#### Form 990, Part III, Line 4c:

National Jewish Health is the nations' largest nonprofit provider of phone-based commercial tobacco cessation services, delivering evidence-based, personalized telephone and online coaching programs in 20 states and for more than 120 health plans, employer groups and wellness companies. The state grant contract revenue of \$13,525,200 is included in Part VIII. line 1e, while the rest of the revenue is reported in section 4c above. Since the development of our Ouitline program in 2002, National Jewish Health has assisted more than 2.0 million people with their guit attempts. National Jewish Health leverages emerging research and some of the industry's most prominent thinkers to continually adapt and improve our program in order to meet the needs of our clients and participants. The Quitline program follows the best practices and industry standards published by the Centers for Diseases Control and Prevention (CDC) and North American Quitline Consortium (NAQC). National Jewish Health's protocols are research- and evidence -based. The Quitline is staffed by more than 90 professionals who are devoted to commercial tobacco use prevention and cessation. The Tobacco Cessation Coaches (Coaches) undergo rigorous training that enables them to tailor their coaching services based on participant needs using our proven-successful coaching model. For each person who reaches out to the Quitline for help, the coaches immediately engage them in their guit journey to foster success, and our results demonstrate our proven track record. Our surveys, conducted by an independent third party, show that individuals who receive our evidence-based coaching services and use cessation medications have a 37% tong-term guit rate, one of the best guit rates in the nation.

Form and Line Reference	Explanation
Schedule H, Part I, Line 3c	National Jewish Health is a voluntary participant in the Colorado Indigent Care Program (CICP) and has modeled their Financial Assistance Policy after the program. Pursuant to CICP guidelines, patients pay a minimal co-pay for care. National Jewish Health believes charging a minimal co-pay causes patients to be a full participant in their healthcare plan. For the National Jewish Health Financial Assistance program (FAP) National Jewish Health reviews income and liquid asset levels to determine patient financial need and discounts. Liquid assets (less an allowance based on family size) are added to annualized income (less annual medical expenses) to compare to the FPG. Through this formula National Jewish Health take into account medical indigence.
Schedule H, Part I, Line 7	National Jewish Health conducts an annual study to determine the costs of all major programs. Through this study, which allocated specific costs across major programs, we determine the cost of clinical care. This ratio is multiplied by the total bad debt charges to determine cost. It is the same methodology used to determine cost of free and reduced care. National Jewish Health classifies accounts as bad debt at the end of the collection cycle once contractual adjustments, financial assistance, and payments have been applied. An account is considered bad debt after all reasonable collection efforts have been made.

Form and Line Reference	Explanation
Schedule H, Part I, Line 7g	The bad debt on line 2 is calculated at a cost to charge ratio, so is listed at an estimated cost lost. All accounts written off for private pay or underinsured patients who are determined to be uncollectible are considered implicit price concessions since we accept patients regardless of their ability to pay. The amount listed in line 2 is actually a reduction to gross revenue on our audited financial statements- as a price concession to reach net revenue. The note discussing Patient Revenue includes all related information and in footnote 3 of the audited financial statements.
Schedule H, Part III, Section A, Line 4	With FASB new revenue recognition 605 and 606, revenue is recorded net of price concession, including bad debt. Bad debt is not reported on the financial statements, except when financial positions change for patients after their date of service. Financial Bad Debt was -0- for FY21 so as such there was no footnote.

Form and Line Reference	Explanation
Schedule H, Part III, Section B, Line 8	National Jewish Health is committed to providing specialty care to seniors. Patients benefit from extensive time with their healthcare providers, multi-specialty care focused on the whole patient, comprehensive patient education, rehabilitation and thorough diagnostic work-ups and treatments. This care is expensive and many aspects of it are not reimbursed adequately from Medicare. Many patients come to us as a last resort. The ability to access our care without regard to the limitations of insurance is an important benefit to these patients and to their community.
Schedule H, Part III, Section C, Line 9b	National Jewish Health screens for financial assistance policy (FAP) eligibility for 240 days after the first self-pay balance statement. During the first 120 days National Jewish Health collects on all accounts (excluding extraordinary collection practices) - until a patient applies for financial assistance. If they are found eligible, the discount is calculated and applied, the balance due is determined and normal collection practices resume for the remaining balance. During the last 120 days, if a patient applies for National Jewish Health financial assistance, all collection efforts (including any extraordinary collection practices) are suspended. If the patient is determined to be FAP eligible, any extraordinary collection efforts are reversed, the discount is calculated and applied, the balance due calculated, and normal collection efforts are resumed for this balance.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 2	National Jewish Health scrutinized published health data, held community input sessions, surveyed community health providers and consulted with our own faculty, who have extensive contacts and experience with the community, to understand the outstanding health needs of residents in our community.
Schedule H, Part VI, Line 3	National Jewish Health maintains a financial counseling department designed to help patients obtain needed assistance. The counselors inquire about financial need and educate patients on the various assistance programs available to them, including National Jewish's own financial assistance program and the Colorado Indigent Care Program. The counselors are available to assist patients in applying for need based on programs and in establishing payment plans and options.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 4	As a specialty hospital focused on respiratory, cardiac, immune, and related diseases, National Jewish Health serves a very diverse community. The main National Jewish Health campus is located in a central Denver neighborhood at 1400 Jackson Street. Adult and pediatric patients come to National Jewish Health from the local community as well as from throughout the State of Colorado and nationally. Since tobacco addiction is a significant contributor to the disease burden of our patients, National Jewish Health operates tobacco cessation programs for the Denver community and in 20 other states.
Schedule H, Part VI, Line 5	National Jewish Health invests significant resources in meeting the healthcare needs of our community. Since our founding over 120 years ago, when National Jewish Health was a free hospital for the care of indigent TB patients, National Jewish Health has been committed to meeting the medial needs of the under served in the community. National Jewish Health is only one of a handful of outpatient clinics in the area that schedules patients for services on a first come, first served basis regardless of ability to pay. All patients are provided a full scope of diagnostic and therapeutic services without regard to the patient's financial need. Our clinicians serve at multiple locations throughout the state in order to ease access to our services. As a teaching institution, our faculty educates and trains tomorrow's doctors, nurses, and other healthcare staff. Every year, National Jewish Health spends millions of dollars to conduct the full continuum of research from basic science to clinical application. National Jewish Health operates a K-8 school on our campus exclusively for chronically ill children with special medical needs. To our knowledge, it is the only school of its kind on a healthcare campus in the country. Overwhelmingly the students at the school live in poverty and qualify for free or reduced lunches. National Jewish Health offers free lung testing around the country. We subsidize programs throughout the community including an inner city asthma program in the Denver Public Schools, an Asthma Took Kit program for the western slope and a free asthma care and teaching program in the lower income communities of Colorado. As a not-for-profit institution our Board of Directors, all of whom are community leaders, are head th for untal revising the health needs of Colorado citizens. As the surges of the COVID-19 pandemic continued through 2020 and into 2021, National Jewish Health programs for children and adults to treat both actively infected and recovering patients, including monoclonal antibody testing, r

## Form 990 Part V Section C Supplemental Information for Part V, Section B.

**Section C. Supplemental Information for Part V, Section B.**Provide descriptions required for Part V, Section B, lines 1j, 3, 4, 5d, 6i, 7, 10, 11, 12i, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22. If applicable, provide separate descriptions for each facility in a facility reporting group, designated by "Facility A," "Facility B," etc.

Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 5-National Jewish Health	National Jewish Health joined with Saint Joseph Hospital and the Denver Department of Public Health and Environment to conduct two focus groups of community stakeholders to provide input on the CHNA process. The first was held at Metro Caring with participants recruited by Metro Caring staff through their day-to-day operations. The second group was held at Saint Joseph Hospital with community members recruited through a Saint Joseph Hospital satellite clinic primarily serving low- income expectant mothers and their families and were primarily of Hispanic origin. The following organization were also surveyed: Early Child Pediatrics, Denver Health Community Health Clinics- Family Medicine and Pediatrics, 2040 Partners for Health, Clincia Tepeyac, STRIDE Community Health Center, and Salud Family Health Centers. National Jewish Health will be conducting a CHNA in 2022.
Schedule H, Part V, Section B, Line 11- National Jewish Health	National Jewish Health leadership has chosen to direct its time, resources, and extraordinary expertise to address these specific areas: Pediatric Asthma, Education, and Access to Specialty Care. National Jewish Health is addressing Pediatric Asthma through extending hours into evenings and Saturdays, adding more faculty and staff to care for more children, and adding more locations in Denver and beyond. National Jewish Health is providing education to patients and their families on how to manage asthma and other respiratory diseases through providing active training programs to health care professionals, expanding access to patient education classes and support groups, increasing resources available at the onsite and online library which contains 200 MedFacts, TestFacts, and instructional videos on topics such as inhaler technique and "What is COPD?". National Jewish Health also operates a free K-8 school for up to 90 chronically ill children on the organization's main campus. The school teaches predominantly low-income and minority students and their families about how to manage environment, while the students fully participate in a full schedule of academic studies. The program helps them catch up on lost ground caused by absences as a result of their asthma and other chronic diseases. National Jewish Health is addressing long-term access to Specialty Care by constructing a five-story Center for Outpatient Health (opening in October 2021) and changing to Epic for electronic health records (projected for fall of 2022). National Jewish Health is has developed a program for amyotrophic lateral sclerosis (ALS) patients, expanded both its scleroderma and other pulmonary programs and opened Immediate Care services.

**Section C. Supplemental Information for Part V, Section B.**Provide descriptions required for Part V, Section B, lines 1j, 3, 4, 5d, 6i, 7, 10, 11, 12i, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22. If applicable, provide separate descriptions for each facility in a facility reporting group, designated by "Facility A," "Facility B," etc.

Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 14- National Jewish Health	National Jewish Health's full and plain language FAP includes the items used for eligibility criteria; Federal Poverty Guidelines (FPG) and liquid assets. The result of the formula "Liquid Assets (less a \$2,500 allowance per family member) at a minimum of -0- + annualized income - annualized medical expenses (including health insurance premiums)" is compared to the FPG levels to determine the discount percent allowed. The chart is included with the FAP plan summary on the National Jewish Health website (njhealth.org). This discount percent is applied to the self-pay portion of the charges and that amount is deducted from the patient balance.
Schedule H, Part V, Section B, Line 16g- National Jewish Health	When patients inquire about financial assistance at various admission locations, the personnel refer them to the Financial Counselor's Office in the main admissions area. The counselors discuss the various assistance programs (including Medicaid, CICP, and the National Jewish Financial Assistance Program), pre-screen patients, and help them prepare applications. National Jewish Health FAP plain language paper copies are located in the Financial Counselor's office. Phone numbers and the url to the website are on the patient private pay bills and signs are displayed in the admission area.
