SCHEDULE D, PART X, LINE 2:	PPGF evaluates its uncertain tax positions and will recognize a loss contingency when it is probable that a liability has been incurred as of the date of the financial statements and the amount of the loss can be reasonably estimated. The amount recognized is subject to estimate and management judgment with respect to the likely outcome of each uncertain tax position. The amount that is ultimately sustained for an individual uncertain tax position and for all uncertain tax positions in the aggregate could differ from the amount recognized. As of December 31, 2023, management did not identify any uncertain tax positions requiring disclosure in the financial statements. The Organization is subject to potential examination by taxing authorities for income tax returns filed in the US federal jurisdiction. The tax years that remain subject to potential examination for the US federal jurisdiction are December 31, 2020 and forward.
