Check if Schedule O contains a response or note to any line in this Part III

1 Briefly describe the organization's mission

National Jewish's mission since 1899 is to heal, discover and educate as a preeminent healthcare institution. We serve by providing the best integrated and innovative care for patients and their families, by understanding and finding cures for the diseases we research, and, by educating and training the next generation of healthcare professionals to be leaders in medicine and science.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? Yes No

If "Yes," describe these new services on Schedule O

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? Yes No

If "Yes," describe these changes on Schedule O

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code) (Expenses \$ 59,750,414 including grants of \$ 28,982,270) (Revenue \$ 43,869,000)

National Jewish Health conducts extensive basic, translational and clinical biomedical research. In addition to translational research programs in its areas of clinical specialties, National Jewish conducts research in basic immunology, genetics, proteomics, cell biology, signal transduction, structural biology, cancer biology, and oxidant biology. Research activities have resulted in a number of scientific discoveries that have improved care for patients worldwide. Funds for National Jewish's biomedical research are provided by grants from private and governmental agencies which include the National Institutes of Health (NIH), the Department of Defense (DOD), and the Howard Hughes Medical Institute (HHMI), and charitable contributions.

4b (Code) (Expenses \$ 127,064,455 including grants of \$ 0) (Revenue \$ 145,214,000)

National Jewish Health is a national referral center treating adult and pediatric patients on both an inpatient and outpatient basis. National Jewish specializes in the treatment of respiratory, cardiac, allergic and immunologic diseases. Clinical specialties include allergy, pulmonology, occupational medicine, psychosocial medicine, gastroenterology, rheumatology, cardiology, critical care and hospital medicine, otolaryngology, sleep medicine, oncology, nephrology, cystic fibrosis, pharmacokinetics and infectious disease. In the fiscal year ended June 30, 2016, National Jewish had over 105,457 outpatient physician visits and an average day program census of 15 02 days. Our physicians had 17,960 encounters with patients through providing critical care and consult services in hospitals throughout the city. Patients included residents from virtually every state and several foreign countries, with residents of Colorado constituting the largest group. National Jewish was founded under the motto "None may enter who can pay, None can pay who enter." While National Jewish accepts paying patients, we still provide significant amounts of charity care and offer all appointments on a first come, first serve basis regardless of ability to pay.

4c (Code) (Expenses \$ 7,276,499 including grants of \$ 0) (Revenue \$ 7,885,000)

From its beginnings in 1899, National Jewish Health physicians and scientists have focused on treatment and prevention of the leading public health issues of the day. Health Initiatives programs continue our heritage by addressing the top two causes of preventable illness and death today - obesity and smoking. In the US, one in three people are obese, one in three people are overweight, and one in five people use tobacco. Effective treatment of obesity and smoking requires permanent changes to unhealthy behavior patterns. National Jewish has been a leader in guiding healthy behavior change since the mid-1990s when we launched one of the first disease management programs. Each year, we help tens of thousands of people across the nation improve their health through our FitLogix(R) weight management and QuitLogix(R) tobacco cessation programs. Our programs are based on evidence-based guidelines and clinically-proven interventions for behavior modification. QuitLogix(R) combines personal coaching with nicotine replacement therapy to achieve one of the highest quit smoking rates in the country. Since 2002, QuitLogix has assisted over 1,000,000 people across the country with their quit attempts. FitLogix(R) helps individuals change their diet and exercise habits through behavior modification in order to lose weight and improve overall health. Our weight loss results are sustainable and exceed national standards for outcomes. Since 2008, we have helped over 10,000 individuals and achieved weight loss outcomes that met or exceeded national standards.

Form and Line Reference	Explanation
Schedule H, Part I, Line 3c	National Jewish Health is a voluntary participant in the Colorado Indigent Care Program (CICP) and has modeled their Financial Assistance Policy after the program Pursuant to CICP guidelines, patients pay a minimal co-pay for care National Jewish believes charging a minimal co-pay causes patients to be a full participant in their healthcare plan National Jewish reviews income level, asset level, medical indigence, insurance status, uninsured discount and state regulation when determining patient financial need

Form and Line Reference	Explanation
Schedule H, Part I, Line 6a	National Jewish was in the middle of implementing a new website in June and July and failed to post the completed CHNA on the hospital website as of June 30, 2016. This was discovered August 31, 2016 and the CHNA was completed and posted on the website September 2, 2016. The CHNA was also reviewed by the institution's audit firm who made additional recommendations to the CHNA which are in the process of being implemented and the new CHNA will be posted in April 2017. Per Section 4959 of 501(r)(3), National Jewish paid the \$50,000 excise tax before the 990 was filed.

Form and Line Reference	Explanation
Schedule H, Part I, Line 7	<p>National Jewish Health conducts an annual study to determine the costs of all major programs. Through this study, which allocates specific costs across major programs, we determine the cost of clinical care. This ratio is multiplied by the total bad debt charges to determine cost. It is the same methodology used to determine cost of free and reduced care. National Jewish classifies accounts as bad debt at the end of the collection cycle once contractual adjustments and payments have been applied. An account is considered bad debt after all reasonable collection efforts have been made.</p>

Form and Line Reference	Explanation
Schedule H, Part III, Section A, Line 2	Bad debt costs are estimated by multiplying actual bad debt write-offs for the fiscal year by the cost-to-charge ratio calculated from W/S C (grouping of total cost and charge) of the Medicare Cost report $1,917,000 * 626 = 1,200,242$ Patient payments received are netted out of bad debt in the calculation

Form and Line Reference	Explanation
Schedule H, Part III, Section A, Line 4	National Jewish Health does not have a footnote in the financial statements which describes bad debt expense. National Jewish is subject to not-for-profit guidelines rather than healthcare guidelines for financial statement reporting as National Jewish has historically had non-patient revenues, gains and other support in excess of patient revenue.

Form and Line Reference	Explanation
Schedule H, Part III, Section B, Line 8	<p>National Jewish Health is committed to providing speciality care to seniors. Patients benefit from extensive time with their healthcare providers, multi-specialty care focused on the whole patient, comprehensive patient education, rehabilitation and thorough diagnostic work-ups and treatment. This care is expensive and many aspects of it are not reimbursed adequately from Medicare. Many patients come to us as a last resort. The ability to access our care without regard to the limitations of insurance is an important benefit to these patients and to their community.</p>

Form and Line Reference	Explanation
Schedule H, Part III, Section C, Line 9b	An account cannot go to bad debt collection until full and complete pre-collection efforts have been exhausted. When a patient expresses hardship, they are screened, eligibility is established and the account is adjusted to the eligibility rating in the Financial Assistance Policy.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 2	<p>National Jewish Health assembled a team from within the institution to conduct the community health needs assessment. The team reviewed the Proposed Rules for the Community Health Needs Assessments for Charitable Hospitals and organized the review to create this summary. The group sought key information about the community demographics and health needs from various governmental and non-governmental sources. The group then used its own knowledge of the institution and communicated with other people throughout National Jewish Health, including grant administrators, individual researchers, professional education, community outreach and finance staff to identify and assess programs National Jewish Health has in place specific to identified community health needs. National Jewish was in the middle of implementing a new website in June and July and failed to post the completed CHNA on the hospital website as of June 30, 2016. This was discovered August 31, 2016 and the CHNA was completed and posted on the website September 2, 2016.</p>

Form and Line Reference	Explanation
Schedule H, Part VI, Line 3	National Jewish Health maintains a financial counseling department designed to help patients obtain needed assistance. The counselors inquire about financial need and educate patients on the various assistance programs available to them, including National Jewish's own financial assistance program and the Colorado Indigent Care Program. The counselors are available to assist patients in applying for need based programs and in establishing payment plans and options.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 4	<p>As a specialty hospital, National Jewish Health serves a community defined both by geography and by disease. The community was determined primarily by determining where patients came from and what types of illnesses have been treated. The main National Jewish Health campus is located in central Denver at 1400 Jackson St. As a nationally recognized specialty care center for respiratory, immune and related diseases, National Jewish Health serves both a local and national community. As a specialty hospital focused on respiratory, immune and related diseases, National Jewish Health serves a community defined by those diseases. Asthma represents the most common diagnosis among our patients, accounting for about 14,000 patient encounters. Chronic Obstructive Pulmonary Disease, COPD, represents the second most common diagnosis, accounting for about 6,500 patient encounters. Cough, shortness of breath, pulmonary fibrosis, allergic rhinitis, food allergy and rheumatoid arthritis are other common diagnoses. We also treat patients with food allergies, mycobacterial infections, bronchiectasis, cystic fibrosis, lung cancer and other respiratory and immune diseases. Tobacco Addiction Tobacco use contributes to many respiratory diseases, especially lung cancer and chronic obstructive pulmonary disease. Thus, tobacco addiction is an important contributor to the disease burden of our patients. National Jewish Health operates tobacco cessation programs for the Denver community and for 16 other states. Obesity Obesity is a national epidemic, which contributes to worsening asthma, COPD and respiratory diseases in general. National Jewish Health operates a weight management program, FitLogix, for corporate clients and health insurers.</p>

Form and Line Reference	Explanation
Schedule H, Part VI, Line 5	<p>National Jewish Health invests significant resources in meeting the healthcare needs of our community. Since our founding over 117 years ago, when National Jewish was a free hospital for the care of indigent TB patients, National Jewish has been committed to meeting the medical needs of the underserved in the community. National Jewish is one of only a handful of outpatient clinics in the area that schedules patients for services on a first come, first serve basis regardless of ability to pay. All patients are provided a full scope of diagnostic and therapeutic services without regard to the patient's financial need. Our clinicians serve at multiple locations throughout the state in order to ease access to our services. As a teaching institution, our faculty educates and trains tomorrow's doctors, nurses and other healthcare staff. Every year, National Jewish spends millions of dollars to conduct the full continuum of research from basic science to clinical application. National Jewish operates a K-8 school on our campus exclusively for chronically ill children with special medical needs. To our knowledge, it is the only school of its kind on a healthcare campus in the country. Overwhelmingly, the students at the school live in poverty and qualify for free or reduced lunches. National Jewish offers free lung testing around the country. We subsidize programs throughout the community including an inner city asthma program in the Denver Public Schools, an Asthma Tool Kit program for the western slope and a free asthma care and teaching program in lower income communities in Colorado. As a not-for-profit institution our Board of Directors, all of whom are community leaders, are heavily involved in the direction and strategies of furthering our mission 'to heal, to discover and to educate.' On April 8th, 2010, National Jewish was unanimously recognized by the Colorado House and Senate for our vital role in serving the health needs of Colorado citizens.</p>
