Name: Miracle Flights

Form 990 (2017)

Form 990, Part III, Line 4a:

There are over 20,000 known rare diseases. In many cases, local community doctors may have limited knowledge about these diseases, so many of these children are required to travel to see specialists. This is where Miracle Flights comes in. With the average price of a roundtrip commercial airline ticket costing upwards of \$550, this cost can quickly cause families severe financial hardship, or worse yet, force them to pass on receiving much needed specialized medical care for the children. Miracle Flights will fly a child and up to 2 parents/guardians to for a second opinion, treatment or ongoing follow-up care. Program eligibility includes income verification, physician referral from the patient's local doctor, and appointment confirmation from the treatment site. Continued on Schedule O Miracle Flights has provided over 115,000 free flights for sick children and their parents, flying them as far as they need to go, as many times as required by their doctors. Since our inception, we have flown over 65,000,000 miles! Miracle Flights has recently expanded its reach by flying children from countries outside of the United States to American specialists. The Miracle Flights program is child focused, aimed at disadvantaged, sick children who need specialized medical care. Miracle Flights provides direct services to sick children through the purchase of commercial airline tickets, by coordinating the airline scheduling and handling the commercial flight medical clearance requirements. With increasing ticket costs, the costs of commercial airline tickets have become cost prohibitive for low income families. Unfortunately, in the United States today, there is no private insurance available or public assistance offered to families who need distant medical care. By ensuring that very ill children have the financial help to access the best and brightest doctors who specialize in their disease, Miracle Flights adds precious time to their young lives and brightens their futures. Miracle Flights closed its 2017-18 program year providing over 115,000 nationwide airline flights since its inception, with 8,300 of them during the current fiscal year, facilitating urgent access to health care for America's most fragile children. We like to say that "We Have A Cure For Distance."
