VOLUNTEER EFFORTS - Project HOPE was founded on the willingness of doctors, nurses and other medical volunteers to travel the globe on a floating hospital ship - the SS HOPE- to provide medical care, health education and humanitarian assistance to people in need. While we now operate land-based programs in more than 35 countries, Project HOPE, in partnership with the U S Navy, sends medical volunteers on board ships around the world to provide medical care, health education, and humanitarian assistance. Since partnering with the U S Navy in early 2005 to provide tsunami relief, Project HOPE has participated in more than 25 humanitarian assistance and health education missions with nearly 1200 HOPE volunteers. These missions have provided care to more than 750,000 people, offered health education to more than 211,000 and delivered nearly \$35 million in donated medicines and medical supplies.

There is one endowment to cover the start-up expenses for a Technical Director. There is a Health Affairs endowment that provides income for special projects within this program area. There is also an endowment which has no restriction on the income. This income is used for general support of the organization.
SchD_P10_S00_L02	Schedule D, Part X, Line 2	The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, except on activities unrelated to its exempt purpose. In addition, the Foundation qualifies for the charitable contribution deduction and has been classified as an organization that is not a private foundation. On July 1, 2009, the Foundation adopted the accounting standard on accounting for uncertainty in income taxes, which addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the Foundation may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The guidance on accounting for uncertainty in income taxes also addresses de-recognition, classification, interest and penalties on income taxes, and accounting in interim periods. Management evaluated the Foundation's tax positions and concluded that the Foundation had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of federal, state or local tax authorities for years before 2008.
