Facts And Circumstances Test

The organization maintains an active, continuous and bona fide fundraising program designed to attract new and additional public and governmental support. In an effort to generate public support, the organization sends out an annual letter to solicit donations. In addition, the foundation also annually sends an e-mail requesting donations to all of the people who have signed up to receive the organization's electronic newsletter. Finally, the organization's website offers educational publications, greeting cards, and t-shirts in exchange for donations. During FYE April 30, 2010 the organization held two fundraising events. The first was held in June 2009 at a small gallery space in Berkeley, CA where an exhibit of photographs and a few donated paintings were mounted and offered for sale. During the fundraising event, the organization screened two short documentary films on the Wixarika and gave a talk. The second event was held in Cambridge, MA where gallery space was donated for six weeks in the fall of 2009. The organization mounted an exhibit of artworks loaned by private collectors in the Boston area by the world famous Wixarika artist, Jose Bentez Sanchez. Here the organization also gave a talk and showed a documentary film on the Wixarika. During the FYE April 30, 2011 the organization was more active in seeking the support of individuals from the public sector on a one to one basis which resulted in many generous donations coming from new sources. Additionally, we are planning another event to be held in late spring of 2011. Although during the 2009 tax year, the majority of the organization's support came from one very generous individual, the organization has a base of yearly donors that is growing. The organization also counts on a great deal of non-monetary support in the way of technical assistance, computer maintenance, legal advice, help with translating and editing, reporting from NGO's in the field and Wixarika professionals and elected authorities who keep the organization current on events taking place in Mexico. The organization aims to keep access to their website free to the public and the in-kind donations are therefore of significant importance to the organization. Composition of the Board of Directors. The founders and board of directors of the foundation are all people who have been interested in or deeply involved with the Wixarika Nation for many decades. Juan Negrin, Director and founder of the Wixarika Research Center, has worked in the field for 40 years and founded and headed three NGO's benefiting the Wixarika in Mexico prior to returning to live in the United States. Two of these NGO's continue to operate providing important services to the Wixarika communities. Mr. Negrin continues his investigative work in the field making trips to the sierras and participating in community general assemblies. Yvonne Negrin, Associate Director and co-founder of the Wixarika Research Center, was active in the field from 1970 through 1996 and actively worked with four NGO's in Mexico during that time. She continues to make trips to Mexico from time to time and is in constant communication with the Wixarika and colleagues in the field. Richard Reader, President of the Board of Directors, has had an interest in the Wixarika since the mid 1970's. He and his wife have maintained friendships with, and given financial assistance to, individual Wixarika and they have traveled to Mexico on a number of occasions to participate in pilgrimages and to visit their Wixarika friends. Mr. Reader is a specialist in computer technology and social networking and advises the foundation in his area of expertise. Richard Whittaker, Vice President of the Board of Directors, is a photographer, writer and publisher and has had a long standing interest in the work of Juan Negrin and the survival of Wixarika culture. He has conducted and published several interviews with Mr. Negrin over the years. As a photographer and publisher he has vast knowledge of the software programs used in those two fields and he assists in those areas when needed. Diana Negrin, Secretary of the Board of Directors, is a Doctoral candidate at the University of California Berkeley's Department of Geography and a Ford Fellow. Diana was raised from birth around the Wixarika people and the focus of her doctoral work in Human Geography is on Wixarika migrations, how they are integrating into Mexico's urban areas as students seeking a higher education, and the difficulties they encounter. Diana gives hours of her time each month to translating articles and essays and is presently living in Mexico and is an important liaison between the foundation and the Wixarika people.
