Education. As a former classroom teacher, I know first-hand the challenges that exist in today's classrooms! New curriculum, new strategies, new grade level guidelines, but one thing never changes-the hours in a day available to accomplish everything! Discovery Center programs exist for one purpose-to help you, the classroom educator, or the home school educator, or the scout leader, or the community activities coordinator, to provide your students with the highest quality science learning experience possible! While we continue to be a destination for field trips, we also have a wide variety of science experiences that we can bring to you! We know funds for enrichment experiences are limited, so we constantly strive to make sure our programs are the highest quality, meet Missouri GLEs and national science standards, and give your students access to hands-on science learning experiences that generate excitement for learning science content. Use us! We're here for you - A Teacher. Daily Brain Bytes and stimulating summer workshops bring the fun and excitement of science to the minds and hearts of today's youth.

Discovery Center's ScienceWorks on the Road program increases students' science knowledge and exposure to hands-on science experiments, assists classroom teachers, helps prepare students for the MAP test, and creates long-lasting energy and excitement for science. This is your opportunity to receive on-site professional development plus the best in hands-on education for your students. All topics are correlated to the Missouri Grade Level Expectations in Science. We come to your classroom for one hour per week for 7 weeks. During the 8th week, we arrange a field trip featuring a "science hunt" at the Center, enabling the children to apply all they have learned to everyday life through our innovative exhibits. Over 15,000 students in the Southwest Missouri region have benefited from this program. Schools that have participated in this program had an average of 57% of 5th grade students score proficient or advanced on the 2012 science MAP test. Discovery Center currently offers a variety of Distance Learning programs via video conferencing, developed to support the Missouri GLEs and the National Science Standards. Discovery Center's electronic field trips enable your class to have a hands-on lesson taught by a science specialist. A kit of manipulatives provided to the classroom teacher includes curriculum, pre and post labs, and links to websites. FREE Faculty Presentations-Gather your faculty together and join us for a 30 minute overview of our Distance Learning programs. IT'S FREE! We will demonstrate some of the pre-lab, video conference lab, and post-lab activities for the various programs, and answer your questions.
