### **Form 990, Part III, Line 4a:**

Minnesota Life College (MLC) Undergraduate Program teaches the core skills that we believe are essential to live independently within a community. We provide instruction and support on independent living skills, employment skills and social skills, using a holistic, strength-based model of education. We serve approximately 400 individuals who have learning differences or autism spectrum disorder or who have family members with these disabilities. For the past 21 years, MLC has been perfecting an extremely effective model of transition into adulthood for the individuals that we serve. Our focus is teaching real skills for real life. The Undergraduate Program students live in apartments on our campus, which allow instructors to teach independent living skills in the type of environment that our students will transition to upon graduation from the program. The skills we teach range from basic cooking, cleaning and organization to budgeting, medication management, transportation and roommate dynamics. Our goal is to ensure that our Undergraduate Program students are fully prepared to live independently after graduation from our program. The ability to live and work independently is the heart of our program. MLC helps students develop the skills that are necessary to complete the job search process, obtain employment and demonstrate the behaviors that will help them get and maintain employment. Topics addressed are job research, work behaviors, developing professional references, cover letters, completing applications, interviewing, disability & the workplace (ADA), work skills/abilities and interests, job search process, employment paperwork and worksite safety. We utilize vocational assessments in our work to help our students and us understand potential employment opportunities. Assessment results are combined with job exploration to help students find the best employment fit for their skills, abilities and interests. The training internship experience is an additional component of our vocational training that allows our students to learn to work in real-life settings. Local employers understand the positive impact the real world experience can provide and the on-site job coaches provided by MLC help our students interpret their real work experiences in real time. Students are assigned a position at one of our training internship sites, where they complete an application and are given an employment interview. In addition to the MLC classes they attend on campus, the students spend four days a week, several hours a day, developing various vocational and job-related interpersonal skills. We measure our success by the number of participants who are employed and live independently in the community. At the end of the 2016-17 Program Year, 100% of eligible UG Students and CLP Members worked in the community and 92% of graduates are living on their own, outside of their parents' homes, in the Twin Cities.

---

### **Form 990, Part III, Line 4b:**

The Community Living Program (CLP) is for individuals with learning differences and autism spectrum disorders who have successfully completed the Undergraduate Program Graduates, who are living independently in their own apartment, using public transportation and are employed in competitive community employment, have the CLP to provide them with a community of positive relationships, positive choices and healthy activities within the Twin Cities. CLP provides support to our employed graduates who need assistance at work or who are looking for the next step in their career. The CLP assists graduates to maintain their independence in an ever changing world. Since its inception in 2005, this program has had a steady increase participants enrolled. The CLP program is currently serving 65 adults and we anticipate continued growth into the future.

---

### **Form 990, Part III, Line 4c:**

The Summer Internship Program (SIP) provides MLC with the opportunity to make a greater impact in the community by offering a residential 3 week summer session to high school and transition age individuals with learning differences and autism spectrum disorders. SIP lets these students work on skills similar to the Undergraduate Program, but in a limited time frame. We provide an apartment living experience that includes skill building in the areas of cooking, cleaning, budgeting and transportation. We also provide training internships to our participants via our corporate partnerships in the community. The SIP program also provides an opportunity to partner with other organizations and foundations to increase our influence and touch more lives. We know that there is a crisis looming for individuals with learning differences and autism spectrum disorders that will need the appropriate transition support. MLC would like to partner with local school districts to give more young adults access to the skills and support that they need to learn. In 2017, we piloted a second summer program with the Academy of Whole Learning targeted at a slightly younger demographic.

<b>Return Reference</b>	<b>Explanation</b>
Form 990, Part VI, Section B, line 15	<p>The executive director's compensation is reviewed and determined annually at the Board of Directors' meeting held in May. This process is led by the Chair of the Board. The executive director's salary is initially set by evaluating both the job duties and responsibilities. Additionally, data from a published salary survey is used to determine an appropriate salary range for the position with consideration of other multiple factors, including education, experience and fit for the position. The salary is evaluated each year based on both the executive director's and organization's achievement of established goals and objectives. There is a discussion with the full board of directors and then a written and verbal report with new salary information is provided to the executive director.</p>
