Springfield Hospital (SH) is a 25-bed critical access hospital located in Springfield, VT. SH also operates The Windham Center, a 10-bed comprehensive inpatient mental health program in Bellows Falls, VT; off-site physical therapy services, five hospital-owned specialty clinics (ENT, general surgery, orthopaedics, gynecology and urology, and an adult day care center in Springfield, VT. Our mission is to excel at providing personalized, quality care; where people come first. Our vision is to be the provider of choice by creating a professional environment where patients want to receive care, clinicians want to practice medicine, and employees want to work. Our plan is to accomplish this by: - Empowering our caregivers with education, technology, and opportunities for personal and professional development; - Creating an environment, which builds collaborative relationships among clinicians, staff, and patients; - Providing our communities with the educational resources and support to make informed decisions emphasizing prevention and wellness; and, - Offering safe, personalized, high-quality care. SH provides health services to residents throughout its catchment area. Many of the services benefit the elderly, the poor, the indigent, the underinsured and the uninsured. SH receives minimal reimbursement from these programs, with 40% of Springfield Hospital net revenue coming from Medicare and Medicaid funding. Springfield Hospital has a charity care policy under which patients who meet certain criteria will receive care without charge, or at amounts less than established rates. Patients qualify for 100% charity care at up to 200% of the federal poverty guideline (FPG) and 50% assistance up to 300% of the FPG. The Hospital does not bill patients nor pursue collection of amounts determined to qualify as charity care. For FY20, charges foregone for charity care, based on established rates, amounted to \$889K. Springfield Hospital operates a number of specialty practices to provide needed specialty care to health center patients. These clinics include Connecticut Valley ENT, Surgical Associates, Connecticut Valley Orthopaedics, Springfield Gynecology and Springfield Urology. In addition, SH provides an outpatient clinic serving patients needing treatment and minimizing their need to travel great distances for medical oncology or infusion services. Cardiology services are also offered on-site 6 days each month at the specialty clinic. Charitable support, in the form of gas cards and/or medication cards, is provided to patients who do not have needed funds. This charitable support program is available through donations and grant funding. Other community benefit programs include the following: Job Training and Shadowing Programs: These programs, in cooperation with Vocational Rehab and training programs through the State of Vermont, provide opportunities to gain on-the-job experience in the healthcare field. We also work with area high school students to provide opportunities for career education and summer employment. Healthcare Scholarships: Springfield Hospital raises funds that are then donated to individuals to further their educational pursuits in healthcare careers. In FY 2020, we donated four scholarships of \$1,000 each. BeSeatSmart Program: This program helps residents comply with Vermont's child passenger restraint law, while ensuring the safety of our smallest patients. During FY 2020, 13 child safety seats were provided to families in need, and a total of 20 child safety seats were installed and/or inspected by the Child Passenger Safety Technician, on site at Springfield Hospital. The safety seat checks are offered as a free community service. We estimate the value of this program to be \$1,000 based on staff time to educate parents on the proper use and installation of the child safety seats and administrative assistant costs. Employee Donations For Community Causes: Throughout the year, the Hospital encourages employees to participate in and donate to fundraising events in support of various associations that address community needs, for example Hearts of Hope and the Santa Claus Club. In addition, Springfield Hospital partners with the Vermont Food Bank in offering Veggie VanGo that provides free fresh fruits and vegetables to families in need on a monthly basis. The Springfield Hospital Veggie VanGo site serves approximately 300-400 families each month. EMS Preceptor Programs: Through Springfield Hospital's Emergency Department, area EMS continue their education by participating in a preceptor program, allowing personnel to observe patient care. Hospital Based Support Groups: Springfield Hospital routinely provides education and support groups on a variety of topics such as Alzheimers' Caregivers. Group meetings meet monthly and are free to participants, educational in nature, and offer an opportunity for group discussion. During FY 2020, these groups were suspended for public safety precautions related to COVID-19. Meeting Rooms: Free meeting room space is offered to community groups when space is available. Groups that offer information on health or wellness are given a priority; such as Alcoholics Anonymous, Vermont Department of Health, the community health team and the community collaborative. During FY 2020, these groups were suspended for public safety precautions related to COVID-19. Training Site Partnerships: Springfield Hospital is a training site for Vermont Technical College for their Licensed Practical Nurses and several other schools for their Registered Nurses. Generally, the following participating schools have students doing practicums: University of New Hampshire, University of Vermont, Norwich University, University of Massachusetts, Smith College, Antioch New England Graduate School, River Valley College, VTC, St Joseph's College of Maine, Castleton State College. The program utilization generally requires an estimated 1,500 to 1,700 hours for clinical work, although we had lower activity in 2020 due to COVID-19. Community Education: Springfield Hospital promotes health education programs, open to the public, which include American Heart Association CPR and First Aid classes. The Hospital also collaborates with the Springfield Medical Care Systems' community health team in offering community health and wellness education programs throughout the year emphasizing preventive programming around diet, exercise and nutrition. Springfield Community: Springfield Hospital encourages employees to become an active volunteer to help improve the communities we call home. Employees donate their time in a variety of areas ranging from serving as Board Members for local groups, participation in fundraising activities, including the Springfield Hospital Annual Golf Tournament and Apple Blossom Cotillion fundraising events. Volunteer Service: Volunteer Services provide a variety of services to patients and visitors. The donation of time and fundraising activities support programs that include Clerical Services, Activities Assistant at Adult Day Services, Materials Management Support, Inpatient Discharge Phone Calling Support and Special Services in the Emergency Department. Volunteer numbers and time were drastically reduced in 2020 due to COVID-19. In 2020, prior to early March, Springfield Hospital had 28 volunteers. These individuals volunteered approximately 650 hours. The Windham Center: The Windham Center is a 10-bed inpatient mental health unit that provides mental health services to residents of Windham and Windsor counties and other communities. Programs provide treatment for men and women who are 18 years of age and older. Multidisciplinary teams include psychiatrists, social workers, clinicians, drug and alcohol counselors, and nurses. The Windham Center serves the general population and financial assistance is available, based on need. The Windham Center had 190 admissions in 2020, and incurred \$29K in charity care expense and \$487K in non-reimbursed Medicaid and Medicare costs for the same time period. Adult Day Care Service: Springfield Hospital operates an adult day care service, located in Springfield, VT. A cost-effective choice to long term nursing home health care, the Springfield Area Adult Day Service assists families with seniors or disabled adults, over the age of 18, who face the challenge of losing their independence. The structured program offers a safe and protective environment where nutritious meals, social activities, health care services, nursing oversight, and coordination of needed social and support services are provided. Transportation is available through an arrangement with the local bus service, Marble Valley Regional Transit.

Form and Line Reference	Explanation
Part I, Line 7g:	Amount represents funding required by Springfield Medical Care Systeem in order to operate, conduct, and provide various medical services to the community served.
Part III, Line 2:	The Organization used the cost to charge ratio calculated on Worksheet 2 multiplied by bad debt expense per the Organization's audited financial statements.
Part III, Line 4:	Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. In evaluating the collectibility of accounts receivable, the Hospital analyzes past results and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts. For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Hospital records a provision for bad debts in the period of service based on past experience, which indicates that many patients are unable or unwilling to pay amounts for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged against the allowance for doubtful accounts.
Part III, Line 8:	Worksheet A from the Form 990 Instructions was used to determine the amount reported on Line 6.
Part III, Line 9b:	Financial assistance is written off from charges before any collection efforts are made.
Part VI, Line 2:	Our planning process is participative and incorporates ongoing public input regarding community health care, hospital services, and new opportunities. Conducted on an annual basis, planning includes information from various sources as outlined below: - Public Input is invited at any time through our website, e-mail, or regular mail. - Monthly Board of Directors' meetings are open to the public.1) A community needs assessment tool is available on our website's home page, www.springfieldmed.org, that provides ongoing opportunity for community feedback. 2) A Community Relations Line offers an invitation to provide feedback directly to the Quality & Systems Improvement Department via phone or email. This contact information can be found on the home page of our website, www.springfieldmed.org, by calling 802-885-7299, or by e-mailing communityrelations@springfieldmed.org. - Ongoing information is received throughout the year to help us with our quality improvement initiatives. Our patient satisfaction survey process is conducted in cooperation with N.R.C. Picker, and monitors quality and services on a monthly basis.- Outreach activity for planning and partnering with local boards, community services, and membership organizations is ongoing. This includes partnering with Vermont's Blueprint For Health, the VT Chronic Care Collaborative, the Edgar May Health & Recreation Center, emergency planning, career/education, and youth and elderly services agencies, to name a few, and provides ongoing community input. - A Community Health Team is fully operational, meeting monthly to collaborate and partner with area agencies to remove barriers and improve access and quality of care. The team now exceeds 100 participants. New members are welcomed at each meeting as word of the team spreads throughout the community. The quarterly Community Collaborative Group is an extension of this group and all members of the Community Health Team are invited to participate as often as they wish. - Our Board of Directors and Corporators provide ongoing participation through local representation. As a small community hospital, representatives interact regularly with community members and are available to answer questions or receive feedback. - Our volunteer network creates ongoing opportunities for patient interaction and community outreach activities. - Public meetings and events are held as needed throughout the year allowing our community to be directly involved in our work, and public comment and suggestions are invited.
Part VI, Line 3:	Enrollment counselors are available at physician practice offices, at Valley Health Connections on River Street in Springfield, VT, and at Springfield Hospital to meet privately to consult with patients about their eligibility for a variety of public programs and/or financial assistance. Information is provided through certified navigators and enrollment counselors, distributed to the community via our Community Health Team and area social service agencies, and is included in every welcome packet to new patients. It is also available via our website.
Part VI, Line 4:	The Organization is a non-profit corporation directed by a dedicated Board of Directors comprised of patients and community members. The service area includes towns located in the Vermont counties of Windsor, Windham and Bennington; and New Hampshire counties of Sullivan (two towns) and Cheshire (one town). Springfield Medical Care Systems, the parent corporation, provides and coordinates care from nine health center locations in the towns of Springfield, Ludlow, Chester, Londonderry and Rockingham, VT, and Charlestown NH. Springfield Hospital is located in Springfield, VT. The service area is rural, primarily white, and has an older, lower income population. The community includes uninsured and Medicaid patients which represents 25% of the patient population. In NH, MUPs include Alstead, Acworth, Charlestown, Langdon and Walpole. Part VI, Line 5:	The health of our area communities and access to quality health care is served through the community health center network of the organization's parent corporation, Springfield Medical Care Systems, which is the primary source of preventive and coordinated care in our service area. The organization is directed by a Board of Directors comprised of community members and patients. Free health screenings, education programs and support groups are offered throughout the year. Financial assistance is communicated broadly across the service area, available to all who qualify based on a sliding fee scale, and includes dental, vision and pharmacy assistance.
Part VI, Line 6:	Springfield Hospital is a subsidiary of Springfield Medical Care Systems (SMCS). SMCS is comprised of a network of primary care offices (federally-qualified health centers) that provide ongoing care and outreach to our local communities, employing a medical home model of care, and focusing on prevention and efficient care management in cooperation with the Chronic Care Collaborative and the Vermont Blueprint for Health. Need for specialty services is referred by SMCS' health center medical staff to Springfield Hospital and its outpatient specialty clinicians, other area hospitals, or to designated tertiary care facilities for the appropriate level of care as needed.
