## Supplemental Information

Part III, Line 1a	Works of art, which were acquired through purchases and contributions since the Museum's inception are insured under the Museum's fine art insurance policy and are not capitalized and recognized as assets in the financial statements. Purchases of collection items are recorded as decreases in unrestricted net assets in the year in which the items are acquired or as temporarily or permanently restricted net assets if the assets used to purchase the items are restricted by donors. Contributions of collection items are not recognized in the statement of activities. Proceeds from deaccessions or insurance recoveries are reflected as increases in the appropriate net assets classification. The museum's policy provides for deaccessioning works that do not fit into the collections plan or that are of poor quality or condition. Any funds made available by the sale of unrestricted deaccessioned works are used for acquisitions to strengthen the collection.
