Return Reference	Explanation
X 2	Management has determined that the organization has no unrelated business income during the year ended June 30, 2024 and has not filed an Exempt Organization Business Income Tax Return Form 990-T with the IRS. The organization only recognizes the benefit from an uncertain tax position taken or to be taken in a tax return if the tax position is more likely than not to be sustained upon an examination, based on technical merits of the position. Management has analyzed tax positions taken for filings with the Internal Revenue Service and all state jurisdictions where the Organization operates. Management believes that income tax filing positions would be sustained upon examination and does not anticipate that any adjustments would result in a material adverse effect on the Organizations financial condition, results of operations or cash flows. Accordingly, the Organization has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions at June 30, 2025.

Return Reference	Explanation
Form 990, Part III, Line 4B	Georgia CORE was founded in 2003 to advance cancer research and improve access to clinical trials around the state. It does this through partnership in a National Cancer Institute program focused on bringing cancer clinical trials to eight sites throughout Georgia. Because of Georgia CORES research network, hundreds of Georgians-with an emphasis on rural and minority patients-have access to clinical trials in their communities that would not have been available prior to our intervention. In 2022, planning for a statewide clinical trials navigator began that increased access to trials beyond what has been in the past.
Form 990, Part III, Line 4B	PROGRAM SERVICE ACCOMPLISHMENTS--With a Centers of Disease Control CDC grant, Georgia CORE facilities colon cancer screenings in southwest and southeast Georgia where screening rates are traditionally lower that in the rest of the state. In collaboration with the Georgia Department of Public Health, genetic risk assessment for Hereditary Breast and Ovarian Cancer is offered to every county health department where Georgia CORE provides genetic testing, consultation and education. Geogia CORE raises funds for breast cancer screening of rural, underserved and minoritywomen via the sale of Georgias Breast Cancer license tax. In partnership with the State Office of Rural Health, more than 4M has been awarded to more than 25 community partners to conduct screening and education.
Form 990, Part III, Line 4C	PROGRAM SERVICE ACCOMPLISHMENTS--Georgia CORE is a convener of cancer providers, patients, navigators, survivors, and others to offer access to relevant information and resources for cancer survivors and healthcare providers. Georgia CORE fills a critical need for a coordinated and centralized platform for survivors to access cancer information and resources through our website, georgiacancerinfo.org. The organization offers multidisciplinary conferences and educational programs including a partnership with the Georgia Society of Clinical Oncology to provide education for navigators who address survivors needs throughout the cancer continuum. We also take nominations and offer awards to recognize people who are making extraordinary efforts to serve cancer patients and survivors.
