INDEPENDENT AUDITOR'S REPORT

The Boards of Directors
Spurwink Services, Inc. and FOR Developmental Resources

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Spurwink Services, Inc. and FOR Developmental Resources, which comprise the consolidated statements of financial position as of June 30, 2019 and 2018, and the related consolidated statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Spurwink Services, Inc. and FOR Developmental Resources as of June 30, 2019 and 2018, and the consolidated changes in their net assets and their consolidated cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Change in Accounting Principle

As discussed in Note 1 to the financial statements, during the year ended June 30, 2019 the Organization adopted new accounting guidance, Financial Accounting Standards Board Accounting Standards Update No. 2016-14, *Not-for-Profit Entities (Topic 958), Presentation of Financial Statement of Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. Schedules 1 and 2 are presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of activities and cash flows of the individual entities and are not a required part of the consolidated financial statements. The accompanying schedule of expenditures of federal awards (Schedule 3) is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the consolidated financial statements. The accompanying schedule of expenditures of Department agreements (Schedule 4) is presented for purposes of additional analysis as required by *Maine Uniform Accounting and Auditing Practices for Community Agencies*, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2019 on our consideration of Spurwink Services, Inc. and FOR Developmental Resources' internal control over financial reporting and on our tests of their compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Spurwink Services, Inc. and FOR Developmental Resources' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Spurwink Services, Inc. and FOR Developmental Resources' internal control over financial reporting and compliance.

Nature of Activities

Spurwink Services, Inc. (Spurwink) is a private, not-for-profit entity established to promote the delivery of effective mental health services. FOR Developmental Resources (FOR) is a separate not-for-profit entity which constructed and operates a seven-unit residential facility for persons with intellectual and developmental disabilities in Westbrook, Maine.

Effective January 1, 2018, Community Partners, Inc. (CPI), a Maine not-for-profit corporation, merged with Spurwink. At the same time, Spurwink became the sole incorporating member of FOR, which previously had a common Board of Directors with CPI. No consideration was transferred in the transaction. As a result of the merger, CPI ceased operations effective December 31, 2017. All assets, liabilities, and net assets of CPI as of December 31, 2017 were transferred to Spurwink, the surviving organization. FOR continues to operate its residential care facility as a separate organization subsequent to the acquisition.

1. Summary of Significant Accounting Policies

Principles of Consolidation and Reporting Entity

The consolidated financial statements include the accounts of Spurwink and FOR (collectively referred to as the Organization). Intercompany accounts and transactions have been eliminated in the consolidated financial statements.

Appraisals were obtained for the fair value of the land and buildings of CPI and FOR as of December 31, 2017. The book value of liabilities and other assets approximates fair value. The fair value of each major class of consideration was as follows:

	<u>CPI</u>	<u>FOR</u>	<u>Total</u>
Cash and cash equivalents	\$ 740,260	\$ 20,294	\$ 760,554
Accounts receivable, net	1,067,958	(5,845)	1,062,113

Basis of Presentation

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles, which require the Organization to report information regarding its financial position and activities according to the following net asset classification:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of Organization management and the Board of Directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Recently Adopted Accounting Pronouncement

During the year ended June 30, 2019, the Organization adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities (Topic 958)*, which makes targeted changes to the not-for-profit financial reporting model. The ASU marks the completion of the first phase of a larger project aimed at improving not-for-profit financial reporting. Under the ASU, net asset reporting is streamlined and clarified. The existing three category classification of net assets is replaced with a simplified model that combines temporarily restricted and permanently restricted into a single category called "net assets with donor restrictions." New disclosures highlight restrictions on the use of resources that make otherwise liquid assets unavailable for meeting near-term financial requirements. The ASU also imposes several new requirements related to reporting expenses. The adoption of this ASU had no impact on previously reported total net assets.

Contributions

Contributions received, including unconditional promises to give, are recognized as revenues when donor's commitments are received.

All contributions are included in net assets without donor restrictions unless specifically restricted by the donor. Amounts received that are designated for future periods or are restricted by the donor for specific purposes are reported as support that increases net assets with donor restrictions.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Property and Equipment

Property and equipment are recorded at cost, except for donated assets, which are recorded at fair value at the time of donation. Such donations are reported as support without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as support with donor restrictions.

Leasehold improvements are amortized on a straight-line basis over the estimated useful life of the respective assets or the term of the lease, whichever is less. Depreciation of owned assets is provided over the estimated useful lives of the respective assets on a straight-line basis. Costs of repairs and maintenance are expensed as incurred.

Debt Issuance Costs

Costs associated with the issuance of the Maine Health and Higher Educational Facilities Authority (MHHEFA) bonds referred to in Note 5 have been capitalized, are being amortized over the terms of the related bonds and are included in long-term debt. At June 30, 2019 and 2018, accumulated amortization totaled \$61,243 and \$48,415, respectively.

Funding Sources

Revenues from services to clients include amounts reimbursable by various funding sources, including Medicaid (MaineCare) and the State of Maine. Fees for services are recorded as revenue at the time the service is provided. Amounts received for services provided to clients covered under the programs are generally based upon the costs of the services provided. These amounts fall into two separate funding methods:

- Certain cost recovery programs' settlements are established via audits conducted by the funding sources. Under this procedure, rates are adjusted retrospectively for any historical surpluses or deficits.
- Fees for other programs are determined under rate negotiations or are fixed by MaineCare through its rules.

Notes to Consolidated Financial Statements

June 30, 2019 and 2018

The State of Maine enacted legislation establishing a service provider tax. As a result, the Organization was subjected to and recorded \$2,099,849 and \$1,681,835 of service provider taxes in 2019 and 2018, respectively. This tax is offset through increased reimbursement under the related programs.

A portion of revenue includes amounts related to federal and state grants. Revenue recognized under these grants for services under ongoing awards is recognized based upon allowable expenses incurred to date not to exceed available funding. For awards which were completed during the year, revenue is recognized based upon allowable expenditures incurred up to the award total. Any adjustments in estimated settlement amounts under state and federal awards are recognized when final settlements are determined. Revenue received prior to providing services is deferred until the related services are rendered.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on historical account write-off patterns by payor. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable.

Investments

Investments are presented in the consolidated financial statements at fair value. Investments in general are exposed to various risks, such as interest rates, credit, and overall market volatility. As such, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the consolidated statements of financial position.

Functional Allocation of Expenses

The financial statements report certain categories of expenses that are attributable to one or more program or supporting functions of the Organization. Those expenses include salaries, wages and benefits, which are allocated based on time and effort, and depreciation and other occupancy costs, which are allocated based on square feet.

Accrued Earned Time

Employees of the Organization are vested in earned vacation, personal time, and sick pay (earned time). All pay for earned time is computed at the employee's current base pay (excluding overtime, shift and other premiums), and is accrued as earned. The liability for unused earned time is included in accrued wages and related expenses in the consolidated statements of financial position.

403(b) Plan

The Organization sponsors a tax sheltered 403(b) plan which covers all employees who have met the eligibility requirements. The Organization's matching contributions totaled \$718,240 and \$352,402 in 2019 and 2018, respectively. The Organization suspended its employer matching contributions from February 1, 2018 through June 30, 2018.

457(b) Plan

The Organization has entered into three 457(b) deferred compensation plans which cover highly compensated employees of the Organization. The amount contributed to the plans in 2019 and 2018 was \$37,000 and \$36,000, respectively.

Postretirement Benefits

The Organization sponsors a defined benefit postretirement plan providing health insurance for eligible employees. The plan is not prefunded and the Organization recognizes the cost for these benefits on the accrual method as prescribed by FASB Accounting Standards Codification (ASC).

Topic 715, *Compensation - Retirement Benefits*. The Organization also sponsors a defined benefit pension plan. Effective January 1, 2010, the defined benefit pension plan was amended to exclude new participants; current participants were not affected by the amendment. Effective July 1, 2014, the accrued benefits of all participants in the pension plan were frozen.

Charity Care

The Organization provides care to clients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to qualify as charity care, these are not reported as revenue. The amount of charity care charges forgone for services and supplies furnished under the Organization's charity care policy was \$3,415 and \$6,785 in 2019 and 2018, respectively.

Income Taxes

Spurwink and FOR are nonprofit organizations pursuant to Internal Revenue Code (Code) Section 501(c)(3), whereby only unrelated business income, as defined by Section 512(a)(1) of the Code, is subject to federal income tax.

Subsequent Events

The Organization has considered transactions or events occurring through October 28, 2019, which was the date the financial statements were available to be issued. The Organization has not evaluated subsequent events after that date for inclusion in the financial statements.

2. Fair Value Measurement

FASB ASC Topic 820, *Fair Value Measurement*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Assets measured at fair value on a recurring basis are summarized below.

Corporate bonds are valued using quoted market prices of similar assets. The annuity receivable is valued using the method described in Note 8.

Certain investments at June 30, 2019 and 2018 are held at the Maine Community Foundation (MCF) in a pooled investment portfolio and are valued at the Organization's proportionate share of the fair value of the assets in the portfolio. The Organization's assets are not separately identifiable and as such are not readily transferable and are classified as Level 3. MCF's portfolio is comprised primarily of marketable equities, fixed income funds, and real asset funds.

3. Liquidity and Availability of Financial Assets

At June 30, 2019, the Organization has working capital of \$6,378,481 and average days (based on normal expenditures) cash and cash equivalents on hand of 27.

Financial assets and liquidity resources available within one year for general expenditure, such as operating expenses, scheduled principal payments on debt, and capital construction costs not financed with debt, were as follows as of June 30, 2019:

Cash and cash equivalents	\$ 5,408,289
Accounts receivable, net	6,648,287
Investments	<u>640,541</u>
	12,697,117
Less Board designated net assets	(608,494)
Less net assets with donor restrictions	<u>(56,658)</u>
	<u>\$ 12,031,965</u>

The Organization's goal is generally to maintain financial assets to meet 14 days of operating expenses (approximately 3.1 million).

The Organization also has a line of credit available to meet short-term needs, discussed in Note 5.

4. Assets Whose Use is Limited

Assets whose use is limited are comprised of the following at June 30:

	<u>2019</u>	<u>2018</u>
In accordance with the terms of the MHHEFA revenue bonds referred to in Note 5, the Organization is required to maintain debt service funds with a trustee (trustee held funds). The debt service funds represent amounts which have been deposited, via monthly payment of principal and interest, with the trustee. The semi-annual bond interest payments and the annual bond principal payments are to be made from these funds as they become due. The debt service funds consist of cash and money market funds.	\$ 759,691	\$ 907,919
The Organization participates in a state unemployment insurance trust, which requires funds to be deposited in trust. These trust assets consist of a money market fund.	573,030	615,693

Notes to Consolidated Financial Statements

June 30, 2019 and 2018

Spurwink Services, Inc. has available a line of credit agreement with a bank with a total borrowing capacity of \$5,500,000. The line bears interest at a variable rate based on prime, which was 5.50% at June 30, 2019. There were no amounts outstanding under the line of credit at June 30, 2019 and 2018.

Spurwink Services, Inc. has available a \$725,508 irrevocable standby letter of credit with Key Bank, which renews annually and serves as collateral for a direct reimbursement agreement with the State of Maine for unemployment benefits. There was no outstanding balance on this letter of credit at June 30, 2019.

The Organization leases vehicles under capital leases as noted above. Assets held under capital leases included in net property and equipment are as follows at June 30:

	<u>2019</u>	<u>2018</u>
Vehicles, at cost	\$ 817,235	\$ 449,578
Less accumulated amortization	<u>183,311</u>	<u>70,626</u>
	<u>\$ 633,924</u>	<u>\$ 378,952</u>

6. Operating Leases

The Organization leases facilities under operating lease agreements expiring in various years through July 2026. Certain leases require the payment of property taxes in addition to a base rental fee. Certain leases also provide for the base rental fee to be increased annually, typically by between 2%-3%, as well as adjustment for changes in the lessors' debt service because of interest rate fluctuations. The Organization also leases several other facilities on a month-to-month, tenant-at-will basis. The rental charges for the years ended June 30, 2019 and 2018 were \$1,640,581 and \$1,438,146, respectively. The majority of the leases described include provisions which allow for a renewal of the lease at the option of the Organization. The Organization intends to renew such leases as long as the programs, which are conducted at the leased facilities, continue to receive government funding.

The following is a schedule of future minimum rental payments under the above noncancelable operating leases as of June 30, 2019:

2020	\$ 1,007,322

7. Retirement Plans

The Organization participates in a defined benefit pension plan that covers substantially all its employees employed through December 31, 2009. Effective January 1, 2010, the plan was amended to exclude new participants. Effective July 1, 2014, the accrued benefits of all participants in the plan were frozen. The plan calls for benefits to be paid to eligible employees at retirement based upon amounts accumulated in their hypothetical accounts. Hypothetical account balances are based upon 4% of compensation, interest, and years of service. Contributions to the plan are made based upon amounts actuarially determined to sufficiently fund the plan.

The following tables set forth the funded status of the defined benefit plan and amounts recognized in the Organization's financial statements as of and for the years ended June 30:

	<u>2019</u>	<u>2018</u>
Benefit obligation	\$ 27,123,505	\$ 23,434,583
Fair value of plan assets	<u>24,533,566</u>	<u>23,880,661</u>

Employer contributions	<u>\$ -</u>	<u>\$ -</u>
Benefits paid	<u>\$ (530,621)</u>	<u>\$ (870,961)</u>
Net periodic pension credit	<u>\$ 691,345</u>	<u>\$ 427,431</u>

Net loss not yet recognized as a component of net periodic benefit cost is \$6,796,226 and \$3,068,864 as of June 30, 2019 and 2018, respectively. Net loss expected to be amortized into pension expense for the year ending June 30, 2020 is \$647,207.

The target allocation percentage for investments is 50%-70% equities and 30%-50% debt securities. The Plan trustee evaluates its target allocation periodically in relation to market performance and overall market conditions. The overall goal is to provide for adequate investment growth, along with contributions, to provide adequate funding to meet plan obligations on a current and projected basis.

The overall expected long-term rate of return is based upon achieved historical returns of a mix of stocks and bonds and expectations of future yields and market performance for such securities.

Weighted-average assumptions as of and for the years ended June 30 are as follows:

	<u>2019</u>	<u>2018</u>
<u>Benefit cost</u>		
Discount rate	4.12 %	3.88 %
Expected return on plan assets	7.50	7.50

Notes to Consolidated Financial Statements

June 30, 2019 and 2018

Expected benefits to be paid for the next ten years as of June 30, 2019 are as follows:

2020	\$ 713,523
2021	780,241
2022	859,956
2023	917,482
2024	958,987
Aggregate for the next five years thereafter	5,366,673

No contributions are expected to be made in 2020.

The Organization has adopted the recognition provisions of FASB ASC Topic 715-20, *Compensation - Retirement Benefits - Defined Benefit Plans - General*, which requires that the funded status of defined postretirement plans be fully recognized in the statements of financial position. The adjustment to net assets at adoption represented the net unrecognized actuarial losses which were previously netted against the Plan's funded status in the Organization's statement of financial position pursuant to the provisions of FASB ASC Topic No. 715-30, *Compensation - Retirement Benefits - Defined Benefit Plans - Pension*. These amounts are subsequently recognized as net periodic pension cost pursuant to the Organization's historical accounting policy for amortizing such amounts. Further, actuarial gains and losses that arise in subsequent periods and are not recognized as net periodic pension cost in the same periods will be recognized as a component of net assets. Those amounts are subsequently recognized as a component of net periodic benefit cost on the same basis as the amounts recognized in net assets upon adoption of ASC Topic No. 715-20.

The Organization also participates in a postretirement plan which provides health insurance coverage for two of its former executive directors. The following tables set forth information regarding the postretirement benefits based on measurement dates of June 30:

	<u>2019</u>	<u>2018</u>

	<u>2019</u>	<u>2018</u>
<u>Benefit cost</u>		
Discount rate	3.84 %	2.65 %
<u>Benefit obligation</u>		
Discount rate	2.97 %	3.84 %

Activities for the year consist of:

Benefit cost	\$ <u>330</u>	\$ <u>4,125</u>
Employer contributions and benefits paid	\$ <u>15,522</u>	\$ <u>12,934</u>

Expected benefits to be paid for the next ten years as of June 30, 2019 are as follows:

2020	\$ 16,729
2021	17,090
2022	17,401
2023	17,635
2024	17,780
Aggregate for the next five years thereafter	87,784

Contributions expected to be made in 2020 are \$16,729.

An assumed health cost increase of 5.3% was used for 2020 to measure the expected cost of benefits covered by the plan for the next year with an assumed cost trend that decreases to 5.2% in 2021 and remains at that level. A one percentage point increase in the assumed healthcare cost trend for 2019 would increase the benefit cost by \$692 and the benefit obligation by \$20,624. A one percentage point decrease in the assumed healthcare cost trend for 2019 would decrease the benefit cost by \$617 and the benefit obligation by \$18,414.

8. Deferred Compensation Payable

The Organization has incurred liabilities relating to salary continuation agreements with two of its former executive directors. Under the terms of the agreements, they are entitled to receive, for their lifetimes, an annual amount as a supplement to their other retirement benefits, paid on a monthly basis.

The present value of the estimated liabilities has been based on a discount rate of 3.47% and 3.80% at June 30, 2019 and 2018, respectively, and published life expectancy tables. The Organization recognized an expense of \$166,470 and a credit of \$36,480 for the years ended June 30, 2019 and 2018, respectively, under these arrangements.

Notes to Consolidated Financial Statements

June 30, 2019 and 2018

In conjunction with the salary continuation agreements, the Organization had established a trust to assist in providing such benefits (a Rabbi Trust). In July 2014, the Organization liquidated the Rabbi Trust and purchased a single premium group annuity from Pacific Life & Annuity Company (Pacific Life) to pay the deferred compensation. Under this agreement, Pacific Life will make monthly payments to the Organization, who will pay the remaining former executive. Pacific Life will continue to make annuity payments for the lifetime of the executive. At June 30, 2019 and 2018, the present value of amounts anticipated to be received from the annuity based on actuarial assumptions regarding life expectancy and market interest rates is \$987,657 and \$1,002,953, respectively.

The estimated total amounts to be paid to the individual as of June 30, 2019 for deferred compensation benefits over the next five years are as follows:

2020	\$ 87,750
2021	87,750
2022	87,750
2023	87,750
2024	87,750

9. Concentration of Credit Risk

Fees from State of Maine government agencies comprised approximately 79% and 74% of the Organization's unrestricted revenues, gains and other support for the years ended June 30, 2019 and 2018, respectively. Approximately 4% for the year ended June 30, 2019 and 5% for the year ended June 30, 2018 is from local school districts who receive funding from State of Maine government agencies. Accordingly, a substantial portion of its accounts receivable relates to fees from these agencies.

The Organization is also subject to concentrations of credit risk in conjunction with its cash and trustee held funds. At June 30, 2019, the Organization had cash on deposit with banks of \$5,484,116. Of this amount, \$562,585 was federally insured and \$3,027,332 was collateralized by repurchase agreements. Additionally, trustee held funds totaling \$759,691 as of June 30, 2019 are invested in the First American Treasury Obligation Fund. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

10. Net Assets with Donor Restrictions

Net assets with donor restrictions consisted of the following at June 30, 2019:

Subject to expenditure for specified purpose:	
Education	\$ 28,047
Funds invested in perpetuity for which the income is without donor restriction	<u>28,611</u>
Total net assets with donor restrictions	<u>\$ 56,658</u>

11. Commitments and Contingencies

Malpractice Contingencies

Spurwink Services, Inc. insures its professional malpractice risks on a claims-made basis. At June 30, 2019, there were no known malpractice claims nor incidents outstanding which were expected to exceed the insurance policy limits. The Organization intends to renew coverage on a claims-made basis and anticipates that such coverage will be available.

Self-Insurance Contingencies

The Organization is self-insured for unemployment benefits. The Organization participates in a state unemployment insurance trust collateralized by the letter of credit described in Note 5. No liability for unemployment benefits has been recorded as management does not expect any amounts are owed beyond the amounts deposited to the trust as of June 30, 2019 or 2018.

The Organization is self-insured for general liability insurance. Monthly deposits are made to a trust to cover claims as incurred. No liability for general liability insurance has been recorded as management does not expect any amounts are owed beyond the amounts deposited to the trust as of June 30, 2019 or 2018.

The Organization is self-insured for workers' compensation benefits. Monthly deposits are made to a trust to cover claims as incurred. No liability for workers' compensation has been recorded as management does not expect any amounts are owed beyond the amounts deposited to the trust as of June 30, 2019 or 2018.

The Organization became partially self-insured with respect to health care coverage effective July 1, 2017. This coverage is used to provide medical health benefits to its eligible employees and their eligible dependants. The stop loss provision under the Organization's insurance policy is \$150,000 per individual subscriber and approximately \$1,000,000 in the aggregate. The Organization estimates an accrual for claims incurred but not reported, which was \$600,000 at June 30, 2019, and is included in accrued wages and related expenses in the June 30, 2019 consolidated statements of financial position.

Asset Retirement Obligation

The State of Maine requires special disposal procedures relating to building materials containing asbestos. The Organization's buildings contain some encapsulated asbestos, but a liability has not been recognized. This is because there are no current plans to renovate or dispose of the buildings that would require the removal of the asbestos; accordingly, the liability has an indeterminate date and its fair value cannot be reasonably estimated.

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2019

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Spurwink Services, Inc. and FOR Developmental Resources (the Organization). The information in this schedule is presented in accordance with Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

2. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable, or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

The Organization has not elected to use the 10% de minimis indirect cost rate.

3. Loans Outstanding

The Supporting Housing for the Elderly program expenditures includes an outstanding loan balance of \$109,450 as of June 30, 2019.

Notes to Schedule of Expenditures of Department Agreements

Year Ended June 30, 2019

1. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying schedule of expenditures of Department agreements (the Schedule) includes the Department agreement activity of Spurwink Services, Inc. and FOR Developmental Resources (the Organization) under programs of the Department for the year ended June 30, 2019. The information in the Schedule is presented in accordance with requirements of *Maine Uniform Accounting and Auditing Practices for Community Agencies* (MAAP). Because the Schedule presents only a selected portion of the operations of the Organization, it is not intended to, and does not, present the financial position, changes in net assets or cash flows of the Organization.

Basis of Settlement

Grants which are cost settled include an estimated settlement of state funds based upon the available grant revenue and other revenue based upon allowable costs.

2. Summary of Significant Accounting Policies for State Agreement Expenditures

Expenditures reported on the Schedule consist of direct and indirect costs which are recognized as incurred using the accrual method of accounting. Such expenditures are recognized following, as applicable, either the cost principles contained in Office of Management and Budget Circular A-122, *Cost Principles for Non-Profit Organizations*, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and MAAP. Under those cost principles, certain types of expenditures are not allowable or are limited as to reimbursement.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Boards of Directors
Spurwink Services, Inc. and FOR Developmental Resources

We have audited, in accordance with U.S generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Spurwink Services, Inc. and FOR Developmental Resources (the Organization), which comprise the consolidated statement of financial position as of June 30, 2019, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated October 28, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR THE MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

The Boards of Directors
Spurwink Services, Inc. and FOR Developmental Resources

Report on Compliance for the Major Federal Program

We have audited Spurwink Services, Inc. and FOR Developmental Resources' (the Organization) compliance with the types of compliance requirements described in the Office of Management and Budget *Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended June 30, 2019. The Organization's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs related to federal awards.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Organization's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on the Major Federal Program

In our opinion, Spurwink Services, Inc. and FOR Developmental Resources complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Summary Schedule of Prior Year Audit Findings Related to Federal Awards

Year Ended June 30, 2019

Section I. Prior Year Findings Relating to the Financial Statements Which are Required to be Reported In Accordance with *Government Auditing Standards*

Finding 2018-001

Condition and Context

Revenues and expenses related to the Organization's affiliates program were overstated by \$1,443,489 and \$1,033,573, respectively, for the year ended June 30, 2017. As a result, the 2017 financial statements were restated.

Prior Year Recommendation

We recommend management work with the billing software vendor to create a report that will accurately report, in a timely manner, the amount of revenue associated with services performed but not yet billed. Any reports built should be thoroughly tested to help ensure the accuracy and integrity of the data.

Status

Resolved.

Finding 2018-002

Condition and Context

Our auditing procedures resulted in two significant journal entries based on differences between management's schedules and the trial balance that had to be recorded in order for the consolidated financial statements to be presented in accordance with U.S. generally accepted accounting principles.

Prior Year Recommendation

We recommend management review the financial statements with a particular focus on infrequent transactions to help ensure all transactions are appropriately reported in the financial statements.

Report on Compliance for Each Major Department Agreement

We have audited Spurwink Services, Inc. and FOR Developmental Resources' (the Organization) compliance with the types of compliance requirements described in the *Maine Uniform Accounting and Auditing Practices for Community Agencies* (MAAP), and with the requirements identified in the Contract Compliance Rider(s) of the Agency's agreements with the Maine Department of Health and Human Services (the Department) that could have a direct and material effect on each of the Organization's major Department agreements for the year ended June 30, 2019. The Organization's major Department agreements are identified in the summary of auditor's results section in the accompanying schedule of findings and questioned costs related to Department agreements.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Department agreements.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Organization's major Department agreements based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and MAAP. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Department agreement occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Department agreement. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on Each Major Department Agreement

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Department agreements for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on each major Department agreement to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major Department agreement and to test and report on internal control over compliance in accordance with MAAP, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a Department agreement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Department agreement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Department agreement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of MAAP. Accordingly, this report is not suitable for any other purpose.
