teachers visit their schools with mobile exhibitions and educational programs.

The LASC presents numerous and various programs at their own facility as well as in schools, social service agencies, libraries, community centers and in other public settings such as the Farmer's Market, Latino Festival, MayFest, and other city-wide events.

Due to growth in these programs, the LASC has now launched a \$5,000,000 Capital Campaign, IMAGINE THIS, to renovate our existing structure and to expand into a new building built alongside our current one. This expansion will enable the LASC to accommodate our individual programs as well as to expand into some new program areas. The new facility will include a permanent Planetarium, a Teaching Kitchen, a Digital Art Studio, a Recording Studio, and a Children's Art Gallery.

On-going programming includes:

CLASSES: Over 400 classes are provided each year at the LASC for students 18-months old up to adults. Classes are held including painting, drawing, sculpture, digital art, animation, illustration, fiber arts, environmental art, and much more. All classes are taught by professional artists and educators.

Free participatory art classes are provided to social service agencies serving adults and children, and often provide the only art experiences for their constituents. Each year, about 10 social service agencies are served through the LASC's community outreach programs.

EXHIBITS: The LASC presents 6-8 art exhibits each year in their Gloria Singletary Art Gallery. These exhibits focus primarily on Kentucky artists, though occasionally larger shows are held that include artists from a five state region. The exhibits are unique in that they also include opportunities for viewers to touch, feel, and create artwork in the same medium that is exhibited.

The LASC also presents a Discovery Exhibit that focuses on the relationships between art and science and provides participatory field trip programs for visiting school groups and other youth organizations. Last year, over 7,000 students participated in a Discovery Exhibit field trip program.

SCHOOL PROGRAMS: The LASC provides numerous in-school and after-school programs, primarily for schools that have high percentages of at-risk students. Some programs are multi-week, others may include one or two day visits to specific classes. One after-school program includes SCIENCE EXPLORERS which provides 12-weeks of creative, after-school science in five elementary schools. This program engages the students, their teachers, and at the end of each semester, the students' families, in participatory, hands-on exploration in science. Through funding from CHASE, this program is provided at no-charge to the schools or students.

Another program, Urban Ecology, is presented for all fourth grade students in four elementary schools during the school day. The program focuses on the environment and the human relationship with the environment and in helping to make good choices about the earth.

The LASC also provides special after school art programs for specific schools and are frequent guests for Art Days and Parent evenings at multiple

schools each year.

COMMUNITY EVENTS: The LASC also presents numerous community events that are free and open to the public. One program, DAY OF THE DEAD FESTIVAL is in its sixth year and presents related art exhibits, and an evening educational festival that showcases the many art forms, food traditions, music, dancing and altar displays of this colorful Latin American Holiday.

The LASC also presents Family Fun Day, annually, the last Saturday in April. This event is a free day of hands on art and science activities for the entire family. There is an annual painting of an "art car", kite making, jewelry making, live animal presentations and more.

WOW, WONDERS ON WHEELS: The LASC takes educational programs into schools which include traveling exhibits and participatory programs. These include art and science oriented programs as well as a traveling StarLab Planetarium.
