FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	e For more than 18 years, Sharp has been on a journey to transform the health care experience for patients and their families, physicians and staff. Through a sweeping organization-wide performance-and-experience-improvement initiative called The Sharp Experience, the entire Sharp team has recommitted to purposeful, worthwhile work and creating the kind of health care people want and deserve. This work has added discipline and focus to every part of the organization, helping to make Sharp one of the nation's top-ranked health care systems. Sharp is San Diego's health care leader because it remains focused on the most important element of the health care equation: the people. Through this extraordinary initiative, Sharp is transforming the health care experience in San Diego by striving to be: * The best place to work: Attracting and retaining highly skilled and passionate staff members who are focused on providing quality health care and building a culture of teamwork, recognition, celebration, and professional and personal growth. This commitment to serving patients and supporting one another will make Sharp "the best health system in the universe." * The best place to practice medicine: Creating an environment in which physicians enjoy positive, collaborative relationships with nurses and other caregivers, experience unsurpassed service as valued customers, have access to state-of-the-art equipment and cutting-edge technology, and enjoy the camaraderie of the highest-caliber medical staff at San Diego's health care leader. * The best place to receive care: Providing a new standard of service in the health care industry, much like that of a five-star hotel, employing service-oriented individuals who see it as their privilege to exceed the expectations of every patient—treating them with the utmost care, compassion and respect, and creating healing environments that are pleasant, soothing, safe, immaculate, and easy to access and navigate. Through this transformation, Sharp continues to live its mission to care for all people, with special concern for the underserved and San Diego's diverse population. This is something Sharp has been doing for more than half a century.

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	Pillars of Excellence In support of Sharp's organizational commitment to transform the health care experience, Sharp's Pillars of Excellence serve as a guide for its team members, providing framework and alignment for everything Sharp does. In 2014, Sharp made an important decision regarding these pillars as part of its continued journey toward excellence. Each year, Sharp incorporates cycles of learning into its strategic planning process. In 2014, Sharp's Executive Steering and Board of Directors enhanced Sharp's safety focus, further driving the organization's emphasis on its culture of safety and incorporating the commitment to become a High Reliability Organization (HRO) in all aspects of the organization. At the core of HROs are five key concepts: * Sensitivity to operations * A reluctance to simplify * Preoccupation with failure * Deference to expertise * Resilience. Applying high-reliability concepts in an organization begins when leaders at all levels start thinking about how the care they provide could improve. It begins with a culture of safety. With this learning, Sharp is a seven-pillar organization - Quality, Safety, Service, People, Finance, Growth and Community. The foundational elements of Sharp's strategic plan have been enhanced to emphasize Sharp's desire to do no harm. This strategic plan continues Sharp's transformation of the health care experience, focusing on safe, high-quality and efficient care provided in a caring, convenient, cost-effective and accessible manner. The seven pillars listed below are a visible testament to Sharp's commitment to become the best health care system in the universe by achieving excellence in these areas: 1 Demonstrate and improve clinical excellence and exceed customer expectations 2 Keep patients, employees and physicians safe and free from harm 3 Create exceptional experiences at every touch point for patients and families, enrollees, physicians, partners and team members 4 Create a values-driven culture that attracts, retains and promotes the best people who are committed to Sharp's mission and vision 5 Achieve financial results to ensure Sharp's ability to deliver on its mission and vision 6 Achieve net revenue growth to enhance market position, sustain infrastructure improvements and support innovative development 7 Be an exemplary public citizen by improving the health of our community and environment Awards Below please find a selection of recognitions Sharp has received in recent years. In 2013, 2014, 2016 and 2017, Sharp was recognized as one of the "World's Most Ethical (WME) Companies" by the Ethisphere Institute, the leading business ethics think tank. WME companies are those that truly embrace ethical business practices and demonstrate industry leadership, for giving peers to follow suit or fall behind. Sharp was ranked No. 45 out of 500 large employers on Forbes' 2017 America's Best Employers listing. In 2016, Sharp ranked No. 16 and received the No. 2 spot on the new

In 2017, Sharp was recognized as one of "150 Top Places to Work in Healthcare" by Becker's Hospital Review. The list recognizes hospitals, health systems and organizations committed to fulfilling missions, creating outstanding cultures and offering competitive benefits to their employees. In 2015 and 2017, Sharp ranked first for "San Diego's Best Hospital Group" in the annual San Diego Union-Tribune Readers Poll. Sharp ranked second in this category in 2016. SMH ranked first for "San Diego's Best Hospital" in 2017 while ranking second in this category in 2016. Also in 2016, SMBHWN and SGH ranked third and fourth, respectively, for "San Diego's Best Hospital." From 2015 to 2017, Sharp Community Medical Group (SCMG) ranked first as "San Diego's Best Medical Group." In 2016, SRSMG ranked third for "San Diego's Best Medical Group" and was recognized as "San Diego's Best Hearing Aid Store" in 2017. In 2016 and 2017, SMBHWN was named to The Leapfrog Group's Top Hospitals list, which recognizes facilities that meet the highest standards of patient safety, care quality and efficiency. In 2016, SMH was also recognized as a Top Hospital. SGH, SMH and SMBHWN received MAGNET(r) recognition by the American Nurses Credentialing Center (ANCC). The MAGNET Recognition Program(r) is the highest level of honor bestowed by the ANCC and is recognized nationally as the gold standard in nursing excellence. Sharp was named one of the nation's "Most Wired" health care systems from 2012 to 2017 by Hospitals & Health Networks magazine's annual Most Wired Survey and Benchmark Study. "Most Wired" hospitals are committed to using technology to enhance quality of care for both patients and staff. Planetree is a coalition of more than 80 hospitals worldwide that are committed to improving medical care from the patient's perspective. In 2007, SCHHC became a Designated Planetree Person-Centered Hospital and was re-designated in 2017 for the fourth consecutive time. Additionally, SCHHC achieved Planetree Designation with Distinction for its leadership and innovation in patient-centered care. SMH became a Planetree Person-Centered Hospital in 2012 and achieved Planetree Designation with Distinction in 2014. In 2015, SMH was re-designated as a Planetree Person-Centered Hospital. In 2014, SCVMC joined SCHHC and SMH as a Designated Planetree Person-Centered Hospital. SCHHC and SCVMC received Energy Star (ES) designation from the U.S. Environmental Protection Agency (EPA) for outstanding energy efficiency. Buildings that are awarded ES certification use an average of 40 percent less energy than other buildings and release 35 percent less carbon dioxide (CO2) into the atmosphere. SCHHC first earned the ES certification in 2007, then again each year from 2010 through 2013, and most recently in 2017. SCVMC received

San Diego Gas & Electric (SDG&E) named Sharp the 2017 Grand Energy Champion at its annual Energy Showcase Awards. Sharp was recognized for making tremendous strides in reducing its consumption of electricity and natural gas, and in promoting energy-saving techniques to the community. SDG&E also named Sharp as San Diego's "Healthcare 2014 Energy Champion" for its successes in energy conservation. In 2013 and 2015, Sharp was named a "Recycler of the Year" at the City of San Diego Environmental Services Department's annual Waste Reduction and Recycling Awards Program for a successful and extensive recycling program. SMH and SMBHWN were honored for their comprehensive waste-reduction programs in 2013. Sharp was named the 2017 Outstanding Recycling Program by California Resource Recovery Association (CRRA) - California's statewide recycling association - for its innovative waste-minimization initiatives. As the oldest and one of the largest nonprofit recycling organizations in the country, CRRA is dedicated to achieving environmental sustainability in and beyond California through zero waste strategies, including product stewardship, waste prevention, reuse, recycling and composting. Sharp was one of five awardees in San Diego to receive a 2016 EMIES UnWasted Food Award by the San Diego Food System Alliance for developing best practices in waste prevention, composting, recycling, food donation and source reduction efforts in partnership with the Sodexo Food and Nutrition team. In 2016, Sharp ranked third on San Diego Business Journal's list of Healthiest Companies. The Healthiest Companies list honors those organizations that have created a supportive environment for their employees and fostered a work/life balance for their families. In 2015, Sharp Best Health received the American Heart Association (AHA) Fit-Friendly Worksites Honor Roll award (Gold Category) for the third consecutive year, which recognizes employers that promote a culture of health and physical activity in the workplace or community. SRSMG was recognized by the Centers for Disease Control and Prevention (CDC) as a 2017 Million Hearts Hypertension Control Champion for achieving blood pressure control for at least 70 percent of its adult patients with hypertension. From 2013 to 2017, the Press Ganey organization recognized multiple SHC entities with Guardian of Excellence Awards. Based on one year of data, this designation recognizes recipients that reach the 95th percentile for patient satisfaction, employee engagement, physician engagement surveys or clinical quality. Awarded SHC entities included SCVMC, SCHHC, SGH, SMBHWN, SMH, SMH Outpatient Pavilion (OPP), SMV, SHC, Sharp HospiceCare, SRSMG, SCMG and Sharp Home Health for Employee Engagement, SMH and SMBHWN for Patient Experience, and SCHHC, SMBHWN and SMV for Physician Engagement.

Sharp was named the 2015 Medical Provider of the Year at the International Travel & Health Insurance Journal (ITIJ) Awards. The ITIJ honors companies that have made an outstanding contribution to the global travel and health insurance industry over the past year. Sharp's Global Patient Services program coordinates patient transfers and evacuations for medical emergencies from around the world to a Sharp hospital. Global Healthcare Exchange (GHX) recognized Sharp as one of the 2016 GHX "Best 50" Supply Chains in North America. Organizations receiving this distinction are recognized for their work in improving operational performance and driving down costs through supply chain automation. Patient Access to Care Programs Sharp provides financial assistance and a variety of support services to improve access to care for uninsured, underinsured and high-risk patients without the ability to pay and insured patients with inadequate coverage. Sharp does not refuse any patient requiring emergency medical care. Sharp provides services to help every uninsured patient receiving care in the ED find opportunities for health coverage through PointCare - a team of health coverage experts whose principal product is a quick, web-based screening, enrollment and reporting technology designed to provide community members with health coverage and financial assistance options. At Sharp, patients use a simple online questionnaire through PointCare to generate personalized coverage options that are filed in their account for future reference and accessibility. The results of the questionnaire allow Sharp staff to have an informed and supportive discussion with the patient about health care coverage, and empower them with options. From October 2015 to July 2017, Sharp helped nearly 22,800 self-pay patients through PointCare, while ensuring that each patient's dignity was maintained throughout the process. In 2014, Sharp hospitals implemented an on-site process for real-time Medi-Cal eligibility determinations (Presumptive Eligibility), making Sharp the first hospital system in SDC to provide this service. In Fiscal Year (FY) 2017, Sharp secured this benefit for approximately 3,800 unfunded patients in the ED. In support of Covered California's annual open enrollment period, 25 members of Sharp's registration staff have become Certified Application Counselors in order to better assist both patients and the general community with navigating the Covered California website and plan enrollment. In collabora-

Through the program, both insured and uninsured patients have the opportunity to secure small bank loans in order to pay off their medical bills in low monthly installments, preventing unpaid accounts from going to collections. In addition, three Sharp hospitals - SCVMC, SGH and SMH - qualify as covered entities for the 340B Drug Pricing Program administered by the Health Resources and Services Administration. Hospital participation in the 340B Drug Pricing Program permits the purchase of outpatient drugs at reduced prices. The savings from this program are used to offset patient care costs for Sharp's most vulnerable patient populations, as well as to assist with patient access to medications through the Patient Assistance Team. The Patient Assistance Team helps those in need of assistance gain access to free or low-cost medications. Patients are referred for medication assistance through population health teams, physicians, pharmacists, case managers, social workers, nurses or even other patients, as well as identified through usage reports. Eligible patients receive assistance that may help reduce readmissions and the need for frequent medical services resulting from the lack of access to medication. Team members research all available options, including programs offered by drug manufacturers, grant-based programs offered by foundations, copay assistance and other low-cost alternatives. In FY 2017, the Patient Assistance Team helped uninsured and underinsured patients access prescriptions worth a total of \$3.9 million. Also in 2017, Sharp supported and provided payment options to high-risk, uninsured and underinsured patients at all Sharp hospitals who were unable to meet their financial responsibility after health insurance. Through the Maximum Out of Pocket Program, team members met with patients to help them better understand their health insurance benefits and how to access care during their hospital stay, as well as provided payment options. In addition, Public Resource Specialists, from Sharp's Patient Financial Services (PFS) team offered support to uninsured and underinsured patients at all Sharp hospitals in need of extra guidance on available funding options. The Public Resource Specialists performed field calls (home visits) to patients who left the hospital and required assistance with completing the coverage application process.

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	SGH's PFS team worked closely with the hospital's Care Transitions Intervention program to evaluate patients for CalFresh, the Supplemental Nutrition Assistance Program in California, prior to hospital discharge, dramatically increasing the likelihood that patients complete CalFresh applications and receive benefits. In FY 2017, SGH's PFS team completed 687 CalFresh applications and 405 patients were granted CalFresh benefits. In February 2017, Sharp's PFS team expanded this program to the remainder of Sharp's acute care hospitals. In summer 2015, a pilot program was launched at SMBHWN to evaluate both insured and unfunded families with Neonatal Intensive Care Unit (NICU) babies for financial assistance. This process included helping families whose newborn had been diagnosed with a devastating medical condition or extremely low birth weight apply for Supplemental Security Income (SSI) to help with the cost of care for their newborn both within and outside of the hospital. Public Resource Specialists have assisted more than 150 families through the SSI application process. In addition, Sharp provides post-acute care facilitation for high-risk patients, including the homeless and patients lacking a safe home environment. Patients may receive services such as assistance with transportation and placement, connections to community resources, and financial support for medical equipment and medications. SCHHC, SGH and SMH work with the San Diego Rescue Mission (SDRM) to identify homeless patients, or patients who have exhausted other community housing resources, who have a continuing medical need after hospital discharge. Once referred to the SDRM's Recuperative Care Unit, patients receive follow-up medical care through Sharp in a safe environment, and may also receive psychiatric care, assistance scheduling specialty appointments, support with CalFresh applications, and connections to community resources, including programs that support continued sobriety and residential treatment. In addition, a social worker provides referrals for permanent housing and collaborates with St. Vincent de Paul Village to assist with the SSI application process through HOPE (Homeless Outreach Programs for Entitlement) San Diego - an effort to increase access to SSI for people who are homeless or at risk of homelessness. Sharp is committed to providing medical records to support an SSI claim free of charge. Health Professions Training Internships: Students and recent health care graduates are a valuable asset to the community. Sharp demonstrates a deep investment in these potential and newest members of the health care workforce through internships and career pipeline programs. In FY 2017, nearly 4,600 student interns dedicated more than 650,000 hours within the Sharp system. Sharp provided education and training for students in a variety of disciplines, including nursing students (e.g., critical care, medical/surgical, behavioral health, women's services, cardiac services).

In addition, Sharp offers a graduate level Clinical Pastoral Education program, which teaches students clinical theories and skills to provide spiritual care to patients and their families. In FY 2017, the program supervised six chaplain residents and eight chaplain interns on the campuses of SGH, SM BHNW, SMH, SMV and Sharp Home Health services. International Rescue Committee: Sharp hosts more than 4,000 students annually for clinical rotations, internships and other educational experiences. Further underscoring how both workforce and community partnership development are critical to the fulfillment of Sharp's mission, the Staffing Resource Network (SRN) within Sharp's Workforce Support Services division of Human Resources facilitates the placement of students across the Sharp system. New in FY 2017, the Sharp SRN collaborated with SWC and the International Rescue Committee (IRC) on a workforce development partnership specifically serving San Diego's refugee community. IRC is a global humanitarian aid organization that focuses on helping refugees survive, recover, and resettle their lives. As part of its mission, IRC works to educate and find employment for refugees once they are settled. One such program trains refugees to work as Certified Nursing Assistants (CNAs). Traditional CNA training programs prepare participants for work in skilled nursing facilities, which do not require the training necessary for work in acute care settings and provide little opportunity for advancement. Sharp SRN's collaboration with IRC and SWC enhances the SWC CNA training program by

Program participants take an acute care nursing assistant course at SWC, and Sharp provides staff preceptors, medical supplies and learning experiences within Sharp hospitals that prepare participants for jobs in hospital environments. Following completion of the program, CNAs are qualified to work in any acute care setting. The partnership began in spring 2017, with five students enrolling in and completing the program, and two graduates securing positions within SRN's inter-facility acute care nursing assistant float pool. Thus far, the new team members from the IRC training program are on their way to successful careers at Sharp. Health Sciences High and Middle College Sharp partners with charter school Health Sciences High and Middle College (HSHMC) to provide high school students with broad exposure to health care careers. Through this partnership, HSHMC students connect with Sharp team members through job shadowing to explore real-world applications of their school-based knowledge and skills. This collaboration prepares students to enter health, science and medical technology careers in the following five pathways: biotechnology research and development, diagnostic services, health informatics, support services and therapeutic services. The high school curriculum provides students with a variety of service-learning projects and internships focused on careers in health care. Students earn high school diplomas, complete college entrance requirements and have opportunities to earn community college credits, degrees or vocational certificates. The HSHMC program began in 2007 with students on the campuses of SGH and SMH, and expanded to include SMV and SMBHWN in 2009, SCHHC in 2010, and SCVMC in 2011. Students also devote time to various SRSMG sites. Students begin their internship experience with a systemwide orientation to Sharp and their upcoming job-shadowing activities, which consist of two levels of training. Level I of the HSHMC program is the entry level for all students and is conducted over an eight-week period. Through Level I, ninth-grade students shadow primarily non-nursing areas of the hospital as well as complete additional coursework in Infection Control, Medical Ethics, and Introduction to Health Professions. Level II is designed for students in grades 10 through 12 and includes enhanced patient interaction, college-level clinical rotations, and hands-on experience. Level II students are placed in a new assignment each semester for a variety of patient care experiences, and take additional health-related coursework at a community college, including Health 101, Public Health, Psychology and Abnormal Psychology, Realities of Nutrition, Intro to Health Professions and Organizations, and Health and Social Justice.

Students rotated through instructional pods in specialty areas, including but not limited to nursing, emergency services, obstetrics and gynecology, occupational therapy, physical therapy, behavioral health, pediatrics, medical/surgical, rehabilitation, laboratory services, pharmacy, pathology, radiation oncology, radiology, endoscopy, engineering, nutrition, infection control, pulmonary services, and operations. Students not only had the opportunity to observe patient care, but also received guidance from Sharp staff on career ladder development as well as job and education requirements. In May 2017, the HSHMC program graduated 161 students in its seventh full class. Each year, Sharp reviews and evaluates its collaboration with HSHMC, including the outcomes of students and graduates, to promote long-term sustainability. Although many HSHMC students face financial hardship - the free and reduced-price meal eligibility rate is higher than the averages for SDC and California - the school excels in preparing students for high school graduation, college entrance and a future career. In 2017, 90 percent of the HSHMC graduating class went on to attend two- or four-year college, while 80 percent of students said they wanted to pursue a career in health care. In addition, HSHMC has a 98.7 percent graduation rate, which is higher than California's 83.2 percent state average. HSHMC received the 2016 Impact Award from the Classroom for the Future Foundation as the most innovative education program in SDC. Each year, the Classroom for the Future Foundation awards education programs across SDC in four categories: innovate, inspire, achieve and impact. HSHMC was also recognized as a U.S. News & World Report Best High Schools bronze award winner in 2014, 2016 and 2017. The California Department of Education recognized HSHMC as a 2015 California Gold Ribbon School for its outstanding education programs and practices, and as a Title I Academic Achieving school for demonstrating success in significantly reducing the gap between high- and low-performing students. HSHMC was also recognized with a 2015 Model Professional Learning Community at Work(tm) Award by Solution Tree for its sustained success in raising student achievement. Professional Learning Communities are schools and districts in which educators recognize the key to improved learning for students is ongoing, job-embedded education for the adults who serve those students. HSHMC was one in approximately 200 schools and districts in the U.S. and Canada - and the first school in SDC - to receive this honor. In addition, HSHMC was a 2014 National School Safety Advocacy Council award winner. Lecture topics included stroke treatment techniques, health information technology (HIT), diabetes, spiritual care in the health care setting, a variety of health administration topics, electronic medical records, clinical informatics and change management, spinal cord injury (SCI), and topics related to end-of-life care, including advance care planning, Physician Orders for Life-Sustaining Treatment, hospice, palliative care, bereavement, bio ethics and goals of care. Lectures were delivered to students at San Diego Mesa College, SDSU, USD, Azusa Pacific University (APU), California State University San Marcos (CSUSM) and the University of St. Augustine. These students were enrolled in a variety of programs, including nursing, nurse practitioner, physical therapy, medical assisting, HIT, health care informatics and public health. Sharp's Continuing Medical Education (CME) Department is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education, as well as by the Accreditation Council for Pharmacy Education to provide continuing pharmacy education. Sharp's CME Department provides evidence-based and clinically relevant professional development opportunities to help practicing physicians and pharmacists improve patient safety and enhance clinical outcomes. In FY 2017, Sharp's CME Department invested more than 546 hours in live and online CME activities for San Diego health care providers. This included conferences on advanced illness management, patient safety, cardiology, oncology, urgent care, kidney transplant and osteopathic medicine, as well as presentations on HROs, telehealth, physician leadership, sepsis, infection prevention and opioid usage. Research Sharp Center for Research Innovation is critical to the future of health care. The Sharp Center for Research supports innovation through its commitment to protecting research participants and promoting high quality research initiatives that provide valuable knowledge to the San Diego health care community and positively impact patients and community members. The Center for Research includes the Human Research Protection Program (HRPP), which includes the Institutional Review Board (IRB) and the Outcome Research Institute (ORI). Human Research Protection Program and Institutional Review Board. In March 2016, The Sharp Center for Research received accreditation by the Association for the Accreditation of Human Research Protection Programs. The accreditation acts as a public affirmation of the HRPP's commitment to following rigorous standards for ethics, quality and protection for human research. To date, Sharp is the only health system in SDC to receive this accreditation. The Center for Research's HRPP is responsible for the ethical and regulatory compliant oversight of research conducted at Sharp and includes three components: the organization, the

As one of the key components of the HRPP, the IRB seeks to promote a culture of safety and respect for those participating in research for the greater good of the community. All proposed entity research studies with human participants must be reviewed by the IRB in order to protect participant safety and maintain responsible research conduct. In FY 2017, a dedicated IRB committee of 16 - including physicians, nurses, pharmacists and non-scientists - devoted hundreds of hours to the review and analysis of both new and ongoing research studies. Research at Sharp is conducted on all clinical phases of drug and device development, and the populations studied span the life cycle - from neonates to older adults. These clinical trials increase scientific knowledge and enable health care providers to assess the safety and effectiveness of new treatments. Sharp participates in approximately 210 clinical trials at any given time covering many therapeutic areas, including behavioral health, emergency care, infectious disease, neonatal, heart and vascular, kidney, liver, neurology, orthopedics and oncology - the latter of which comprises the largest share of Sharp's clinical trials. The HRPP provides education and support for researchers across Sharp as well as the broader San Diego health and research communities regarding the protection of human research participants. As part of its mission, the Center for Research hosts quarterly meetings on relevant educational topics for community physicians, psychologists, research nurses, study coordinators and students throughout San Diego. Presentations at the quarterly meetings in FY 2017 included Research Community Outreach, Completing Subject Enrollment Logs and Attestation Reports, Reporting Deviations in Research Protocol, Clinical Trials Coverage Analysis, Compliance and Education Requirements, Creating Research Study Budgets, Who is a Sub-Investigator, and Utilizing IRB Software. Outcomes Research Institute. Since its inception in 2010, Sharp's ORI seeks to measure the long-term results of care to continue to develop and promote best practices in health care delivery. The ORI enables Sharp to develop and disseminate new knowledge to the larger health care community, and help improve the quality of care delivery across SDC. The ORI collaborates with Sharp team members to facilitate the design of patient-centered outcomes research projects, assist with study protocol development, data collection and analysis, explore funding mechanisms for research projects, and facilitate IRB application submissions.

In addition, in FY 2017, ORI research studies were presented at various professional conferences, including the Health Care Systems Research Network Conference in San Diego, the Cardiovascular Disease and Stroke Scientific Sessions in Arlington, Virginia, and the Academy Health Annual Research Meeting in New Orleans, Louisiana. Presentations included Utilizing Data Analytics and Innovation Partnerships to Reduce Hospital Readmissions, Influence of Ethnic and Gender Diversity in Quality of Care for Patients Receiving Treatment for Acute Myocardial Infarction, and Impact of Behavioral Health Data in Improving Prediction of Hospital Patient Readmissions. Beginning in September 2016, the ORI expanded its capabilities by adding a full-time postdoctoral clinical psychology fellowship position and a half-time practicum placement for a predoctoral graduate student. Based on the successful contributions of these programs, the ORI has hired a full-time clinical psychologist, renewed the graduate student practicum placement, and will offer new research training experiences for three psychology undergraduate students in FY 2018. Evidence-Based Practice Institute Sharp participates in the Evidence-Based Practice Institute (EBPI), which prepares teams of staff fellows and mentors to change and improve clinical practice and patient care through identifying a care problem, developing a plan to solve it and incorporating this new knowledge into practice. The EBPI is part of the Consortium for Nursing Excellence, San Diego, which promotes evidence-based practices in the nursing community. The consortium is a partnership between Sharp, Scripps Health, Palomar Health, Rady Children's Hospital - San Diego, UC San Diego Health, U.S. Department of Veterans Affairs (VA) San Diego Healthcare System, Elizabeth Hospice, PLNU, SDSU, APU and USD. Sharp actively supports the EBPI by providing instructors and mentors as well as administrative coordination. The EBPI includes six full-day class sessions featuring group activities, self-directed learning programs outside of the classroom, and structured mentorship throughout the program. EBPI fellows and mentors partner with one another through a variety of learning strategies. Mentors facilitate the process of conducting an evidence-based practice change and navigating the hospital system to support the fellows through the process of evidence-based practice. Mentors also assist fellows in working collaboratively with other key hospital leadership personnel. In FY 2017, the nine-month program culminated with a community conference and graduation ceremony in November, during which the EBPI fellows and mentors shared project results. Forty-six

Projects addressed the following issues in clinical practice and patient care: post-operative spine mobilization, reduction of anxiety for hospitalized patients undergoing caesarean section, nurse-physician rounding, the impact of wait time in the psychiatric intensive care unit, early mobilization in the adult trauma population, the impact of education on cell phone cleaning among NICU visitors and staff, and improving discharge timeliness. Volunteer Service Sharp Lends a Hand In FY 2017, Sharp continued its systemwide community service program, Sharp Lends a Hand (SLAH). Sharp team members suggested project ideas that would improve the health and well-being of San Diego in a broad, positive way, rely solely on Sharp for volunteer labor, and support existing nonprofit initiatives, community activities or other programs that serve SDC. Nineteen projects were selected for FY 2017: San Diego Food Bank (Food Bank), Feeding San Diego (FSD), Mama's Kitchen, Kitchens for Good, San Diego Wreaths Across America, American Diabetes Association (ADA) Tour de Cure, Doors of Change, Promises 2Kids, Ssubi is Hope Greening for Good Project, Special Olympics, Habitat for Humanity, Stand Down for Homeless Veterans, Life Rolls On - They Will Surf Again, I Love a Clean San Diego's Creek to Bay Cleanup and Coastal Cleanup Day, the San Diego River Park Foundation's Point Loma Native Plant Garden, Coastal Habitat Restoration, and Clean and Green River Cleanup, and River Kids Discovery Days - a joint effort between I Love a Clean San Diego and the San Diego River Park Foundation. More than 2,300 Sharp employees, family members and friends volunteered over 6,500 hours in support of these projects. The Food Bank feeds San Diegans in need, advocates for the hungry, and educates the public about hunger-related issues. The Food Bank distributes an average of 26 million pounds of food - equivalent to 21.6 million meals - throughout the year and serves nearly 400,000 San Diegans each month. Throughout SDC, weekend backpacks full of food are provided to chronically hungry children at elementary schools, while distribution sites provide boxes of groceries and staple food items to low-income seniors. On nine days between November 2016 and June 2017, more than 325 SLAH volunteers inspected, cleaned, sorted and packaged donated food. SLAH volunteers also assembled boxes and cleaned the Food Bank warehouse. FSD, part of the Feeding America network, is the leading hunger-relief organization in SDC, serving healthy food to more than 63,000 local children, families and seniors every week. FSD relies on the generous support of individuals, corporations, foundations and community groups to sustain critical hunger-relief and nutrition programs throughout the region. On eight days in February, March, July and September, 145 SLAH volunteers helped sort food, prepare bags for distribution, and clean produce for FSD. E

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	established in 1990, Mama's Kitchen is a community-driven organization that enlists volunteers to help prepare and deliver nutritious meals to community members affected by acquired immunodeficiency syndrome (AIDS) or cancer who are unable to shop or cook for themselves. Mama's Kitchen strives to help its clients stay healthy, preserve their dignity, and keep their families together by providing free, culturally appropriate home-delivered meals, pantry services and nutrition education. In February, April, August and September, 75 SLAH volunteers helped Mama's Kitchen serve meals to the community by preparing and packaging snack and vegetable items for delivery. Kitchens for Good breaks the cycle of food waste, poverty and hunger through innovative programs in workforce training, healthy food production and social enterprise. Through its Community Cooking Days program, volunteers help transform reclaimed produce into hundreds of hunger relief meals. In April, May and August, 40 SLAH volunteers helped with food preparation, cooking, meal assembly, packaging and cleaning to support the distribution of hunger relief meals by Kitchens for Good's community partners. In December 2016, SLAH participated in Wreaths Across America, a national event dedicated to honoring veterans, remembering fallen heroes, and teaching children about the sacrifices made by veterans and their families. At three local cemeteries - Fort Rosecrans National Cemetery, Miramar National Cemetery, and Greenwood Memorial Park - 235 SLAH volunteers honored veterans by placing donated wreaths on their gravesites. SLAH volunteers participated in the ADA Tour de Cure 2017 to support the one million (or one in three) San Diegans with diabetes or prediabetes and raise critical funds for diabetes research, education and advocacy in support of the ADA. For two days in April, approximately 30 SLAH volunteers assisted with pre-event packet pick-up, day-of event registration, T-shirt distribution, rest stop support and first aid. Doors of Change is a nonprofit organization dedicated to solving youth homelessness through empowerment and self-sufficiency. Through its Taking Music & Art to the Streets program, Doors of Change provides homeless youth with free music and art lessons, haircuts, hot meals, clothing, chiropractic care and social services. On eight days in February, June, and August, 35 SLAH volunteers served homeless youth at the Episcopal Church Center in Ocean Beach by sorting clothing and hygiene products, making sandwiches, and cleaning up after the program.

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	Promises2Kids provides current and former foster youth in SDC with the tools, opportunities and guidance they need to grow into healthy, happy and successful adults. In June and July, 20 SLAH volunteers supported the Guardian Scholars and Camp Connect programs by assembling goody bags, packing boxes, and assisting with inventory, as well as assembling care packages for college students raised in the foster care system. The Ssubi is Hope Greening for Good project collects discarded but safe and usable supplies from U.S. hospitals and distributes them to clinics around the world that have little or no medical resources. In addition to providing life-changing and life-saving services to people in underserved counties, the project has protected the environment by keeping more than one million pounds of medical surplus out of local landfills. On 20 days between October 2016 and September 2017, 265 SLAH volunteers joined the Greening for Good project to evaluate, sort, label and prepare medical materials for shipment. The Special Olympics Southern California - San Diego County program offers free, year-round sports training and competition for children and adults with intellectual disabilities. In May 2017, 25 SLAH volunteers supported the program's basketball competition during the Regional Spring Games at Carlsbad High School. Volunteers served as athlete escorts as well as assisted with score-keeping, time-keeping and the awards ceremony. In addition to building homes in partnership with local people in need, San Diego Habitat for Humanity operates two ReStore retail centers with a wide variety of new or gently used building materials and home furnishings for public purchase. The ReStore centers provide affordable merchandise to customers while helping fund the construction of Habitat homes throughout SDC. On two days in August and September, 20 volunteers organized donated items and took inventory of stock for the Mission Valley ReStore retail center. SLAH participated in Stand Down for Homeless Veterans, an event sponsored by the Veterans Village of San Diego, to provide community-based social services to veterans without a permanent residence. Over 10 days in June and July, approximately 120 volunteers sorted and organized clothing donations as well as set up and worked in the event's clothing tent. In addition, approximately 60 clinical volunteers - including Sharp-affiliated physicians and Sharp nurses, podiatry technicians, pharmacists and licensed pharmacy technicians - provided medical and pharmaceutical services. More than 900 veterans were served through the 2017 Stand Down for Homeless Veterans events. The Life Rolls On Foundation is dedicated to improving the quality of life for young people affected by SCI. Held at a local elementary school, the weeklong program provided more than 100 community members with clinical, dental and psychological services. In addition, participants trained 12 teachers to deliver a hygiene curriculum that encourages proper handwashing behaviors among the school's nearly 300 students, who frequently contract parasitic infections due to poor hygiene practices. Sharp team members also volunteered in Guatemala in May as part of a medical mission trip with Friends with Purpose, a nonprofit organization dedicated to providing medical care and community development in underserved communities around the world. The team of surgeons, registered nurses, anesthesia providers and other volunteers traveled to the city of Patzun, where they performed 43 surgeries on local patients, including gallbladder removals, hernia repairs and the removal of cysts. CHOICE Humanitarian and the doTERRA Healing Hands Foundation are dedicated to eliminating poverty and empowering impoverished communities with the tools they need to become self-reliant. For one week in February, a Sharp team member joined these organizations on a mission to the Alta Verapaz region of Guatemala. The mission team of 20, including a dietitian, an emergency medical technician, and a research scientist, built vented stoves for more than 40 families to help prevent respiratory problems associated with open-fire cooking techniques as well as dug post holes for fencing to surround sustainable farm land. The team also partnered with Days for Girls - a nonprofit organization committed to feminine hygiene access and education for females throughout the world - to provide personal hygiene training and education for local women and girls, including the provision of reusable feminine hygiene kits. The Alegado Foundation is a San Diego-based medical mission organization determined to help children, the sick and the aged through the provision of medical services, and donations of medical supplies, children's books, toys and sports equipment. In March, a Sharp team member joined the Alegado Foundation on a medical mission to the southern Philippines. Alongside local doctors, nurses, dentists, elementary school teachers and Philippine military personnel, the team provided free medicine, medical consultations, dental services and minor surgical procedures to approximately 275 patients over a two-day period. The team also fed and read to local children and provided free haircuts for youth and senior citizens.

For 10 days in April, a Sharp team member participated in a RAKlife trip to the Mai Chau District in Northwestern Vietnam, where the team built a small house and a clean water basin for a local family. In February, another Sharp team member visited Vietnam for two weeks through Prisoners of Hope, a ministry offered through the Rock Church Global Outreach program. The mission team provided a variety of medical and optometry services for approximately 1,190 medical patients and 800 optometry patients, including prisoners, orphans, the disabled, and those living in poverty. Since 1934, Liga International (The Flying Doctors of Mercy) has provided free health care and education to the people of the Mexican state of Sinaloa. In March and April, a Sharp nurse traveled to the city of El Fuerte, Sinaloa, to assist with admitting, operating and recovery for approximately 30 local patient surgeries. In May, a Sharp nurse participated in a 10-day mission trip to Lima, Peru, through CardioStart International - a global volunteer organization that brings specialized cardiac care teams to underserved regions. The team, which included a cardiac surgeon, anesthesiologist, cardiologist, respiratory therapist, nurses and support staff, performed surgery for eight children with congenital heart defects as well as provided advanced cardiac education to help local medical teams improve surgical outcomes and patient care. Also in May, a Sharp team member helped co-lead a team of eight PLNU students on a mission trip to Armenia with LoveWorks, a short-term mission program committed to sending well-trained, culturally sensitive and flexible teams of student missionaries to serve in challenging and remote areas of the world. The team provided numerous services to Armenian families, including donating clothing to the impoverished, repainting local schools, helping a local church move to a larger facility, and encouraging local churches in their ministry to women, children and teens. Community Walks Heart disease is the leading cause of death in the U.S. For the past 21 years, Sharp has proudly supported the AHA's annual San Diego Heart & Stroke Walk, which promotes physical activity to build healthier lives, free of cardiovascular diseases and stroke. In September 2017, approximately 960 walkers represented Sharp at the 2017 San Diego Heart & Stroke Walk held at Balboa Park. More than 120 teams, representing entities across the Sharp system, raised funds for the walk through numerous activities, such as auctions, drawings for prizes and a karaoke competition. Sharp has maintained its position as the No. 1 team in San Diego for the past 21 years and was the No. 2 team in the AHA Western States Affiliate for the third year in a row, raising more than \$217,700 and

This included 74 junior volunteers who provided approximately 4,400 hours of service at SMH and SMBHWN, 160 junior volunteers who dedicated more than 17,500 hours of service at SCVMC, and 275 junior volunteers who contributed more than 31,700 hours of service at SGH. Volunteers on Sharp's various entity boards provide program oversight, administration and decision-making regarding financial resources. In FY 2017, nearly 130 volunteers contributed their time to Sharp's boards. Sharp employees also donate time as volunteers for the Sharp organization, including service on the Cabrillo Credit Union Sharp Division Board, Sharp and Children's MRI Board, Grossmont Imaging LLC Board, and Sharp and UC San Diego Health's Joint Venture Board, which oversees the operations of their joint Liver Transplantation and Bone Marrow Transplant Programs. This section describes the achievements of various Sharp volunteer programs in FY 2017. Sharp HospiceCare Volunteer Programs Sharp HospiceCare offered various volunteer training opportunities in FY 2017, providing valuable knowledge and experience to volunteers who are often working towards a career in the medical field. Volunteers supported Sharp Hospice Care and those it serves by providing companionship to those near the end of life, support for families and caregivers, and help with community outreach. Approximately 50 new hospice volunteers were trained in FY 2017. Volunteers completed an extensive 24-hour training program to confirm their understanding of and commitment to hospice care prior to beginning their volunteer activities. In addition, seven teenagers participated in Sharp HospiceCare's Teen Volunteer program. In this program, teens completed special projects in Sharp HospiceCare administration, as well as assisted with patients at Sharp HospiceCare's LakeView, ParkView and BonitaView hospice homes. Tasks included grooming and hygiene activities, and simple acts of kindness such as sitting with patients, listening to their stories and holding their hand. Further, seven premedical students from SDSU, UC San Diego and CSUSM volunteered time by supporting family caregivers in private homes.

Activities may include reading, writing letters, taking walks, playing games, or simply comforting patients through conversation. In addition, CCP volunteers help keep patients safe by notifying medical staff when needs arise - a task that is usually performed by a family member or friend but often overlooked for patients who lack a companion. In FY 2017, 9 CCP volunteers devoted nearly 600 hours to approximately 460 patient visits. The Cushman Wellness Center Community Health Library and SMH Volunteer Department continued to offer the Health Information Ambassador program in FY 2017. Serving SMH, the SMH Rehabilitation Center and SMBHWN's perinatal special care unit, the program brings the library's services directly to patients and family members and empowers them to become involved in their own health care. Through the program, hospital volunteers receive specialized training to become Health Information Ambassadors, who offer to bring patients and family members additional resources on their diagnosis during their hospital stay. Information requests are brought to the consumer health librarian who then prints consumer-oriented information from high-quality websites, and returns the information back to the patients and families through the Health Information Ambassadors. Patients and family members are also provided with access to an online database of reliable health information as well as the opportunity to keep in touch with the library to ensure they continue to receive quality health information at home. In FY 2017, the Health Information Ambassadors visited more than 2,400 patient rooms and filled over 500 information requests. Established in 2007, the Arts for Healing program at SMMC uses art and music to reduce feelings of fear, stress, pain and isolation among patients facing significant medical challenges and their loved ones. The program brings a variety of activities to patients at their bedside - including painting, beading, creative writing, card-making, seasonal crafts, scrapbooking, quilting, music and drumming - to help improve emotional and spiritual health, and promote a faster recovery. The program also engages visitors and members of the community during hospital and community events. Funded completely by donations, Arts for Healing is led by Sharp's Spiritual Care Department and is implemented with help from licensed music and therapists as well as a team of trained volunteers. At SMH, Arts for Healing typically serves patients who are receiving cancer treatment, recovering from surgery or stroke, awaiting organ transplantation, receiving palliative care, or facing life with newly acquired disabilities following catastrophic events. At SMBHWN, Arts for Healing supports mothers with high-risk pregnancies who are susceptible to stress and loneliness during extended hospital stays prior to childbirth. Mus

At SMV and SMC, Arts for Healing offers several art and music therapy groups, including groups for patients recovering from drug addiction, adolescents and adults receiving treatment for mood and anxiety disorders, and older adults receiving treatment for dementia and depression. In collaboration with SMMC's social workers and palliative care nurses, in FY 2017 Arts for Healing facilitated the donation of more than 300 blankets and quilts to patients receiving end-of-life care at SMH. Twelve of the blankets were knitted and crocheted by patients at the SMV East County Outpatient Programs site, an activity that was also designed to reduce anxiety and depression among the patients crafting the blankets. Throughout the year, Arts for Healing led art and music activities for hundreds of patients and community members in recognition of various holidays and Sharp events, including Saturday with Santa, a public event hosted each December by the SMH Auxiliary, Valentine's Day, National Hospital Week in May, Cancer Awareness Week in June, Sharp's annual Women's Health Conference, and Sharp's annual Disaster Preparedness Expo. In FY 2017, 44 volunteers, including students from various colleges and universities, facilitated art activities for patients and their loved ones through Arts for Healing. Since its launch, the program has provided more than 6,300 one-on-one music therapy sessions and over 2,100 group music and art therapy sessions. In addition, Arts for Healing volunteers have knit 530 baby items for expectant mothers, created approximately 50,000 pieces of art, and enriched more than 55,700 patients, guests and staff through musical performances. In total, more than 117,600 patients, guests and staff have benefitted from the time and talent provided by the Arts for Healing program. Other Sharp Community Efforts In FY 2017, Sharp engaged in a variety of community service projects to improve the well-being of community members throughout San Diego. Below are just a few examples of these efforts.

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	According to the January 2017 WeAllCount Annual Report, there were 9,116 individuals experiencing homelessness in SDC, which represents an increase of 5 percent region-wide from 2016. Since 2011, Sharp has sponsored the Downtown San Diego Partnership's Family Reunification Program, which serves to reduce the number of homeless individuals on the streets of Downtown San Diego. Through the program, homeless outreach coordinators from the Downtown San Diego Partnership's Clean & Safe Program identify homeless individuals who will be best served by traveling back home to loved ones. Family and friends are contacted to ensure that the individuals have a place to stay and the support they need to get back on their feet. Once confirmed, the outreach team provides the transportation needed to reconnect with their support system. With Sharp's help, the Family Reunification Program has reunited more than 1,000 homeless individuals in Downtown San Diego with friends and family across the nation. Diapers are expensive - a month's supply can cost up to \$100 per child - and cannot be purchased with CalFresh or Women, Infants, and Children (WIC) benefits. As a result, parents with limited economic resources may change diapers less frequently than recommended and unintentionally place their infant at risk. In FY 2017, Sharp worked with Assemblywoman Lorena Gonzalez, SDG&E and hundreds of organizations and citizens across San Diego to help struggling families cope with a serious challenge - the cost of diapers - by donating diapers to the Food Bank's new Diaper Bank Program. The Diaper Drive, hosted by SDG&E, netted more than 27,000 diapers for families in need, nearly tripling the goal of 10,000 diapers. Sharp employees showed their support for this cause by donating more than 6,500 diapers. The SGH Engineering Department led a variety of volunteer initiatives in FY 2017. The team continued This Bud's for You, a special program that delivers hand-picked flowers from the campus' abundant gardens to unsuspecting visitors, patients and staff. Through the program, the SGH landscape team grows, cuts, bundles and delivers colorful bouquets to patient rooms as well as offers single-stem roses in a small bud vase to passers-by. In FY 2017, the team delivered three to four vases of flowers with an inspirational quote each week, with as many as eight vases or more during peak flower season and upon additional requests. In addition, nearly 40 vases of flowers were delivered to new mothers in the hospital on Mother's Day. This Bud's for You also supports the SGH Senior Resource Center and Meals on Wheels partnership by providing floral centerpieces for their fundraising events to benefit East County seniors, as well as offers roses for SGH's annual patient remembrance service. Now in its seventh year, the program has become a natural part of the landscape team's day - an act that is simply part of what they do to enhance the experience of hospital visitors. The SGH Engineering Department

With help from Sodexo - the hospital's food service, housekeeping and engineering vendor - a bouquet is quickly assembled (with balloons, ribbon, a Sodexo Care Bear and/or football) and delivered to the individual. In FY 2017, the team assembled up to 10 Cheers Bouquets per month, including bouquets for more than 40 new fathers on Father's Day weekend. For the past seven years, the SGH Engineering Department, landscape team and Auxiliary have collaborated with local businesses to bring The Shirt Off Our Backs Program to community members in need during the holidays. Through the program, volunteers collect and donate a variety of items to help meet the basic needs of homeless or low-income children and adults. In FY 2017, volunteers filled two trucks with donated food and other essential items, including 200 handmade sandwiches and 100 water bottles as well as clothing, socks, shoes, hygiene kits, toys, towels, blankets, pet food and other household items. The SGH landscape team created the award-winning Heart 2 Heart project through which the team places heart-shaped stones etched with reflections around the hospital campus for patients, visitors and staff to search for and reflect upon. The team also installed other various heart shapes made out of flagstone or cobble on planters and stone areas of the campus to encourage walking and engage campus walkers in its scenery. The Heart 2 Heart project earned the team the 2016 Spirit of Sodexo Award for North America after competing against 1,100 nominations from across all Sodexo business units in the U.S. and Canada. As a Gold Level finalist - the company's highest honor - the SGH landscape team demonstrates Sodexo's commitment to clients and customers as the heart of business. The SGH Engineering Department also participated in the Food Bank's Food 4 Kids Backpack program in FY 2017. The program provides weekend food packages to chronically hungry elementary school students from low-income households who are at risk of hunger over the weekend when free school meals are unavailable. Food 4 Kids strives to improve school performance and health by alleviating hunger. The program also provides information to parents about available local community services. Each week between January and April 2017, the SGH Engineering Department filled approximately 20 backpacks with roughly 250 pounds of food to ensure hungry students had access to food through the weekend. Since 2014, SGH nurses have organized an annual backpack drive in collaboration with Christie's Place - a non-profit organization that supports women, children and families affected by human immunodeficiency virus/AIDS - to prepare children and teens for academic success. Team members from a variety of departments help

Each year, the team distributes more than 250 backpacks to youth during a back-to-school party in Balboa Park. Similarly, the Labor and Delivery Department at SMBHWN is committed to the fight against hunger through participation in the International Relief Team's (IRT) Feeding San Diego's Kids project. Based in San Diego, IRT is a relief organization providing worldwide support that combines both short-term relief efforts and long-term programs to save and change lives. Through Feeding San Diego's Kids, nutritious food is provided to children in the Linda Vista Elementary School nutrition club, a group specifically for children who have been identified as homeless by the school nurse. Every week during the school year, labor and delivery team members fill backpacks with nonperishable, nutritious food that can feed a family of four over the weekend. The backpacks are also filled with nutrition-related prizes to encourage students and families to learn and participate in their own nutrition as well as with occasional holiday-related gifts. Approximately 25 elementary school children and their families are helped through the program each year. Since the start of the program in May 2013, the team has filled 5,500 backpacks with approximately 132,000 meals. For more than 30 years, SGH has provided its annual Santa's Korner giving event to provide for those in need during the holidays. Through this effort, various hospital departments adopt a family - who has been vetted and referred by local service agencies - and dedicate personal time to making the holidays the best they can be for each family. Special holiday gifts, including grocery gift cards, clothing, toiletries, household items, movie tickets, bicycles, children's toys and a holiday meal, are purchased for the families by hospital staff using primarily their personal resources and through occasional fundraisers. Santa's Korner served 33 families - equivalent to 118 individuals - during the 2016 holiday season. For the past three years, SCVMC has supported Operation Gobble Thanksgiving Turkey Distribution, an event started by Assemblywoman Lorena Gonzalez. In 2016, Operation Gobble provided Thanksgiving turkeys to 30 patients from the Barnhart Cancer Center's Medical and Radiation oncology departments.

All Ways Green Initiative: As San Diego's largest private employer and leading health care provider, Sharp has long been committed to improving the health of the environment and therefore the communities it serves. Sharp recognizes the connection between a healthy environment and individual health and well-being, and is dedicated to minimizing adverse environmental impacts by creating healthy green practices for employees, physicians and patients. Sharp promotes a culture of environmental responsibility through education, outreach, and collaboration with San Diego's Earth-friendly businesses to help identify best practices, reduce the costs of green practices, and facilitate the implementation of sustainable initiatives. Sharp's Environmental Policy serves to guide the organization in identifying and implementing green practices within the health care system. Through the All Ways Green(tm) initiative, Sharp maintains an environmentally conscious footprint and communicates sustainability throughout the organization and the San Diego community. Sharp's systemwide All Ways Green Committee is responsible for spearheading the organization's green efforts. Sharp's active environmental initiatives are concentrated in five domains: (1) energy efficiency, (2) water conservation, (3) waste minimization, (4), commuter solutions, and (5) sustainable food practices. Specialized committees/subcommittees are responsible for each of these domains (see Table 3), while established Green Teams at each Sharp entity are responsible for developing new programs that educate and motivate Sharp employees to conserve natural resources and reduce, reuse and recycle. Table 3 All Ways Green(tm) Committees/Subcommittees and Domains Natural Resource Subcommittee- Energy efficiency and water conservation Waste Minimization Committee - Waste minimization Food and Nutrition Best Health Committee - Sustainable food practices Commuter Solutions Subcommittee - Commuter solutions To monitor progress and measure tangible results, All Ways Green(tm) utilizes a customized report card, which evaluates each domain's annual performance against a baseline. The report card is designed to show where the desired results have been achieved and where improvements are still needed. Entity Green Teams utilize the report card to communicate the initiative results to all staff and to establish more effective sustainability practices. Sharp's goals and accomplishments within each All Ways Green committee/subcommittee and domain are described below. Natural Resource Conservation: According to the EPA, health care ranks as the country's second most energy intensive.

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	All Sharp hospitals engage in the EPA's ES database and monitor their ES scores on a monthly basis, thus following an international standard for energy efficiency created by the EPA. Buildings that are certified by ES must earn a 75 or higher on the EPA's energy performance scale, indicating that the building performs better than at least 75 percent of similar buildings nationwide without sacrifices in comfort or quality. According to the EPA, buildings that qualify for the ES typically use 35 percent or less energy than buildings of similar size and function. As a result of Sharp's commitment to superior energy performance and responsible use of natural resources, SCHHC and SCVMC received the ES certification in 2017 (SCHHC first earned the ES certification in 2007, and then again each year from 2010 through 2013, while SCVMC received ES certification from 2009 to 2011, 2013 and 2015). Return Reference	Explanation
FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	The goal of Sharp's Food and Nutrition Best Health Committee is to promote food sustainability efforts throughout the health care system and within the greater San Diego community. This includes a focus on Sharp's sustainable Mindful Food program to provide education and healthy food options designed to improve the health of Sharp's patients, staff, community and environment. Sharp's Mindful Food program includes the promotion of Meatless Mondays to reduce meat consumption, increased purchases of beef and poultry raised without the routine use of antibiotics, menus that highlight wellness options, participation in Community Supported Agriculture (CSA), a community of individuals who pledge support to a farm operation in order for it to become, either legally or spiritually, the community's farm, increased use of locally sourced fresh, organic and sustainable food, food composting, increased recycling activities, the promotion of sugarless beverages, and the use of post-consumer recycled packaging solutions. Additional sustainability initiatives implemented by Sharp are described below. * Since August 2016, SMH, SMV, and SGH have collaborated with the SDRM and the Food Bank in an innovative food recovery program that donates food items that can no longer be used in Sharp's kitchens but are perfectly healthy and nutritious to more than 45 hunger relief organizations in SDC. In addition, SCVMC and SCHHC recently partnered with FSD, making Sharp the first health care system in the county to donate food to San Diego's needy at such a wide-scale level. Food recovery efforts benefit the local community by ensuring access to nutritious meals for the food insecure, while also enabling Sharp to save on waste disposal costs and keep food out of landfills. In 2017, Sharp donated 18,300 pounds of food to these safety-net organizations. * In FY 2017, Sharp's composting programs diverted approximately 442,000 pounds of waste from landfills. SMMC was the first group of hospitals in SDC to participate in the city's food scraps composting program in 2012. In 2017, the program expanded to SCVMC with its engagement of the City of Chula Vista. Also in 2017, SGH collaborated with Resource Management Group recycling center to begin a composting program. Through these programs, food waste at these three Sharp sites is processed into a rich compost product and provided to residents at no charge for volumes of up to two cubic yards. The compost offers several benefits including improving the health and fertility of soil, reducing the need to purchase commercial fertilizers, increasing the soil's ability to retain water and helping the environment by recycling valuable organic materials. According to the City of San Diego, such waste diversion programs contribute to the extension of the landfill's lifespan from 2012 to at least 2022. * Launched in 2016, a soup stock program at SMH turns previously unused vegetable scraps into soup stock and sautés, on average, 174 pounds of

In addition, SCHHC saves an average of 45 pounds of food through its soup stock program. * In 2017, Sharp's imperfect produce program purchased more than 20,000 pounds of less-than-perfect fruits and vegetables per month that are nutrient-rich and full of flavor but would have been thrown away by Sharp's food vendors. The imperfect produce program is currently in effect at SCVMC with plans to expand across the system. * In 2017, Sharp's cooking oil recycling program collected more than 6,000 pounds of oil, which is converted into safe biodiesel oil. * SCHHC, SMH and SMV continued to operate the first county-approved hospital-based organic gardens. Produce from the gardens is used in meals served at the hospital cafes. * Sharp's waste-mindful operations, including self-audit checklists, continue to help kitchen teams reduce their carbon footprint between food preparation and cleanup. In recognition of these initiatives, the San Diego Food System Alliance awarded Sharp and Sodexo an EMIES UnWasted Food Award in 2016. Named after the Bill Emerson Good Samaritan Food Donation Act, which provides protection to good faith donors, this award was created to encourage food donation to nonprofit organizations. Sharp earned the award for instituting exemplary practices around prevention/source reduction, food donation, and composting/recycling. Sharp is an active member of San Diego's Nutrition in Healthcare Leadership Team, a subcommittee of the San Diego County Childhood Obesity Initiative's health care domain. Sharp is also a participant in Practice Greenhealth's Healthier Food Challenge. As a participant, Sharp commits to reducing its purchase of meats, increasing its purchase of locally-grown food, and increasing its percentage of sustainable animal proteins. Sharp measures the impact of its food initiatives using these three indicators, the results of which are described below: 1. Decrease in Animal Protein Purchases - In FY 2017, Sharp reduced animal protein purchases by more than 550,000 pounds. This represents a 31 percent reduction in animal protein purchases since FY 2014. 2. Increase in Locally Grown Produce - Sharp and Sodexo have made a concerted effort to increase the amount of locally grown produce to support community-based farmers and reduce the time and miles needed to receive the produce in Sharp's kitchens. In FY 2017, approximately 329,000 pounds of locally sourced produce were used in Sharp's kitchens, representing an increase of 57,000 pounds (more than 20 percent) of locally sourced produce since FY 2014. This is an area of great focus at Sharp and is expected to significantly increase in the next five years as more farmers are identified and certified to provide this safe, reliable source of naturally healthy produce. 3. Sustainable Animal Protein - In FY 2017, Sharp purchased more than 13,000 pounds of sustainable animal protein, representing a 50 percent increase from FY 2014. Sustainable animal protein includes

Using iCommute's TripTracker, employees can monitor the cost and carbon savings resulting from their alternate commuting methods. In addition, Sharp is enrolled in SANDAG's Guaranteed Ride Home program, which provides commuters who carpool, vanpool, take an express bus, ride the Coaster, or bike to work three or more times a week with a taxi or a rental car in case of an emergency or being stranded at work. In recognition of Rideshare Month every October, Sharp participates in SANDAG's iCommute Rideshare Corporate Challenge where employees earn points for replacing their solo drive with a greener commute choice, such as biking, walking, carpooling, vanpooling and public transit. In FY 2017, 84 organizations in SDC - representing more than 200,000 employees - competed in the challenge. Sharp won the top spot in the Mega Employer category for the fourth year in a row and for the fifth time in six years. The annual challenge is instrumental in helping reduce traffic congestion and greenhouse gas emissions throughout the region. Furthering the commitment to better commuting solutions for its employees, Sharp supplies and supports the hardware and software for almost 500 employees who are able to efficiently and effectively telecommute to work. These employees work in areas that do not require an on-site presence, such as information technology support, transcription, and human resources. Sharp also provides compressed work schedule options to eligible full-time employees, which enables them to complete the basic eighty-hour biweekly work requirement in less than 10 workdays and thus reduces commute costs, lowers parking demand, and helps the environment. Sharp's ongoing efforts to promote alternative commute choices in the workplace has led to recognition as a SANDAG iCommute Diamond Award recipient consistently between 2001 and 2010, and again from 2013 through 2017. Community Education and Outreach Sharp actively educates the community about its sustainability programs. In FY 2017, Sharp participated in the following outreach activities: * Sharp published e-newsletters for employees highlighting its recycling efforts and accomplishments, as well as reminders for proper workplace recycling, carpooling, and energy and water conservation. * Sharp held its sixth annual systemwide All Ways Green(tm) Earth Week celebration, including Earth Fairs at each Sharp hospital and system office. During the fairs, employees learned how they can decrease water, energy and resource consumption, divert waste through recycling, and reduce their carbon footprint by using alternative transportation at work and home. Many of Sharp's key vendors participated in the fairs to help raise awareness of green initiatives and how Sharp is involved in those programs. * Sharp

In FY 2017, Sharp provided education to staff, community members and community health professionals, and partnered with numerous state and local organizations, to prepare for an emergency or disaster. Sharp's emergency preparedness team offered educational courses to first responders and health care providers throughout SDC. This included a standardized, on-scene federal emergency management training for hospital management titled National Incident Management System/Incident Command System/Hospital Incident Command System (HICS) as well as a training focused specifically on HICS, an incident management system that can be used by hospitals to manage threats, planned events or emergencies. In addition, a course was offered to train participants to use the WebEOC crisis information management system, which provides real-time information sharing between health care systems and outside agencies during a disaster.

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	Disaster In September, Sharp's emergency preparedness leadership shared its expertise with other hospitals, health care providers, community partners and government agencies at the annual Disaster Planning for California Hospitals conference. Education provided by Sharp included strategies for building and maintaining sustainable and resilient health care coalitions, and improving emergency communications through the use of plain language. In FY 2017, Sharp's emergency preparedness leadership donated their time to state and local organizations and committees, including County of San Diego Emergency Medical Care Committee, California Hospital Association Emergency Management Advisory Committee, California Department of Public Health Joint Advisory Committee, Ronald McDonald House Operations Committee and San Diego County Civilian/Military Liaison Work Group. Sharp was also a member of the San Diego Healthcare Disaster Coalition - a group of representatives from SDC hospitals, health care delivery agencies, county officials, fire agencies, law enforcement and the American Red Cross, through which Sharp's emergency preparedness leadership heads an evacuation subcommittee to review hospital evacuation planning and identify best practices and to do so. Sharp's emergency preparedness leadership continued to participate in the Statewide Medical Health Exercise Program - a work group of representatives from local, regional and state agencies including, health departments, emergency medical services, environmental health departments, hospitals, law enforcement, fire services and more - which is designed to guide local emergency planners in developing, planning and conducting emergency responses. Through participation in the U.S. Department of Health & Human Services Public Health Emergency Hospital Preparedness Program (HPP) grant, Sharp created the Sharp HealthCare HPP Disaster Preparedness Partnership. The partnership includes SCVMC, SCHHC, SGH, SMH, SRSMG Urgent Care Centers and Clinics, San Diego's Ronald McDonald House, Rady Children's Hospital, Scripps Mercy Hospital Chula Vista, Kaiser Permanente San Diego and Zion Medical Centers, Alvarado Hospital Medical Center, Paradise Valley Hospital, UC San Diego Health, Palomar Health, Health Center Partners of Southern California, Naval Air Station North Island/ Naval Medical Services, San Diego County Sheriff's Department and Marine Corps Air Station Miramar Fire Department. The partnership seeks to continually identify and develop relationships with health care entities, nonprofit organizations, law enforcement, military installations and other organizations that serve SDC and are located near partner health care facilities. Through networking, planning, and the sharing of resources, trainings and information, members of the partnership are better prepared for a coordinated response to an emergency or disaster affecting SDC.

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	Sharp supports safety efforts of the state and the city of San Diego through maintenance and storage of a county decontamination trailer at SGH to be used in response to a mass decontamination event. Additionally, all Sharp hospitals are prepared for an emergency with backup water supplies that last up to 96 hours in the event of an interruption to the system's normal water supply. In September, Sharp hosted its sixth annual Disaster Preparedness Expo to educate San Diego residents on effective disaster preparedness and response in the event of an earthquake, fire, power outage or other emergency. Held at Liberty Station, the free event provided more than 700 community members with a variety of disaster exhibitors, demonstrations and displays as well as education on personal and family disaster planning. In recent years, endemic events occurring across the globe have had the potential to impact public health in the local San Diego community. Sharp has continued to partner with community agencies, County of San Diego Public Health Services and first responders to develop protocols, provide joint trainings, and establish safe treatment methods and locations. This preparation has allowed for the continued delivery of uninterrupted care to the community in the face of public health threats. Employee Wellness Sharp Best Health Sharp recognizes that improving the health of its team members benefits the health of the broader community. Since 2010, the Sharp Best Health employee wellness program has created wellness initiatives to improve the overall health, safety, happiness and productivity of Sharp's workforce. Each Sharp hospital, SRSMG and corporate location has a dedicated Best Health committee that works to motivate team members to incorporate healthy habits into their lifestyles and support them on their journey to attain their personal health goals. Team members are encouraged to participate in a variety of workplace health initiatives ranging from fitness challenges and weight management programs to health education and events. Sharp Best Health also offers an interactive web-based health portal where employees can create a wellness plan and track their progress. Since 2013, Sharp Best Health has offered annual employee health screenings to raise individual awareness of important biometric health measures, educate team members on reducing the risk of related health issues, and encourage employees to track changes in their metrics over time. In FY 2017, nearly 10,000 employees received health screenings for blood pressure, cholesterol, body mass index, blood sugar and tobacco use. Post-screening resources and tools are available for Sharp employees and their family members, including free access to a health coach as well as classes on a variety of health topics, including smoking cessation, healthy food choices, physical activity, stress management, and managing the challenges of living with a chronic condition such as diabetes, high blood pressure.

To align with this goal, Sharp Best Health encourages team members to use a Fitbit Zip(tm) wireless pedometer to track their steps, distance, calories burned, sleep patterns and more. By syncing these statistics to computers or smartphones, the Fitbit Zips(tm) can inspire team members to achieve their personal fitness goals one step at a time. Throughout the year, Sharp Best Health held both entity-specific and systemwide Fitbit Step Challenges to encourage team members to set personal goals and compete for prizes. During FY 2017, more than 700 participants across the Sharp system walked the equivalent of 57,080 miles. Since the Fitbit Zip(tm) program's inception in 2014, participating employees have increased their average total steps by 22 percent. Additionally, to promote safety along with increased physical activity, Sharp Best Health updated Sharp's acceptable footwear policy to permit walking shoes each day of the week at Sharp corporate offices. Sharp Best Health hosted a variety of wellness programs and events for employees and their family and friends. This included systemwide walking and hiking clubs through which more than 500 participants completed more than 50 hikes during FY 2017. In addition, in February, Sharp's Best Health committees collaborated to host the third annual 5K the Sharp Way Walk/Run Event at Tidelands Park in Coronado, which engaged 300 employees and family members. Sharp Best Health participated in community health events throughout the year, including the American Cancer Society Great American Smoke Out, National Nutrition Month, National Fresh Fruits & Vegetables Month, Stress Awareness Month and National Walking Day. Sharp Best Health also aligned its summer Fitbit challenges with the San Diego Heart & Stroke Walk by making a contribution to the AHA on behalf of each of the challenge winners. In addition, Sharp Best Health partnered with the AHA to promote walking meetings as a healthier alternative to standard meetings. At Sharp System Offices, Sharp Best Health partnered with the Humane Society to provide free "Walk a Dog, Boost Your Health Events" where employees were given the opportunity to relieve stress and get some exercise while providing highly valuable human interaction for sheltered dogs and puppies. Sharp Best Health provided on-site health and fitness classes for employees throughout FY 2017. This included an educational session on the importance of taking micro-breaks, the health impact of extended periods of sitting, and simple stretches to incorporate into the workday. Workshops were also offered on managing chronic pain as well as on the MELT technique, which uses soft body rollers and hand and foot balls to self-treat joint pain and tension. Fitness offerings included yoga, Zumba and aquatics classes. Sharp Best Health also offered recipe demonstrations to encourage healthy eating.

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	Sharp has been a longtime partner in the process of identifying and responding to the health needs of the San Diego community. Since 1995, Sharp has participated in a countywide collaborative that includes a broad range of hospitals, health care organizations and community agencies to conduct a triennial CHNA that identifies and prioritizes health needs for San Diego County (SDC). In addition, to address the requirements for not-for-profit hospitals under the Patient Protection and Affordable Care Act, Sharp has developed CHNAs for each of its individually licensed hospitals since 2013. This process gathers both salient hospital data and the perspectives of health leaders and residents in order to identify and prioritize health needs for community members across the county, with a special focus on vulnerable populations. Further, the process seeks to highlight health needs that hospitals could impact through programs, services and collaboration. For the 2016 CHNA process, Sharp actively participated in a collaborative CHNA effort led by the Hospital Association of San Diego and Imperial Counties (HASD&IC) and in contract with the Institute for Public Health (IPH) at San Diego State University. The process and findings of the collaborative HASD&IC 2016 CHNA significantly informed the process and findings of Sharp's individual hospital CHNAs. The complete HASD&IC 2016 CHNA is available for public viewing and download at http://www.hasdic.org. To develop its individual hospital CHNAs, Sharp analyzed hospital-specific data and contracted separately with IPH to conduct community engagement activities expressly for the patients and community members it serves. In accordance with federal regulations, the Sharp Memorial Hospital (SMH) 2016 CHNA also includes needs identified for communities served by Sharp Mary Birch Hospital for Women & Newborns, as the two hospitals share a license, and report all utilization and financial data as a single entity to the Office of Statewide Health Planning and Development (OSHPD). As such, the SMH 2016 CHNA summarizes the processes and findings for communities served by both hospital entities. The 2016 CHNAs for each Sharp hospital help inform current and future community benefit programs and services, especially for community members facing inequities. This section describes the general methodology employed for Sharp HealthCare's 2016 CHNAs. CHNA Committee The HASD&IC Board of Directors convened a CHNA Committee to plan and implement the collaborative 2016 CHNA process. The CHNA Committee includes representatives from all seven participating hospitals and health care systems: * Kaiser Foundation Hospitals - San Diego * Palomar Health * Rady Children's Hospital - San Diego * Scripps Health (Chair) * Sharp HealthCare (Vice Chair) * Tri-City Medical Center * University of California (UC), San Diego. Health CHNA Objectives In response to community feedback on the 2013 CHNA process and findings, and in recognition of the cha

Sharp's 2013 CHNA process and findings were significantly informed by the collaborative HASD&IC CHNA model. Consequently, Sharp's 2016 CHNA process sought to gain further insight into the needs identified across its different hospitals in 2013, including (in alphabetical order) behavioral health, cancer, cardiovascular disease, Type 2 diabetes, high-risk pregnancy, obesity and senior health. Specific objectives of Sharp's 2016 CHNA process included: * Gather in-depth feedback to aid in the understanding of the most significant health needs impacting community members in SDC, particularly Sharp patients. * Connect the identified health needs with associated social determinants of health (SDOH) to further understand the challenges that community members and Sharp patients - particularly those in communities of high need - face in their attempts to access health care and maintain health and well-being. * Identify currently available community resources that support identified health conditions and health challenges. * Provide a foundation of information to begin discussions of opportunities for programs, services and collaborations that could further address the identified health needs and challenges for the community. Study Area Defined: For the purposes of the collaborative HASD&IC 2016 CHNA, the study area is the entire County of San Diego due to a broad representation of hospitals in the area. With more than three million residents, SDC is socially and ethnically diverse. Information on key demographics, socioeconomic factors, access to care, health behaviors, and the physical environment can be found in the full HASD&IC 2016 CHNA report at http://hasdic.org. As the study area for both the collaborative HASD&IC 2016 and Sharp 2016 CHNAs cover SDC, the HASD &IC 2016 CHNA process and findings significantly informed Sharp's CHNA process/findings, and as such, are described as applicable throughout Sharp's CHNAs. For complete details on the HASD&IC 2016 CHNA process, please visit the HASD&IC website or contact Lindsey Wade, Vice President, Public Policy at HASD&IC at lwade@hasdic.org. For the collaborative HASD&IC 2016 CHNA process, the IPH employed a rigorous methodology using both community input and quantitative analysis to provide a deeper understanding of barriers to health improvement in SDC. The 2016 CHNA process began with a comprehensive scan of recent community health statistics in order to validate the regional significance of the top four health needs identified in the HASD&IC 2013 CHNA. Quantitative data for both the HASD&IC 2016 CHNA and Sharp 2016 CHNAs included 2013 OSHPD demographic data for hospital inpatient, emergency department (ED), and ambulatory care.

Clinic data was also gathered from OSHPD and incorporated in order to provide a more holistic view of health care utilization in SDC. Additional variables analyzed in the 2016 CHNA processes are included in Table 13; variables were analyzed at the ZIP code level wherever possible. Table 13 Data Variables in the HASD&IC and Sharp 2016 CHNAs Secondary Data Variables Hospital Utilization: Inpatient discharges, ED and ambulatory care encounters; Community Clinic Visits; Demographic Data (socioeconomic indicators); Mortality and Morbidity Data; Regional Program Data (childhood obesity trends and community resource referral patterns); Social Determinants of Health and Health Behaviors (education, income, insurance, physical environment, physical activity, diet and substance abuse). Based on the results of the community health statistics scan and feedback from community partners received during the 2016 CHNA planning process, a number of community engagement activities were conducted across SDC, as well as specific to Sharp patients, in order to provide a more comprehensive understanding of identified health needs, including their associated SDOH and potential system and policy changes that may positively impact them. In addition, a detailed analysis of how the top health needs impact the health of San Diego residents was conducted. In addition, Sharp contracted with IPH to collect additional community input through three primary methods: facilitated discussions, key informant interviews, and the Health Access and Navigation Survey with patients and community members. This input focused on behavioral health, cancer, cardiovascular health, diabetes, high-risk pregnancy, senior health and the needs of highly vulnerable patients and community members. In addition, Sharp conducted specific outreach to community promoters, and members of Sharp's Patient Family Advisory Councils - community members who are also current or former Sharp patients. Findings: The collaborative HASD&IC 2016 CHNA prioritized the top health needs for SDC through application of the following five criteria: 1. Magnitude or Prevalence 2. Severity 3. Health Disparities 4. Trends 5. Community Concern.

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	Using these criteria, IPH created a summary matrix for review by the CHNA Committee. As a result, the CHNA Committee identified behavioral health as the number one health need in S DC. In addition, cardiovascular disease, Type 2 diabetes and obesity were identified as having equal importance due to their interrelatedness. Health needs were further broken down into priority areas due to the overwhelming agreement among all data sources and in recognition of the complexities within each health need. As the HASD&IC 2016 CHNA process included robust representation from the communities served by Sharp, the findings of the prioritization process applied to the same four priority health needs identified for Sharp (behavioral health, cardiovascular, Type 2 diabetes and obesity). In addition, findings from Sharp's 2016 CHNAs continued to prioritize cancer, high-risk pregnancy and senior health among the top health needs for its community. In addition, analysis of feedback from the 2016 CHNA community engagement activities identified SDOH to be a key theme among community health needs. Ten SDOH were consistently referenced across the different community engagement activities conducted in both HASD&IC's and Sharp's CHNAs. The importance of these SDOH was also confirmed by quantitative data. Hospital programs and community collaborations have the potential to impact these SDOH. Ongoing Commitment to Collaboration Underscores Sharp's ongoing commitment to collaboration in order to address community health priorities and improve the health of San Diegans. Sharp executive leadership, operational experts and other staff are actively engaged in the national American Hospital Association, Association for Community Health Improvement, statewide California Hospital Association, HASD&IC, and a variety of local collaboratives including but not limited to the San Diego Hunger Coalition, the San Diego Regional Chamber of Commerce and Community Health Improvement Partners.
