medical products into an area affected by a natural or man-made disaster, our strategy is to provide long-term access to vital medicines and supplies, even after the attention of the outside world has moved on to other issues. We also support our international health education programs with donated product - items like pharmaceuticals, medical supplies and equipment - supplied by some of the world's leading corporations. These products range from lifesaving antibiotics to sophisticated medical equipment used to teach the latest surgical techniques. Over the course of our history, we shipped nearly \$2 billion in humanitarian assistance around the world.

**4b** (Code ) (Expenses \$ 31,255,144 including grants of \$ 327,157 ) (Revenue \$ 33,226,011 )

HEALTH EDUCATION - Project HOPE helps train the staff necessary to operate hospitals, clinics and community health programs in the poorest regions of the world. Programs range from the training of community health promoters in areas such as primary care, reproductive health, and maternal and children's health, to the establishment of highly specialized, tertiary care postgraduate medical programs in fields such as nursing and health professional continuing education. We use a "train the trainer" methodology in which local health professionals are taught how to teach others what they have learned in HOPE's programs. This approach has resulted in more than 2 million health care workers trained over the course of our history.

**4c** (Code ) (Expenses \$ 7,305,993 including grants of \$ 0 ) (Revenue \$ 3,271,274 )

HEALTH POLICY - Health Affairs, the leading journal of health policy thought and research, is owned and published by Project HOPE. The peer-reviewed journal appears monthly in print with additional daily online Web exclusive materials. Published since 1981, The Washington Post has called Health Affairs the bible of health policy. Susan Dentzer, formerly head of The NewsHour's health unit, serves as the journal's Editor-in-Chief. All papers undergo external peer review and are authored by leading academics from fields that intersect with health policy such as economics, public health, sociology, political science, medicine and nursing, to name a few. Government policymakers and health industry decision makers from the U.S. and around the globe also write for and read the journal. Health Affairs is available via subscription, and every article the journal has ever published is available online at [www.healthaffairs.org](http://www.healthaffairs.org). F990_P06_S0B_L11	Form 990, Part VI, Section B, Line 11	A copy of Project HOPE's final form 990 (including required schedules), to be filed with the IRS, was provided to the Board of Director's Chair of the Audit Committee. Before this review, the 990 was also reviewed by all of Project HOPE's executive officers. The 990 was prepared by staff and reviewed by the organization's tax accountant. Each member of the Board of Directors receives a copy of the 990 before the form is submitted to the IRS.
F990_P06_S0B_L12c	Form 990, Part VI, Section B, Line 12c	At the time of hire, all staff are notified of Project HOPE's Conflict of Interest policy and have the obligation to disclose any perceived or real area of potential or actual conflict of interest. At least annually, all staff must acknowledge a re-statement of compliance. Subsequent to hire, and for the duration of their employment with Project HOPE, all employees are obligated to disclose any area of potential or actual conflict of interest. The members of the Board of Directors are also required to submit a signed conflict of interest questionnaire annually.
F990_P06_S0B_L15	Form 990, Part VI, Section B, Line 15	Project HOPE's Management Development and Compensation Committee of the Board establishes the overall compensation philosophy for the organization including the relation of base salaries and total compensation to market and the components of total compensation. Additionally, it establishes the organizational and individual performance goals for the Chief Executive Officer. Annually, the said Committee reviews the performance of the Chief Executive Officer and recommends any compensation changes. At the same frequency, the Management Development and Compensation Committee oversees all aspects of compensation provided to other executives to ensure compliance with the intermediate sanctions provisions of the Internal Revenue Code. The Committee further prepares regular reports disclosing committee actions and recommendations to the full Board of Directors in performing their duties related to the determination of officer compensation, the Management Development and Compensation Committee relies on support from an independent external compensation consultant who has been engaged by the Committee. Overall, the Committee follows standard protocols and intermediate sanctions guidelines which includes the three procedural requirements for earning the presumption of reasonableness: 1 Compensation actions are approved in advance by the Management Development and Compensation committee members, none of whom have a conflict of interest with respect to the proposed actions; 2 The board or committee obtains or relies upon appropriate data as to the comparability of the compensation or fair market value of the consideration; and 3 The committee documents the basis for its determination adequately and contemporaneously.

VOLUNTEER EFFORTS - Project HOPE was founded on the willingness of doctors, nurses and other medical volunteers to travel the globe on a floating hospital ship - the SS HOPE- to provide medical care, health education and humanitarian assistance to people in need. While we now operate land-based programs in more than 35 countries, Project HOPE, in a unique partnership with the U S Navy, sends medical volunteers on board ships around the world to provide medical care, health education, vaccinations and humanitarian assistance. Since partnering with the U S Navy in early 2005 to provide tsunami relief, Project HOPE has participated in more than 20 humanitarian assistance and health education missions with nearly 1000 HOPE volunteers. These missions have provided care to more than 500,000 people, offered health education to more than 115,000 and delivered \$35 million in donated medicines and medical supplies.
