# **Independent Auditors' Report**

Management and the Board of Directors Community Healing Centers Kalamazoo, Michigan

We have audited the accompanying financial statements of Community Healing Centers which comprise the statement of financial position as of September 30, 2021, the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Healing Centers as of September 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Report on Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Functional Revenue and Expenses by Activity is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 12, 2022, on our consideration of Community Healing Centers' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on the effectiveness of Community Healing Centers' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Healing Centers' internal control over financial reporting and compliance.

## Note 1 - Summary of Significant Accounting Policies

#### **Nature of Activities**

Community Healing Centers (the Organization) was established to provide a continuum of child and family counseling, infant services, substance abuse related services to individuals, their families, and the community primarily in southwest Michigan. The Organization operates programs in Kalamazoo, Niles, and Sturgis, Michigan.

# **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

#### **Basis of Presentation**

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

<u>Net assets without donor restrictions</u> – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net assets with donor restrictions – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service.

The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue

is recognized. All other donor restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

#### Cash

The Organization considers all highly liquid investments purchased with maturity of three months or less to be cash. At September 30, 2021, \$749,169 of the Organization's bank balance of \$1,025,244 was uninsured by the FDIC.

#### **Accounts Receivable**

Accounts receivable are comprised of amounts owed to the Organization from insurance companies, community mental health agencies, and patients. The Organization continuously monitors the expected realization of its billings and estimates contractual adjustments (reductions in receivables) to provide for differences in realization, as well as providing for allowances for doubtful accounts. The Organization utilizes the reserve method to account for bad debts based on a percentage of the aged receivables, analysis of specific receivable balances, and prior year collection experience. The Organization periodically evaluates patient financial conditions and credit worthiness, and accounts receivable are reviewed periodically to determine amounts which are potentially uncollectible. After all reasonable attempts to collect a receivable have been unsuccessful, the amount is written off. Concentrations of credit risk with respect to accounts receivable exist due to the limited diversity of the Organization's funding base.

#### **Contributions Receivable**

Contributions receivable consists of United Way and similar funding designations due in less than one year.

# **Property and Equipment**

The Organization follows the practice of capitalizing all expenditures in excess of \$5,000 for property and equipment at cost; the fair value of

donated fixed assets is similarly capitalized. Major improvements are capitalized while ordinary maintenance and repairs are expensed.

The Organization evaluates long-lived assets for impairment using a discounted cash flow method whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with accounting principles generally accepted in the United States of America.

Depreciation is computed using the straight-line method over the estimated useful lives of the related assets.

Gifts of land, buildings, equipment and other long-lived assets are also reported as revenue without donor restrictions and net assets, unless subject to time restrictions. Absent explicit donor stipulations for the time long-lived assets must be held, expirations of restrictions resulting in reclassification of net assets as net assets without donor restrictions are reported when the long-lived assets are placed in service.

### **Beneficial Interest in Assets Held by Community Foundation**

The Organization had previously become the beneficiary of an endowment held and managed by the Kalamazoo Community Foundation ("KCF"). The Organization is eligible to receive distributions up to a fixed percentage of a previous time period's average balance in the endowment, not to exceed the available balance. With the exception of the previously mentioned allowable disbursements and an annual fee, KCF cannot make disbursements of the endowment corpus. KCF has variance power of these funds. The beneficial interest in the KCF assets is recorded as net assets without donor restrictions and the change in value of the interest is recognized in the statement of activities as net assets without donor restrictions. Distributions received from the fund are recorded as contributions without donor restrictions.

Additionally, the Organization has been named as a beneficiary organization of two other endowments held at KCF. These endowments do not meet the requirements for the Organization to recognize its rights in a beneficial interest; accordingly, the assets are not recorded in the statements of financial position. These endowments

were established to act as a depository for gifts, conveyances, and other transfers received directly from donors intended to benefit the Organization. The fair value of these assets totaled \$1,793,403 at September 30, 2021. No revenue is recorded until the Organization is notified of awarded grants by KCF. The Organization does not have variance power over either endowment fund.

#### **Funds Held For Others**

Funds held for others consists of consortium grants received where the Organization is acting as the lead agency.

### **Compensated Absences**

Employees of the Organization are entitled to paid vacation and personal days off, depending on length of service. Employees are allowed to accumulate this pay and, upon separation, are paid out any unused pay at a rate of the employees' current pay rate. Employees can also carry over earned vacation.

# Paycheck Protection Program (PPP) Loan

The Organization accounts for the PPP loan as a financial liability in accordance with FASB ASC 470 *Debt*. Interest is accrued throughout the life of the loan, even when no payments are currently due.

#### **Donated Services and Goods**

The Organization records the value of donated goods as contributions using estimated fair values at the date of receipt.

Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills and would typically need to be purchased if not provided by donation are recorded at their fair values in the period received. While a significant amount of volunteered services was received, the Organization did not receive any donated services for the years ended September 30, 2021 that met the criteria to be recorded.

#### **Service Fee Revenue and Government Contracts**

Revenues are recognized as care is provided. Contractual adjustments and discounts are recorded on an accrual basis and are deducted from the related service revenue to determine net service or contract revenue.

The Organization derives its patient service revenue from fees charged for encounters with individuals. Patient service revenue is recorded for each encounter at rates adjusted to what the Organization expects to collect from the client or third-party payer. When a client needs financial assistance and is not insured, the rates are determined by the client's ability to pay. Revenue is recognized when earned. Program fees are deferred to the applicable period in which the performance obligations are met. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

#### **Charity Care**

The Organization provides charity care to patients who are unable or unlikely to pay. Such patients are identified based on household size and income information obtained from the patient and subsequent analysis. Since the Organization does not expect payment, estimated charges for charity care are not included in net revenue. Total charity care for the year is not material to the financial statements. However, the Organization recognized bad debt expense of approximately \$250,000 and contractual write off adjustments for care provided of approximately \$1,325,000.

#### **Advertising**

The Organization expenses advertising costs the first time the advertising occurs. Advertising expense for the year ended September 30, 2021 was \$23,190.

## **Functional Expenses**

The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The

statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. All costs are charged directly based on the nature of the expense, except when an allocation is necessary. All costs necessitating an allocation are done on the basis of estimated time and efforts of spent by employees in each functional area.

#### **Income Tax Status**

The Organization is qualified as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and is classified as an organization other than a private foundation, as described in Section 509(a). The Organization files information returns in the U.S. Federal and Michigan jurisdiction.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Subsequent Events**

Management has evaluated subsequent events through May 12, 2022, which is the date the financial statements were available to be issued.

### Note 2 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Cash Investments Accounts receivable Contributions receivable Beneficial interest in assets held at community foundation	\$ 884,964 19,871 493,466 65,315 196,723
Total financial assets - end of year	 1,660,339
Less: Financial assets unavailable for general expenditures within one year, due to:  Contractual or donor-imposed restrictions  Restricted by donor with time or purpose	
restrictions	(637,351)
Beneficial interest in assets held at community foundation - not available for expenditure	 (196,723)
Financial assets available to meet cash needs for general expenditures within one year	\$ 826,265

The Organization has a line of credit of up to \$200,000, which is frequently drawn upon. A large percentage of the Organization's revenues are from third party contracts and grants, which are funded on a reimbursement basis. Therefore, the Organization receives frequent payments throughout the year as expenses are incurred.

## Note 3 - Property and Equipment

Major classes of assets and related accumulated depreciation as well as depreciable lives thereon are summarized as follows:

Land Buildings and improvements	\$ 98,426 2,196,561	N/A 15-40 years
Vehicles	19,882	5 years
Leasehold improvements	1,087,527	5-40 years
Equipment	199,535	5-10 years
Furniture and fixtures	15,373	7 years
Total cost	3,617,304	
Accumulated depreciation	 (2,469,215)	
Net carrying amount	\$ 1,148,089	

#### Note 4 - Fair Value Measurements

The following table presents information about the Organization's assets measured at fair value on a recurring basis at September 30, 2021, along with the valuation techniques used to determine those fair values.

#### **Basis of Fair Value Measurement**

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

		Fair Value Measurements at			
		Reporting Date Using			
			Significant		
		Quoted Prices in	Other	Significant	
		Active Markets for	Observable	Unobservable	
		Identical Assets	Inputs	Inputs	
	Fair Value	(Level 1)	(Level 2)	(Level 3)	
2021	•				
Beneficial interest in assets held at community foundation	\$ 196,723	\$ -	\$ -	\$ 196,723	

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Organization's assessment of the significance of particular inputs to these fair value measurements requires judgment and considered factors specific to each asset or liability.

Changes in level 3 assets and liabilities measured at fair value on a recurring basis are as follows:

	Ве	Beneficial Interest	
	in	Assets Held at	
	Community Foundatio		
Balance at September 30, 2020	\$	162,043	
Change in value		34,680	
Balance at September 30, 2021	\$	196,723	

The fair value of the beneficial interest in assets held by community foundation was determined primarily based on Level 3 inputs. The Organization estimates the fair value of these investments based upon

the fair value of the assets in the trust unless the facts and circumstances indicate the fair value would be different from the present value of estimated future distributions.

The change in value of the beneficial interest in assets held by community foundation in the table above is recognized in the statement of activities as an other change in net assets.

Both observable and unobservable inputs may be used to determine the fair value of positions classified as level 3 assets. As a result, the unrealized gains and losses for these assets presented in the table above may include changes in fair value that were attributable to both observable and unobservable inputs.

#### Note 5 - Line of Credit

The Organization has a \$200,000 line of credit with a bank, bearing interest at prime, and is secured by all assets of the Organization. There was no outstanding balance at September 30, 2021.

Note	6 -	Notes	Pay	<b>yable</b>
------	-----	-------	-----	--------------

Notes payable consists of the following at September 30:

Note payable to a bank in monthly installments of \$3,731, including interest at 4.45%. The unpaid principal amount is due July 2023, secured by real estate.

\$ 78,648

Note payable to the USDA in annual installments of \$7,319, including interest at 4.75%. The unpaid principal amount is due in 2041, secured by real estate.

93,145

Total notes payable

\$ 171,793

Future maturities for the years ended September 30 are as follows:

2022 2023 2024 2025	\$ 45,000 39,496 3,191 84,106
	\$ 171,793

# **PPP Funding**

During the year, the Organization received notification of full forgiveness of the PPP loan in the amount of \$945,129 plus accrued interest of \$9,924.

#### **Note 7 - Net Assets With Donor Restrictions**

Net assets with donor restrictions are available for the following purposes at September 30:

United Way - time restricted	\$ 65,315
Girls of the Heart Berrien Engagement Center Detox/Residential Programs EIP Program Stryker - Staffing Stryker - EU OP Vaccinate the Great Lakes Harm Reduction STREET	80,855 111,413 150,000 30,000 37,500 37,500 5,000 15,425 104,343
Total purpose restrictions	572,036
Beneficial interest in assets held at community foundation	196,723
Total net assets with donor restrictions	\$ 834,074

#### Note 8 - Net Assets Released From Restrictions

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by occurrence of the passage of time or other events specified by the donors as follows for the year ended September 30, 2021:

Expiration of time restrictions	\$ 75,075
Satisfaction of purpose restrictions	
United Way	21,770
Girls of the Heart	95,531
Berrien Engagement Center	449,954
Detox/Residential Programs	250,000
EIP Program	50,000
Stryker - Staffing	112,500
Stryker - EU OP	112,500
Harm Reduction	12,947
STREET	 157,260
Total net assets released from donor restrictions	\$ 1,337,537

#### Note 9 - Retirement Plan

The Organization sponsors a retirement plan (the Plan) covering all eligible employees, which contains 401(k) salary reduction provisions. Under the Plan, an employee may elect to make a voluntary salary deferral to the Plan up to amounts allowed under federal law. Employer contributions to the Plan are made annually based on a percentage of eligible employees' gross pay at the discretion of the Board of Directors. Employer contributions to the Plan during the fiscal year ended September 30, 2021 totaled \$ 41,676.

#### Note 10 - Operating Lease

The Organization has operating lease arrangements for both space and equipment. Future lease payments are outlined as follows:

Years Ending	
September 30,	
2022	\$ 110,055
2023	61,255
2024	15,852
2025	11,076
2026	 11,076
Total	\$ 209,314

The Organization also has leases under month to month arrangements. Lease expense for 2021 was \$ 108,423.

#### Note 11 - Concentrations

A majority of revenue received that is classified as government agency grants and contracts and Medicaid service fees are received under grant and contract arrangements with a small number of providers, including Southwestern Michigan Behavioral Health and the County of Kalamazoo. Additionally, the majority of the net accounts receivable are concentrated among these funders as well.

#### Note 12 - Revenue From Contracts With Customers

The following summarizes revenue by type for the year ended September 30, 2021:

Revenue from contracts with customers	\$ 3,499,246
Contribution revenue	4,478,154
Miscellaneous income	38,207
Total revenue	\$ 8.015.607

The revenue from contracts with customers for the year ended September 30, 2021 consists of:

Revenue earned at a point in time

\$ 3,499,246

Bad debt expense as a result of impairment loss on receivables and contract assets on contracts with customers was \$248,421 for the year ended September 30, 2021.

All revenue from contracts with customers is earned at a point in time. Net patient service revenue is reported at the amounts that reflect the consideration to which the Organization expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payers (including managed care payers and government programs) and others, and they include variable consideration for retroactive revenue adjustments due to settlement of audits, reviews and investigations. Generally, the Organization bills patients and third-party payers several days after the services are performed. Revenues are recognized as performance obligations are satisfied. Revenue is recognized for performance obligations satisfied at a point in time, which generally relate to patients receiving services. when the services are provided. The transaction price is determined based on gross charges for services provided, reduced by contractual adjustments provided to third-party payers, discounts provided to uninsured patients in accordance with the Organization's contracts, and implicit price concessions provided primarily to uninsured patients. Estimates of contractual adjustments and discounts are based on contractual agreements, discount policies and historical experience. The estimate of implicit price concessions is determined based on the historical collection experience with these classes of patients using a portfolio approach as a practical expedient to account for patient contracts as collective groups rather than individually. The financial statement effects of using this practical expedient are not materially different from an individual contract approach. Gross charges are retail charges. They are not the same as actual pricing, and they generally do not reflect what the Organization is ultimately paid and, therefore, are not displayed in the statement of operations. The Organization is

typically paid amounts that are negotiated with insurance companies or are set by the government. Gross charges are what the Organization charges all patients prior to the application of discounts and allowances.

The following summarizes contract assets and liabilities as of September 30:

	Sep	tember 30, 2021	0	ctober 1, 2020
Contract assets Accounts receivable	\$	493,466	\$	415,381
Contract liabilities Deferred revenue	\$	89,479	\$	82,300

#### **Note 13 - Conditional Contributions**

The Organization receives contract and grant funds that are conditional promises to give and, therefore, are not recognized in the statement of financial position until the barriers are overcome. As of September 30, 2021, conditional promises to give total \$1,967,089 and will be recorded as revenue as the barriers within the grant agreements are overcome. Barriers related to complying with grant regulations, including 2 CFR 200, and incurring eligible costs before reimbursement total approximately \$175,000. The remaining barriers of approximately \$1,790,000 relate to satisfying the funder as to certain qualitative ad quantitative measurements over the funding period. The Organization records cash received in advance of meeting conditions as refundable advances on the statement of financial position.

### **Note 14 - Commitments and Contingencies**

Grants and contributions require the fulfillment of certain conditions as set forth in the instrument of the grant or contribution. Failure to fulfill the conditions may result in the return of the funds to grantors/donors.

Although that is a possibility, management deems the contingency remote, since by accepting the gifts and their terms, it has accommodated the objectives of the Organization to the provisions of the gift.

The Organization has participated in several federally assisted grant programs. These programs are subject to financial and compliance audits by the grantor or their representatives, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Management believes that any liability for reimbursement that may arise as the result of these audits would not be material.

The Organization is currently a defendant in a lawsuit. The lawsuit is in an early stage at this time, and as such, the ultimate outcome of this matter or any potential loss is not presently determinable. It was at least reasonably possible that a change in assessment could occur in the near term.

#### Note 15 - Going Concern

The financial statements were prepared on a going concern basis. The going concern basis assumes that the Organization will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business.

The Organization experienced a decrease in net assets in the six previous years, for a total cumulative decline of approximately \$ 1.4 million. At September 30, 2020, the Organization had an undesignated net asset deficit (net of the amount invested in property and equipment) of approximately \$610,000. Other unfavorable financial conditions existed, such as accounts payable in excess of three months of approximately \$110,000.

During 2021, the Organization secured additional new funding, got accounts payable current, and made other positive changes in the entity to realize a net income for the first time in 7 years.

As a result, the doubts about the Company's ability to continue as a going concern were alleviated at September 30, 2021.

# Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

# **Independent Auditors' Report**

Management and the Board of Directors Community Healing Centers Kalamazoo, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Healing Centers, which comprise the statement of financial position as of September 30, 2021, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 12, 2022.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Community Healing Centers' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Healing Centers' internal control. Accordingly, we do not express an opinion on the effectiveness of Community Healing Centers' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Community Healing Centers' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of

our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

# **Independent Auditors' Report**

Management and the Board of Directors Community Healing Centers Kalamazoo, Michigan

### **Report on Compliance for Each Major Federal Program**

We have audited Community Healing Centers' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Community Healing Centers' major federal programs for the year ended September 30, 2021. Community Healing Centers' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

# **Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of Community Healing Centers' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Healing Centers' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Community Healing Centers' compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, Community Healing Centers complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2021.

#### **Report on Internal Control over Compliance**

Management of Community Healing Centers is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Healing Centers' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Healing Centers' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of Community Healing Centers as of and for the year ended September 30, 2021, and have issued our report thereon dated May 12, 2022, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

# Community Healing Centers Notes to the Schedule of Expenditures of Federal Awards For the Year Ended September 30, 2021

#### Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Community Healing Centers under programs of the federal government for the year ended September 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Community Healing Centers, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Community Healing Centers.

### Note 2 – Summary of Significant Accounting Policies

#### **Expenditures**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance where certain types of expenditures are not allowable or are limited as to reimbursement.

#### **Indirect Cost Rate**

Community Healing Centers has not elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

#### Note 3 - Reconciliation to the Financial Statements

Federal expenditures reported on the Schedule reconcile to federal revenues included in government contracts in the financial statements as follows:

Government contracts, per financial statements	\$ 2,245,207
Grants, per financial statements	1,551,528
Provider Relief Fund revenue recognized in the current year on the financial statements, but not recognized	
on the Schedule until future years	( 129,861)
Less non-federal portion	(2,604,088)
Equals total federal expenditures per the Schedule	\$ 1,062,786

#### Note 4 – Subrecipients

No amounts were provided to subrecipients.

No matters were noted.

# Community Healing Centers Summary Schedule of Prior Audit Findings September 30, 2021

**Finding** 2020-001

Finding Type: Material Weakness

Criteria: A sound internal control design provides for adequate segregation of duties, including review of significant workpapers and reconciliations.

**Condition**: Certain accounts and workpapers, including but not limited to, bank reconciliations, electronic fund transactions, and manual adjusting entries, were not reviewed by an individual separate from the person performing the work.

**Cause/Effect**: Due to the Organization having a small business office, certain employees perform some duties from start to finish without a review being performed by a separate individual. We noted that bank reconciliations were not reviewed by an individual other than the person who performed them. Manual audit adjustments also were not reviewed. Finally, certain other significant schedules were accounted for and reconciled by one individual and not reviewed. Although no material fraud or errors were found specific to these situations, the lack of review and segregation of duties presents the opportunity for fraud or error to occur.

**Recommendation**: We recommend the Organization identifies all areas where a lack of review is present and identify individuals in the business office with the skills, knowledge, and experience to review these areas on a consistent basis to reduce the possibility of a material misstatement or fraud from occurring.

**Status**: Fully corrected during the year.
