INDEPENDENT AUDITORS' REPORT

---

The Board of Directors  
Presbyterian Homes and Family Services, Incorporated dba HumanKind  
Lynchburg, Virginia

**Report on the Financial Statements**

We have audited the accompanying financial statements of Presbyterian Homes and Family Services, Incorporated dba HumanKind ("HumanKind") (a nonprofit organization), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of HumanKind as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## *Other Matters*

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

### *Other Reporting Required by Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 27, 2021, on our consideration of HumanKind's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of HumanKind's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering HumanKind's internal control over financial reporting and compliance.

Notes to Financial Statements  
At December 31, 2020 and 2019

---

**NOTE 1 – NATURE OF ORGANIZATION**

---

The financial statements of Presbyterian Homes and Family Services, Incorporated dba HumanKind ("HumanKind") have been prepared on the accrual basis. HumanKind provides high-quality prevention, education, economic empowerment, mental health, and residential services to individuals, families, and communities. Various services are provided in many cities and counties across Virginia with offices or residential facilities located in Fredericksburg, Lexington, Lynchburg, Richmond, South Hill, Stuarts Draft, and Zuni, Virginia. Accounting policies considered to be significant are described below.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

---

**Financial Statement Presentation**

The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Net Assets**

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- *Net assets without donor restrictions* - Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated endowment.
- *Net assets with donor restrictions* - Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

**Contributions**

Unconditional promises to give are recorded in the period in which the promise is received and allowances are provided for promises estimated to be uncollectible. Promises to give are received from a broad base of individuals, churches, corporations, and foundations. Pledges and bequests expected to be received after one year have been discounted at 5%. Management records bequests receivables at a conservative estimate of asset value.

Contributions of cash are reported as net assets with donor restrictions if they are received with donor stipulations which limit their use. When donor restrictions are satisfied, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. When donor restrictions are satisfied in the year the gift is recognized, the amounts are reported as net assets without donor restrictions.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

---

**Contributions: (Continued)**

Contributions of property and equipment are recorded as support at their estimated fair value. Such contributions are reported as net assets without donor restrictions unless the donor has restricted the contributed asset to a specific purpose. Assets contributed with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as net assets with donor restrictions. Absent donor stipulations regarding how long those contributed assets must be maintained, HumanKind reports expirations of donor restrictions when the contributed or acquired assets are placed in service as instructed by the donor. HumanKind reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

**Cash and Cash Equivalents**

HumanKind considers cash and cash equivalents to include cash on hand and temporary investments purchased with an original maturity of three months or less.

HumanKind has been designated as representative payee for a number of residents receiving benefits from the Social Security Administration ("SSA"). In accordance with SSA guidelines, HumanKind maintains a separate bank account for funds received on behalf of these residents.

**Land, Buildings, and Equipment**

Land, buildings, and equipment are stated at cost. Depreciation of buildings and equipment is provided over the estimated useful lives of the respective assets on a straight line basis. Betterments and major renewals which extend the lives of properties are capitalized and maintenance, repairs, and minor renewals are expensed as costs are incurred. Acquisitions of buildings and equipment in excess of \$2,500 are capitalized.

**Investments**

Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at their fair values, as determined by quoted market prices, in the statements of financial position. Investments in private investment funds are reported at estimated fair value. Realized and unrealized gains and losses on investments are reflected in the statements of activities. Management believes the carrying value of real estate investments is not less than fair market value. Investment return that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires or is satisfied during the reporting period in which the investment return is recognized.

HumanKind has a spending policy, based on the total return concept that governs the rate at which funds are transferred from the Endowment Fund to the operating budget. The spending policy, in general, allows for spending at a specified percentage of average investment market value for the previous twelve quarters. The spending rate is determined annually by the Programs and Resources Committee and voted upon by the Board of Directors as part of the budgeting process.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

---

Accounts Receivable

Accounts receivable consist of amounts due from Medicaid, governmental agencies, third-party payers, and individuals for program service fees and are stated at invoiced amount less an allowance for uncollectible accounts. Management's determination of the allowance for uncollectible accounts is based on an evaluation of the accounts receivable, past experience, current economic conditions, and other risks inherent in the accounts receivable portfolio.

Income Taxes

HumanKind is exempt from income taxes under Section 501 (c)(3) of the Internal Revenue Code. In addition, HumanKind has been determined by the Internal Revenue Service not to be a private foundation within the meaning of Section 509(a) of the Code.

Contributed Services

HumanKind receives services from a variety of unpaid volunteers. Contributed services are recognized in the financial statements only if they create or enhance nonfinancial assets or if they require specialized skills and would typically need to be purchased if not received by contribution.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 – INVESTMENTS

HumanKind has investments with eight fund managers which invest in private investment funds as part of HumanKind's asset allocation. The investment in private investment funds is an alternative investment strategy with the purpose of increasing the diversification of HumanKind's holdings and is consistent with HumanKind's overall investment objectives. The private investment funds are not traded on any organized exchange, and accordingly, investments in such funds may not be as liquid as investments in marketable equity or debt securities. The private investment funds may invest in other private investment funds, equity or debt securities which may or may not have readily available fair values, and foreign exchange or commodity forward contracts.

**NOTE 4 - BENEFICIAL INTEREST IN PERPETUAL TRUSTS AND GIFT ANNUITIES**

HumanKind is the beneficiary of various trusts created by donors, the assets of which are not in the possession of HumanKind. HumanKind has enforceable rights and claims to these assets, including the right to the income earned by the trust assets. Net realized and unrealized gains and losses related to the beneficial interests are reported as changes in net assets with donor restrictions. HumanKind's beneficial interests in these trusts are carried at the fair value of the trust assets held for HumanKind's benefit.

The gift annuities provide the annuitants with income for life, after which the designated remaining funds will be distributed to HumanKind as directed by the donor. The amount of gift annuities is reported at present value net of the amounts that are expected to be paid to the donors during their lifetime. The gift annuities are discounted at 6%. These actuarially determined amounts fluctuate over time according to the life expectancies of the donors.

Bequests receivable include gifts totaling \$18,656 and \$16,718 as of December 31, 2020 and 2019, respectively, which represent amounts receivable under gift annuity agreements which are administered by the Presbyterian Church (U.S.A.) Foundation (the "Foundation"). These agreements were established between the Foundation and the donor with HumanKind being named as the beneficiary. The Foundation is responsible for investing these funds and making required payments to annuitants. HumanKind has recorded as assets the net present value of the amounts expected to be received after all required payments to annuitants have been made. Contributions and bequests receivable in more than one year are discounted at 5%. Uncollectible contributions and bequests are expected to be 5% of the balance.

**NOTE 9 – RETIREMENT PLAN**

HumanKind has a tax deferred annuity plan which covers substantially all full-time employees. The plan includes provisions for voluntary employee contributions and discretionary contributions by HumanKind. After twelve months of service, employees are eligible for discretionary contributions made by HumanKind. During the year ended December 31, 2020, HumanKind elected to contribute an amount equal to 4% of eligible payroll in addition to matching up to 4% voluntary employee contributions. During the year ended December 31, 2019, HumanKind elected to contribute an amount equal to 4% of eligible payroll. Contributions to the plan amounted to \$342,532 and \$314,502 in 2020 and 2019, respectively.

**NOTE 10 – FUNCTIONAL ALLOCATION OF EXPENSES**

---

Functional expenses are apportioned between program and supporting services based on personnel time and space utilized for the related activities. Some expense apportionments are estimates because of the overlap of activities and the difficulty of record keeping for usage. Specifically, identifiable expenses are directly allocated.

**NOTE 11 – SIGNIFICANT GROUP CONCENTRATIONS OF CREDIT RISK**

---

HumanKind maintains cash balances at financial institutions located within its market area. The amount at each institution is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. From time to time, the balances maintained at one or more institutions may exceed the maximum amount insured by the FDIC.

NOTE 13 – ENDOWMENT

---

HumanKind's endowment (Investment Pool) consists of approximately 12 individual funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

HumanKind has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, HumanKind retained in perpetuity (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulation to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not held in perpetuity are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the organization considers the following factors, in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund,
- (2) The purposes of the organization and the donor-restricted endowment fund,
- (3) General economic conditions,
- (4) The possible effect of inflation and deflation,
- (5) The expected total return from income and the appreciation of investments,
- (6) Other resources of the organization, and
- (7) The investment policies of the organization.

Return Objectives and Risk Parameters

HumanKind has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets that the organization must hold in perpetuity or for a donor-specified period as well as board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to accommodate investment styles and strategies that are considered reasonable and prudent, while providing long-term growth.

NOTE 13 – ENDOWMENT: (CONTINUED)

---

**Strategies Employed for Achieving Objectives**

To satisfy its long-term rate-of-return objectives, HumanKind relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). HumanKind targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

**Spending Policy and How the Investment Objectives Relate to Spending Policy**

HumanKind has a spending policy, based on the total return concept that governs the rate at which funds are transferred from the Endowment Fund to the operating budget. The spending policy, in general, allows for spending at a specified percentage of average investment market value for the previous twelve quarters. The spending rate is determined annually by the Programs and Resources Committee and voted upon by the Board of Directors as part of the budgeting process.

NOTE 14 – INVESTMENTS FAIR VALUE MEASUREMENTS

---

Fair value for investments is determined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The three-level fair value hierarchy prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

HumanKind has investments with eight fund managers which invest in private investment funds as part of HumanKind's asset allocation. The investment in private investment funds is an alternative investment strategy with the purpose of increasing the diversification of HumanKind's holdings and is consistent with HumanKind's overall investment objectives. The private investment funds are not traded on any organized exchange, and accordingly, investments in such funds may not be as liquid as investments in marketable equity or debt securities. The private investment funds may invest in other private investment funds, equity or debt securities which may or may not have readily available fair values, and foreign exchange or commodity forward contracts. Investments in private investment funds are reported at estimated fair value provided by fund managers. The framework permits to measure the fair value of its funds' investments as pro-rata interest in the net asset value (NAV) of such investment funds as reported by the fund management, if the NAV is prepared on a fair value basis as of December 31, 2020.

- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Independent Auditors' Report on Internal Control over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards*

---

The Board of Directors  
Presbyterian Homes and Family Services, Incorporated dba HumanKind  
Lynchburg, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Presbyterian Homes and Family Services, Incorporated dba HumanKind ("HumanKind") (a nonprofit organization), which comprise the statement of financial position as of December 31, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 27, 2021.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered HumanKind's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of HumanKind's internal control. Accordingly, we do not express an opinion on the effectiveness of HumanKind's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether HumanKind's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the HumanKind's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the HumanKind's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance for Each Major Program and on  
Internal Control over Compliance Required by the Uniform Guidance**

---

The Board of Directors  
Presbyterian Homes and Family Services, Incorporated dba HumanKind  
Lynchburg, Virginia

**Report on Compliance for Each Major Federal Program**

We have audited Presbyterian Homes and Family Services, Incorporated dba HumanKind's (a nonprofit organization) compliance with the types of compliance requirements described in *the OMB Compliance Supplement* that could have a direct and material effect on each of HumanKind's major federal programs for the year ended December 31, 2020. HumanKind's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of HumanKind's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about HumanKind's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of HumanKind's compliance.

***Opinion on Each Major Federal Program***

In our opinion, HumanKind complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

## Report on Internal Control over Compliance

Management of HumanKind is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered HumanKind's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of HumanKind's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
