Our clinical staff continued to work closely with the public sector in supporting the delivery of services through public sites, improving quality of care, and transferring control of high-performing public sector sites to governments. Programs expanding our capacity for client services included the transition of clinic-oriented centers to facilities offering high quality maternity care, including emergency obstetric, newborn care, and other women's health services. Several new sexual and reproductive health products, developed and marketed by MSI, were launched in Africa, including emergency contraceptive medication. MSI continues to be an innovative and dynamic provider across Africa through our work with telemedicine, a working clinic and pharmacy model, call center support for women to access information and get guidance on where to get services, and an active voice with health ministry departments efforts to improve services provided and paid for thought government programs.

Asia country programs also moved the needle on sustainability and made strides in improving the quality and safety of our programs. Our clinical teams in Myanmar continue to play a critical role in filling the in public sector capacity by providing family planning and postabortion care services to women otherwise unable to access services. Our advocacy efforts in Asia on behalf of women helped to bring about the reforms of restrictive bans to access reduce the risk of penalty in obtaining services for both our clients and clinical staff.
