Return Reference	Explanation
X 2	The Organization is a nonprofit organization as described in Section 501c3 of the Internal Revenue Code and is exempt from federal and state income taxes. The Organization has adopted the provisions of the accounting pronouncement related to accounting for uncertainty in income taxes. The Organization recognized no interest or penalties in the statements of activities for the years ended December 31, 2021 and 2020. If the situation arose in which the Organization would have interest to recognize it, it would recognize this as interest expense and penalties would be recognized in other expenses. Currently, the prior three years are open under federal and state statutes of limitations and remain subject to review and change. The Organization is not currently under audit nor has the Organization been contacted by these jurisdictions. Based on the evaluation of the Organizations tax positions, management believes all positions taken would be upheld under an examination. Therefore, no provision for the effects of uncertain tax positions has been recorded for either of the years ended December 31, 2021 and 2020.
II 9	NRC enters into deeds of conservation easements with landowners who grant the deeds to NRC. Conservation easements, either purchased or donated, are initially valued at their appraised value. The difference between the purchase price and appraised value is reflected as a contribution on the Statement of Activities. Once the development rights for a specific conservation easement are extinguished, generally immediately after acquisition, a valuation allowance is established to reduce the value of the conservation easement to 1. This value reflects the lack of marketability related to the easements. The reduction in value due to extinguishments of development rights is reflected as a program expense on the Statement of Activities and extinguished development value on conservation easements on the Statement of Functional Expenses.
