Return Reference	Explanation
X 2	Management has determined that the organization has no unrelated business income during the year ended June 30, 2024 and has not filed an Exempt Organization Business Income Tax Return Form 990-T with the IRS. The organization only recognizes the benefit from an uncertain tax position taken or to be taken in a tax return if the tax position is more likely than not to be sustained upon an examination, based on technical merits of the position. Management has analyzed tax positions taken for filings with the Internal Revenue Service and all state jurisdictions where the Organization operates. Management believes that income tax filing positions would be sustained upon examination and does not anticipate that any adjustments would result in a material adverse effect on the Organizations financial condition, results of operations or cash flows. Accordingly, the Organization has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions at June 30, 2024.

In collaboration with the Georgia Department of Public Health, genetic risk asessment for Hereditary Breast and Ovarian Cancer is offered to every county health department where Georgia CORE provides genetic testing, consultation and education. Geogia CORE raises funds for breast cancer screening of rural, underserved and minotiry women via the sale of Georgias Breast Cancer license tax. In partnership with the State Office of Rural Health, more than 4M has been awarded to more than 25 community partners to conduct screening and education.

The organization offers multidisciplinary conferences and educational programs including a partnership with the Georgia Society of Clinical Oncology to provide education for navigators who address survivors needs throughout the cancer continum. We also take nominations and offer awards to recognize people who are making extraordinary efforts to serve cancer patients and survivors.
