Facts And Circumstances Test

Return Reference	Explanation
Schedule A, Part II, Line 17A	The society has an annual appeal process that generates most of its annual contributions. Over the past few years the society received a few large contributions and bequests that are not expected to reoccur. These gifts coupled with higher then expected investment return resulted in a lower then expected contribution percentage. The society expects the annual fund contribution to grow resulting in a steady increase in the percentage of contributions from the general public.
