Name: Minnesota Independence College and
Community

Form 990 (2018)

Form 990, Part III, Line 4a:

Minnesota Independence College and Community (MICC) College Program teaches the core skills that we believe are essential to live independently within a community. We provide instruction and support on independent living skills, employment skills and social skills, using a holistic, strength-based model of education. In 2018-19, the College program served 46 individuals who have learning differences or Autism Spectrum Disorders plus their immediate and extended families. For the past 23 years, MICC has been perfecting an extremely effective model of transition into adulthood for the individuals that we serve. The College Program students live in apartments on our campus, which allow instructors to teach independent living skills in the type of environment that our students will transition to upon graduation from the program. The skills we teach range from basic cooking, cleaning and organization to budgeting, medication management, transportation and roommate dynamics. Our goal is to ensure that our College Program students are fully prepared to live independently after graduation from our program. The ability to live and work independently is the heart of our program. MICC helps students develop the skills that are necessary to complete the job search process, obtain employment and demonstrate the behaviors that will help them get and maintain employment. Topics addressed are job research, work behaviors, developing professional references, cover letters, completing applications, interviewing, disability and the workplace (ADA), work skills/abilities and interests, job search process, employment paperwork and worksite safety. Career exploration results are combined with job development services to help students find the best employment fit for their skills, abilities and interests. The Skills Training Program is an additional component of our Careers Program that is endorsed by Century College. There are four choices for training: Retail, Culinary, Hospitality and Health Services. It is a training program that has two parts: an in-class learning portion and a practicum portion that takes place in the community. The skills training program assists a person prepare for seeking employment to acquire the skills necessary to obtain and maintain employment. The programs are designed to meet the workforce needs identified by employers within industry sectors. Local employers understand the positive impact the real world experience can provide and the on-site instructors provided by MICC help our students interpret their real work experiences in real time. We measure our success by the number of participants who are employed and live independently in the community. At the end of the 2018-19 Program Year, 98% of eligible College Students and Community Members worked in the community and 92% of graduates are living on their own, outside of their parents' homes, in the Twin Cities.

Form 990, Part III, Line 4b:

The Community Program is for individuals with learning differences and Autism Spectrum Disorders who have successfully completed the College Program. Graduates are living independently in their own apartment or home, using public transportation and are employed competitively in the community. The Community Program provides a community to build lasting friendships, foster positive choices and offers a variety of healthy activities within the Twin Cities area. The Community Program provides support to our graduates who need support at work or who are looking for the next step in their career. The Community Program also assists graduates in maintaining their independence in an ever-changing world. Since its inception in 2005, this program has had a steady increase in participants. The Community Program is currently serving 75 adults, plus their immediate and extended families, and we anticipate continued growth with each new graduating class.

Form 990, Part III, Line 4c:

The Summer Program provides MICC with the opportunity to make a greater impact in the community by offering two sessions of a two week residential summer program to high school and transition age individuals with learning differences and Autism Spectrum Disorders. The program is an opportunity for students to work on skills similar to the College Program, but in a limited time frame. We provide an apartment living experience that includes skill building in the areas of cooking, cleaning, and transportation. We also provide work exposures to our participants via our corporate partnerships in the community. The program provides an opportunity for MICC to partner with other organizations and foundations to increase our influence and touch more lives. MICC knows that summer program and post-secondary options are crucial for individuals with learning differences and Autism Spectrum Disorders in order for them to further their education and transitional success. MICC would like to continue to partner with local school districts to give more young adults access to the skills and support that they need to learn and thrive.

This process is led by the Chair of the Board. The executive director's salary is initially set by evaluating both the job duties and responsibilities. Additionally, data from a published salary survey is used to determine an appropriate salary range for the position with consideration of other multiple factors, including education, experience and fit for the position. The salary is evaluated each year based on both the executive director's and organization's achievement of established goals and objectives. There is a discussion with the full board of directors and then a written and verbal report with new salary information is provided to the executive director.</p>
