Return Reference	Explanation
Pt X, Line 2	The Foundation has adopted the recognition requirements for uncertain income tax positions as required by GAAP, with no cumulative effect adjustment required. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more likely than not be sustained upon examination by taxing authorities. The Foundation has analyzed the tax positions taken in its filings with the Internal Revenue Service and state jurisdictions where it operates. The Foundation believes that its income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Foundations financial position, changes in net assets or cash flows. Accordingly, the Foundation has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions at December 31, 2024. The Foundation is subject to income tax audits for the previous three years which are open. There are currently no income tax audits for any tax periods in progress.
